TITLE: Self Certification Medical Statement

OMB CONTROL NUMBER: 0579-0196

SUMMARY OF COLLECTION: The United States Department of Agriculture is responsible for ensuring consumers that food and farm products are moved from producer to consumer in the most efficient, dependable, economical, and equitable system possible. Each year, the United States Department of Agriculture's Marketing and Regulatory Programs (MRP) agency hires individuals for commodity grading and inspection positions to ensure this process is efficient and effective. These positions often involve arduous conditions and require direct contact with meat, dairy, fresh or processed fruits and vegetables, and poultry intended for human consumption; and cotton and tobacco products intended for consumer use. 5 CFR Part 339 authorizes an agency to request medical information from an applicant that may assist management with employment decisions concerning covered positions that have specific medical or physical fitness requirements. APHIS will collect the applicant's medical information using MRP Form 5 (Self-Certification Medical Statement).

NEED AND USE OF THE INFORMATION: The information collected from prospective employees assists MRP officials, administrative personnel, and servicing Human Resources Offices in determining an applicant's physical fitness and suitability for employment in positions with approved medical standards and physical requirements. If the information was not collected, APHIS would not be able to accurately determine the applicant's fitness to safely perform the duties of the covered positions.
