Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that on March 25, 2025, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Connectivity Fee Schedule to amend the list of third party systems and third party data feeds to which Users⁴ can connect.

Currently, Users are offered connectivity to the execution systems of third party markets and other service providers (“Third Party Systems”) and connectivity to data feeds from third party markets and other content service providers (“Third Party Data Feeds”) at the Mahwah, New Jersey data center (“MDC”).⁵ The Exchange proposes to amend the two lists to delete systems and feeds to which no User connects, update the names of systems and feeds, and consolidate systems. None of the changes are substantive or will affect current Users.

Proposed Changes

Changes to the List of Third Party Systems

The Exchange proposes to make the following changes to the list of Third Party Systems:

- Consistent with the fact that no User connects to them, delete Americas Trading Group (ATG); Canadian Securities Exchange (CSE); Credit Suisse; Euronext Optiq Cash and Derivatives Unicast (EUA); Euronext Optiq Cash and Derivatives Unicast (Production), and OneChicago (collectively, the “Proposed Third Party Systems Deletions”).

⁴ For purposes of the Exchange’s colocation services, a “User” means any market participant that requests to receive colocation services directly from the Exchange. See Securities Exchange Act Release No. 76008 (September 29, 2015), 80 FR 60190 (October 5, 2015) (SR-NYSE-2015-40). As specified in the Fee Schedule, a User that incurs colocation fees for a particular colocation service pursuant thereto would not be subject to colocation fees for the same colocation service charged by NYSE American LLC, NYSE Arca, Inc., NYSE Chicago, Inc. and NYSE National, Inc. (together, the “Affiliate SROs”). Each Affiliate SRO has submitted substantially the same proposed rule change to propose the changes described herein. See SR-NYSEAMER- 2025-17, SR-NYSEARCA- 2025-26, SR-NYSECHX- 2025-05, and SR-NYSENAT- 2025-06.

⁵ Through its Fixed Income and Data Services (“FIDS”) business, Intercontinental Exchange, Inc. (“ICE”) operates the MDC. The Exchange and the Affiliate SROs are indirect subsidiaries of ICE.

- Change the name of “BM&F Bovespa” to “B3 Bovespa” consistent with the name change of BM&FBOVESPA S.A.⁶
- Combine Cboe BYX Exchange (CboeBYX), Cboe BZX Exchange (CboeBZX), Cboe EDGA Exchange (CboeEDGA), and Cboe EDGX Exchange (CboeEDGX) and Cboe Exchange (Cboe) and Cboe C2 Exchange (C2) and change the name of the combined Third Party System to “Cboe US.”
- Combine MIAX Options and MIAX Pearl Options under “MIAX.”
- Combine Nasdaq and Nasdaq ISE under “Nasdaq US Stock Market.”
- Change the name of ITG TriAct Matchnow to Cboe MATCHNow, consistent with its sale to Cboe Global Markets.⁷
- Change the name of Neo Aequitas to Cboe Canada, consistent with its sale to Cboe Global Markets.⁸

To make these changes, the list of available Third Party Systems would be amended as follows (proposed deletions bracketed, proposed additions italicized):

The Exchange does not propose to change the monthly recurring fee Users pay for access to each Third Party System. Although the proposed changes to the list of Third Party Systems would combine the names of several current Third Party Systems, no User would be charged more as a consequence of the combinations. A User would continue to be able to choose which systems it wants from any combined Third Party System. It would not have to receive any systems, or pay for any bandwidth, that it did not choose.⁹

Changes to the List of Third Party Data Feeds

The Exchange proposes to make the following changes to the list of Third Party Data Feeds:

- Consistent with the fact that no User connects to them, delete Canadian Securities

⁹ For example, if a User connected to CboeBYX and CboeBZX but did not access any other Cboe system, including Cboe C2, it would not pay for any additional system or have its monthly fee changed as a consequence of the proposed combination.

- Change the name of “BM&F Bovespa” to “B3 Bovespa” consistent with the name change of BM&FBOVESPA S.A.¹⁰

Application and Impact of the Proposed Changes

The proposed rule change would not apply differently to distinct types or sizes of market participants. Rather, it would apply to all Users equally. As is currently the case, the purchase of any colocation service is completely voluntary and the Fee Schedule is applied uniformly to all Users. The Exchange does not expect that the proposed rule change will affect current Users or result in new Users.

The proposed change is not otherwise intended to address any other issues relating to colocation services or related fees, and the Exchange is not aware of any problems that Users would have in complying with the proposed change.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,¹³ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁴ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest and because it is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange further believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,¹⁵ because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities.

The Proposed Rule Change Is Reasonable and Not Unfairly Discriminatory

The Exchange believes that the proposed changes are reasonable and not unfairly discriminatory, as it believes that none of the changes are substantive or will affect current Users. Simply put, no Users would be adversely affected by the proposed changes.

No change to existing fees is proposed. Specifically, the Exchange does not propose to change the monthly recurring fee Users pay for access to each Third Party System. Although the proposed changes to the list of Third Party Systems would combine the names of several current Third Party Systems, no User would be charged more as a consequence of the combinations. A

¹⁴ 15 U.S.C. 78f(b)(5).

¹⁵ 15 U.S.C. 78f(b)(4).

User would continue to be able to choose which systems it wants from any combined Third Party System. It would not have to receive any systems, or pay for any bandwidth, that it did not choose. Similarly, the Exchange or does not propose to change any existing fees for connectivity to Third Party Data Feeds.

No User connects to any of the Proposed Deletions—in fact, one of the Proposed Deletions is for an entity that is no longer offering trading.¹⁶ As a result, no User would be affected by the Proposed Deletions.

The proposed alterations to the names of BM&F Bovespa, CME Group, ITG TriAct Matchnow, Nasdaq Global Index Data Services and NeoAequitas are name changes only and would have no effect on the fee charged. Rather, they would add clarity and consistency for Users and, for BM&F Bovespa, ITG TriAct Matchnow, and Neo Aequitas, be consistent with name changes and sales. The proposed alterations to the names would therefore increase Users' ability to recognize Third Party Systems and Third Party Data Feeds.

The Exchange believes that the proposed change is not unfairly discriminatory because it will not result in any changed fees. Fees will continue only being charged to Users that voluntarily select to receive the corresponding services. Furthermore, the Exchange believes that the proposed change is not unfairly discriminatory because the changed services would be available to all Users on an equal basis (i.e., the same products and services are available to all Users).

The Proposed Rule Change Is Equitable

The Exchange believes that the proposed rule change is equitable.

No change to existing fees is proposed. Specifically, the Exchange does not propose to change the monthly recurring fee Users pay for access to each Third Party System. Although the

¹⁶ OneChicago, a U.S. based futures exchange, ceased trading in September 2020. See Securities Exchange Act Release No. 91117 (February 11, 2021), 86 FR 03218 (February 18, 2021) (Order Granting OneChicago, LLC's Request To Withdraw From Registration as a National Securities Exchange Solely for the Purposes of Trading Security Futures Products).

proposed changes to the list of Third Party Systems would combine the names of several current Third Party Systems, no User would be charged more as a consequence. A User would not have to receive any systems, or pay for any bandwidth, that it did not choose. Similarly, the Exchange does not propose to change any existing fees for connectivity to Third Party Data Feeds.

The Exchange believes that the changes proposed herein are equitably allocated because, in addition to the services being completely voluntary, they are available to all Users on an equal basis (i.e., the same products and services are available to all Users).

For all these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,¹⁷ the Exchange believes that the proposed rule change will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The proposed change would not affect competition among national securities exchanges, among members of the Exchange, or between FIDS and its commercial competitors.

The proposed changes are not designed to address competitive issues. The Exchange does not believe that any Users would be adversely affected by the changes. Rather, the changes would simplify the Connectivity Fee Schedule, enhancing its clarity and transparency. The changes would not put any market participants at a relative disadvantage compared to other market participants or penalize one or more categories of market participants in a manner that would impose an undue burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of

¹⁷ 15 U.S.C. 78f(b)(8).

the Act¹⁸ and Rule 19b-4(f)(6) thereunder.¹⁹ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.²⁰

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)²¹ of the Act to determine whether the proposed rule change should be approved or disapproved.
