SUPPLEMENTARY INFORMATION: Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that by letter dated December 5, 2024, RT petitioned FRA for an extension of a special approval pursuant to 49 CFR part 215 (Railroad Freight Car Safety Standards), and to extend a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR parts 215 and 224 (Reflectorization of Rail Freight Rolling Stock). The relevant Docket Number is FRA-2020-0023.

Specifically, RT requests to extend the previous special approval pursuant to 49 CFR 215.203, *Restricted cars*, in this docket for 2 cars (WP 17005 and SRR 323), which are more than 50 years from the dates of original construction. RT also seeks to extend relief from § 215.303, *Stenciling of restricted cars*, and part 224, to use the cars “for film and photo work” on special trains. In its petition, RT explains that the cars will not be interchanged or used in revenue freight service and that the relief will “contribute to a more positive interpretive experience for [RT’s] visitors.”

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.
