SUPPLEMENTARY INFORMATION:

Scope.-- For purposes of these investigations, Commerce has defined the subject merchandise as "certain low speed personal transportation vehicles (LSPTVs) and subassemblies thereof, whether finished or unfinished and whether assembled or unassembled, with or without tires, wheels, seats, steering columns and steering wheels, canopies, roofs, or batteries. LSPTVs meeting this description are open-air vehicles, *i.e.*, may have a permanent roof, may have a permanent windshield, and may be covered with temporary sides, with a minimum of four wheels, a steering wheel, a traditional side-by-side or in-line row seating arrangement (*i.e.*, non-straddle), foot operated accelerator and brake pedals, and a gross vehicle weight of no greater than 5,500 pounds.

The main power source for subject LSPTVs is either an electric motor and battery (including but not limited to lithium-ion batteries, lithium phosphate batteries, lead acid batteries, and absorbed glass mat batteries) or a gas-powered internal combustion engine. Subject LSPTVs may be described as golf carts, golf cars, low speed vehicles, personal transportation vehicles, or light utility vehicles.

LSPTVs subject to these investigations should have a maximum top nameplate speed of no greater than 25 miles per hour as required by federal, state, and local laws and regulations.

Subject LSPTVs with a maximum top nameplate speed greater than 20 miles per hour normally must comply with the U.S. Department of Transportation's Federal Motor Vehicle Safety Standards for Low-Speed Vehicles set forth in 49 CFR 571.500. LSPTVs that otherwise meet the physical description of this scope but are not certified under 49 CFR 571.500 and are not certified under other sections of subpart B of the Federal Motor Vehicle Safety Standards (49 CFR part 571), are not excluded from these investigations. LSPTVs that are certified under both

49 CFR 571.500 and other sections of subpart B of the Federal Motor Vehicle Safety Standards remain subject to the scope of these investigations. Subject LSPTVs that have a maximum top nameplate speed of less than 25 miles per hour may be certified to the SAE International (SAE) standards SAE J2258 and SAE J2358. LSPTVs that have a maximum top nameplate speed of less than 20 miles per hour may also be certified to the Outdoor Power Equipment Institute (OPEI) standards OPEI Z130.1 and OPEI Z135.

An unfinished and/or unassembled LSPTV subject to these investigations covers at a minimum a subassembly, also known as a “rolling chassis,” which is typically comprised of, but not limited to, a frame or body with front and/or rear suspension components (such as arms, springs, axles, spindles, and shafts) installed and powertrain components (including either an electric motor or a gas-powered internal combustion engine) installed or ready for installation.

When imported together with a rolling chassis subject to these investigations, other LSPTV components, such as batteries, bumpers, wheel and tire assemblies, cowlings, fenders, grills, kick plates, steering column and steering wheel assemblies, dash assembly, seat assemblies, pedal assemblies, brake assemblies, canopy or roof assemblies, temporary rain enclosures, windshields, mirrors, headlights, taillights, lighting systems, or storage—whether assembled or unassembled, whether as part of a kit or not, and whether or not accompanied by additional components—constitute part of an unfinished and/or unassembled LSPTV that is subject to these investigations. The inclusion of other products, components, or assemblies not described here does not remove the product from the scope.

Subject LSPTVs and subassemblies are covered by the scope of these investigations whether or not they are accompanied by other parts. These investigations cover all LSPTVs and subassemblies meeting the physical description of the scope, regardless of overall length, width, or height. Individual components that do not comprise a subject LSPTV or subassembly that are entered by themselves are not subject to the investigations, but components entered

with a LSPTV or subassembly, whether finished or unfinished and whether assembled or unassembled, are subject merchandise.

LSPTVs and subassemblies subject to these investigations include those that are produced in the subject country whether assembled with other components in the subject country or in a third country. Processing or completion of finished and unfinished LSPTVs and subassemblies either in the subject country or in a third country does not remove the product from the scope. Specifically excluded from the scope of these investigations are all-terrain vehicles (which typically have straddle seating and are steered by handlebars), multipurpose off-highway utility vehicles (which have a maximum top nameplate speed of greater than 25 miles per hour), and recreational off-highway vehicles (which have a maximum top nameplate speed of greater than 30 miles per hour). Also excluded from the scope are go-karts, electric scooters, golf trolleys, and mobility aids (which include power wheelchairs and scooters which are used for the express purpose of enabling mobility for a person).”

Background.--The final phase of these investigations is being scheduled pursuant to sections 705(b) and 731(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and 1673d(b)), as a result of affirmative preliminary determinations by Commerce that certain benefits which constitute subsidies within the meaning of § 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in China of low speed personal transportation vehicles (LSPTVs), and that such products are being sold in the United States at less than fair value within the meaning of § 733 of the Act (19 U.S.C. 1673b). The investigations were requested in petitions filed on June 20, 2024, by the American Personal Transportation Vehicle Manufacturers Coalition.¹

¹ The American Personal Transportation Vehicle Manufacturers Coalition is comprised of Club Car, LLC, Evans, Georgia, and Textron Specialized Vehicles, Inc., Augusta, Georgia.

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Participation in the investigations and public service list.--Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Please note the Secretary's Office will accept only electronic filings during this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.--Pursuant to § 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the

investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.--The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on May 29, 2025, and a public version will be issued thereafter, pursuant to § 207.22 of the Commission's rules.

Additional written submissions to the Commission, including requests pursuant to § 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.
