SUPPLEMENTARY INFORMATION:

On January 6, 2025 (90 FR 718), FMCSA published a notice of renewal of exemption in which the Agency announced its decision to renew exemptions for 19 individuals from the requirement that interstate CMV drivers have “no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV.” The exemptions enable these individuals who have had one or more seizures and are taking anti-seizure medication to operate CMVs in interstate commerce, provided certain conditions are satisfied. The name of an individual listed in the notice is misspelled. Through this notice, FMCSA corrects the error in the spelling of their name.

In FR Doc. 2024-31759 appearing on page 718 in the *Federal Register* of January 6, 2025, the following correction is made:

1. On page 719, in the second column, the individual’s name, “Kieth Maat (KS)” is corrected to read “Keith Maat (KS).”

Issued under authority delegated in 49 CFR 1.87.

Larry W. Minor,
Associate Administrator for Policy.
