Changes Since the Preliminary Results

Based on our review of the record, Commerce made certain revisions to the margin calculations for Goodluck and made no changes to the margin calculations for TII. The Issues and Decision Memorandum contains descriptions of these revisions.

Final Results of the Administrative Review

We determine that the following estimated weighted-average dumping margin exists for the period June 1, 2022, through May 31, 2023:

Exporter/Producer	Weighted-Average Dumping Margin (percent)
Goodluck India Limited	2.47
Tube Products of India, Ltd., a unit of Tube Investments of India Limited	2.44

Disclosure

We intend to disclose the calculations performed for these final results within five days of the date of publication of this notice to parties in this proceeding, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Because Goodluck and TII's weighted-average dumping margins are not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, we calculated an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).⁷ Where an importer-specific assessment rate is zero or *de minimis* (i.e., less than 0.5 percent), the entries by that importer will be liquidated without regard to antidumping duties.

⁷ In these final results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings*; Final Modification, 77 FR 8101 (February 14, 2012).

The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.⁸

For entries of subject merchandise during the POR produced by either of the individually examined respondents for which it did not know that the merchandise it sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of CDMT from India entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for Goodluck and TII will be equal to the weighted-average dumping margin established in these final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, or the less-than-fair-value investigation, but the producer is, then the cash deposit rate will be the cash deposit rate established for the most recently completed segment for the producer of the subject

⁸ See section 751(a)(2)(C) of the Act.

⁹ See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be the all-others rate (*i.e.*, 5.87 percent *ad valorem*).¹⁰ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 9 CFR 351.305(a)(3). Timely notification of the return, or destruction, of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: April 8, 2025.
