SUPPLEMENTARY INFORMATION: The General Conference Committee of the National Poultry Improvement Plan was established in 1971. The committee is governed in accordance with the Federal Advisory Committee Act and the regulations of title 9, Code of Federal Regulations (9 CFR), § 147.43. The duties of the committee involve assisting the U.S. Department of Agriculture (Department) in planning, organizing, and conducting the National Poultry Improvement Plan (NPIP or Plan) Biennial Conference. Between Plan Conferences, the committee represents the cooperating States in:

- Advising the Department on administrative procedures and interpretations of the Plan provisions contained in the 9 CFR;
- Helping the Department evaluate comments on proposed Plan amendments;

- Recommending to the Secretary any changes in Plan provisions when postponement until the next Plan Conference would seriously impair program operations; and
- Serving as a forum for the study of poultry health problems.

The purpose of the General Conference Committee of the National Poultry Improvement Plan (Committee) is to maintain and ensure industry involvement in Federal administration of matters pertaining to poultry health. The committee meets at least annually. In the even years, the committee meets in conjunction with the NPIP Biennial Conference. The NPIP Biennial Conference is the only national meeting where the industry and State and Federal government consider poultry health issues on a routine basis. The committee members are elected at the NPIP Biennial conference by State delegates from their respective regions. There are seven members with a 4-year staggered term. The poultry industry elects the members of the Committee. The members represent six geographic areas with one member-at-large. The Committee Chairperson and the Vice Chairperson shall be elected by the Committee from among its members.

Any interested person or organization may nominate qualified individuals for membership. Interested candidates may nominate themselves. Individuals who wish to be considered for membership on the General Conference Committee must submit a nomination with information, including a background disclosure form (Form AD-755). Applications and nominations for membership on the Committee will be solicited in subsequent notice in the *Federal Register*.

Equal opportunity practices, in accordance with USDA policies, will be followed in all membership appointments to the Committee.
