Commonwealth LNG, LLC; Notice of Availability of the Draft Supplemental Environmental Impact Statement for the Proposed Commonwealth LNG Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a draft supplemental environmental impact statement (EIS) to address the U.S. Court of Appeals for the District of Columbia Circuit's (court) July 16, 2024 opinion finding, as relevant here, that FERC failed to properly assess the cumulative effects of the Commonwealth LNG Project's (Project) nitrogen dioxide (NO₂) emissions, and remanded the Order to FERC for further proceedings.¹ The Project is proposed by Commonwealth LNG, LLC (Commonwealth) in the above-referenced dockets.² Commonwealth requests authorization to site, construct, and operate a natural gas liquefaction and export facility, including a Natural Gas Act section 3 natural gas pipeline, in Cameron Parish, Louisiana.

On September 9, 2022, the Commission staff issued a final EIS for the Project.³ On November 17, 2022, the Commission issued an *Order Granting Authorization Under*

The draft supplemental EIS is not a decision document. It presents Commission staff's independent analysis of the environmental issues for the Commission to consider when addressing the merits of issues in this proceeding. Any person wishing to comment on the draft supplemental EIS may do so. Your comments should focus on the draft supplemental EIS's disclosure and discussion of potential environmental effects. To ensure consideration of your comments on the proposal in the final supplemental EIS, it is important that the Commission receive your comments on or before 5:00 pm Eastern Time on April 7, 2025.

For your convenience, there are three methods you can use to submit your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or FercOnlineSupport@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission’s Rules of Practice and Procedures (18 CFR 385.214). Motions to intervene are more fully described at <https://www.ferc.gov/how-intervene>. Only intervenors have the right to seek rehearing or judicial review of the Commission’s decision. The Commission grants affected landowners and others with environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered.
