**SUPPLEMENTARY INFORMATION:** Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that by letter dated February 4, 2025, LIRR petitioned FRA for an extension of a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 236 (Rules, Standards, and Instructions Governing the Installation, Inspection, Maintenance, and Repair of Signal and Train Control Systems, Devices, and Appliances). The relevant Docket Number is FRA-2013-0059.

Specifically, LIRR seeks an extension of relief from § 236.312, *Movable bridge, interlocking of signal appliances with bridge devices*,<sup>1</sup> pertaining to the DB drawbridge on the Montauk Branch in Long Island City, New York. The existing relief applies to the previous removal of “all associated locking devices from the interlocking signal circuitry due to the installation of straight rail over both bridge[s,] which permanently rendered the bridges fixed in place and no longer operable.” LIRR states that the locking devices are therefore no longer necessary.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov).

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they

<sup>1</sup> In its February 4, 2025, petition, LIRR requested relief from § 235.5(a)(3), which provides changes of signal systems that require filing of an application. In FRA’s April 27, 2020, decision letter, LIRR was granted relief from § 236.312, and FRA assumes that LIRR is requesting relief from this same regulation.

should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

Communications received by **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]** will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.
