Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

The Commission's Office of the Advocate for Small Business Capital Formation ("Office" or "OASB") seeks to collect feedback from small businesses and their investors to understand better the population that it is serving and their role in the small business ecosystem. The proposed collection of information will help ensure that the Office's outreach efforts and communication materials and other program initiatives are effective and responsive to customer needs. More specifically, the Office will seek the following four categories of information: (i) Demographic information about program participants, (ii) feedback on the Office's outreach and educational materials, (iii) capital formation-related questions, and (iv) issues and challenges faced by small businesses and their investors. This feedback will allow the Office to tailor its outreach efforts and communication materials to serve its customers more effectively. Collecting feedback will also allow the Office to understand better its target audience and improve outreach

events and educational materials by optimizing their content and delivery, while strategizing how best to deploy the Office's resources to address issues and challenges faced by its customers.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance.

These are the estimates for the next three years for the expected annual number of (i) activities: 30; (ii) respondents: 10,000; (iii) responses: 10,000; (iv) frequency of response: once per request; (v) average minutes per response: 5; and (vi) burden hours: 833.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Office, including whether the information shall have practical utility; (b) the accuracy of the estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication by **[INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]**.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
