SUPPLEMENTARY INFORMATION: Under part 235 of title 49 Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this document provides the public notice that by letter received October 18, 2024, UP petitioned FRA seeking approval to discontinue or modify a signal system. FRA assigned the petition Docket Number FRA-2024-0121.

Specifically, UP requests to remove circuitry and signal equipment for the Atchison Bridge (at milepost 330.8) on the Atchison Industrial Lead near Atchison, Kansas. UP states that “[p]ersonnel will be instructed to visually inspect” the bridge before occupying it, and “stop signs will be placed in lieu of signals for any movements made onto the bridge.”

In support of the request, UP states that no freight traffic moves across the bridge, as the “associated track on the east side of the river and bridge is no longer usable.” The only movements onto Atchison Bridge would be an occasional “poke move” made by a local team that will stop and inspect the bridge. In its petition, UP also notes that the “safety of the system will be retained.”

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the

basis for their request.

Communications received by **[INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]** will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Privacy Act

Anyone can search the electronic form of any written communications and comments received into any of FRA's dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>.
