

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 250312-0037]

RTID 0648-XE593

Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in Statistical Area 630 in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for pollock in Statistical Area 630 in
the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the A season
allowance of the 2025 total allowable catch (TAC) of pollock for Statistical Area 630 in
the GOA.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), April 21, 2025, through 1200
hours, A.l.t., May 31, 2025.

FOR FURTHER INFORMATION CONTACT: Abby Jahn, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the
GOA exclusive economic zone according to the Fishery Management Plan for
Groundfish of the Gulf of Alaska (FMP) prepared and recommended by the North Pacific
Fishery Management Council under authority of the Magnuson-Stevens Fishery
Conservation and Management Act (Magnuson-Stevens Act). Regulations governing
fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part
600 and 50 CFR part 679.

The A season allowance of the 2025 TAC of pollock in Statistical Area 630 of the GOA is 16,751 metric tons (mt) as established by the final 2025 and 2026 harvest specifications for groundfish in the GOA (90 FR 12468, March 18, 2025).

In accordance with §§ 679.20(d)(1)(i) and 679.20(d)(1)(ii)(B), the Regional Administrator has determined that the A season allowance of the 2025 TAC of pollock in Statistical Area 630 of the GOA will soon be or has been reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 16,251 mt and is setting aside the remaining 500 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been or will be reached. Consequently, NMFS is prohibiting directed fishing for pollock in Statistical Area 630 of the GOA to prevent exceeding the A season allowance of pollock in Statistical Area 630 of the GOA.

While this closure is effective the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR part 679, which was issued pursuant to section 304(b), of the Magnuson-Stevens Act, and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment would be impracticable and contrary to the public interest, as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of directed fishing in the A season for pollock in Statistical Area 630 in the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of April 20, 2025.

The Assistant Administrator for Fisheries, NOAA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: April 21, 2025.

Karen H. Abrams,

Acting Director, Office of Sustainable Fisheries,

National Marine Fisheries Service.
