SUPPLEMENTARY INFORMATION:

I. Background

In accordance with section 51.118 of title 10 of the *Code of Federal Regulations* (10 CFR), “Final environmental impact statement—notice of availability,” the NRC is making available for public inspection NUREG-1437, Supplement 61, Second Renewal, regarding the subsequent license renewal of Vistra Operations Company, LLC.; (Vistra),

renewed Facility Operating License No. NPF-58 for an additional 20 years of operation for Perry Plant. A notice of availability of the draft EIS (NUREG-1437, Supplement 61, Second Renewal, Draft for Comment) was published in the *Federal Register* on September 6, 2024 (89 FR 72901). The U.S. Environmental Protection Agency (EPA) issued its Notice of Availability on September 6, 2024 (89 FR 72841). The public comment period on the draft EIS ended on October 21, 2024, and the comments received on the draft EIS are addressed in the final EIS (NUREG-1437, Supplement 61, Second Renewal, Final Report).

II. Discussion

The draft EIS (NUREG-1437, Supplement 61, Second Renewal, Draft for Comment) was issued for public comment on September 6, 2024. The final EIS (NUREG-1437, Supplement 61, Second Renewal, Final Report) addresses the comments received on the draft EIS. As discussed in Chapter 4 of the final EIS, the NRC staff has determined that the adverse environmental impacts of license renewal for Perry Plant (i.e., the continued operation of Perry Plant for a period of 20 years beyond the expiration date of the initial license) are not so great that preserving the option of license renewal for energy-planning decision-makers would be unreasonable. This recommendation is based on: (1) information provided in the environmental report, as supplemented, and other documents submitted by Vistra; (2) consultation with Federal, State, Tribal, and local governmental agencies; (3) the NRC staff's independent environmental review; and (4) consideration of public comments received during the scoping process and on the draft EIS (NUREG-1437, Supplement 61, Second Renewal, Draft for Comment).

Dated: May 6, 2025.
