

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 240227-0061; RTID 0648-XE577]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod in the Western Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for the Pacific cod sideboard limit by
non-exempt American Fisheries Act (AFA) catcher vessels in the Western Regulatory
Area of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the
annual 2025 Pacific cod sideboard limit established for non-exempt AFA catcher vessels
in the Western Regulatory Area of the GOA.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), February 12, 2025, through
2400 hours, A.l.t., December 31, 2025.

FOR FURTHER INFORMATION CONTACT: Adam Zaleski, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the
GOA exclusive economic zone according to the Fishery Management Plan for
Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery
Management Council under authority of the Magnuson-Stevens Fishery Conservation
and Management Act (Magnuson-Stevens Act). Regulations governing fishing by U.S.
vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR
part 679. Regulations governing sideboard protections for GOA groundfish fisheries
appear at subpart B of 50 CFR part 679.

The annual 2025 Pacific cod sideboard limit established for non-exempt AFA catcher vessels in the Western Regulatory Area is 55 metric tons (mt), as established by the final 2024 and 2025 harvest specifications for groundfish in the GOA (89 FR 15484, March 4, 2024) and inseason adjustment (89 FR 103698, December 19, 2024).

In accordance with § 679.20(d)(1)(iv), the Regional Administrator has determined that the annual 2025 Pacific cod sideboard limit established for non-exempt AFA catcher vessels in the Western Regulatory Area will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 0 mt and is setting aside the remaining 55 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this sideboard directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for the annual 2025 Pacific cod sideboard limit for non-exempt AFA catcher vessels in the Western Regulatory Area of the GOA.

While this closure is effective the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR part 679, which was issued pursuant to section 304(b), and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment would be impracticable and contrary to the public interest, as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the directed fishing closure of the annual 2025 Pacific cod sideboard limit for the non-exempt AFA catcher vessels in the Western Regulatory Area of the GOA. NMFS was

unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of February 11, 2025.

The Assistant Administrator for Fisheries, NOAA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 11, 2025.

Karen H. Abrams,

Acting Director, Office of Sustainable Fisheries,

National Marine Fisheries Service.
