**Fiske Hydro, Inc.; Notice of Availability of Environmental Assessment**

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed Fiske Hydro, Inc.'s application for surrender of license for the Fiske Mill Hydroelectric Project No. 8615 and have prepared an Environmental Assessment (EA) for the project.<sup>1</sup> The licensee proposes to surrender its license and decommission the project. The project is located on the Ashuelot River in Hinsdale, Cheshire County, New Hampshire. The project is not located on federal lands.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed surrender, alternatives to the proposed action, and concludes that the proposed surrender would not constitute a major federal action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-8615) in the docket number field to access the document.
