Source: FDIC.					

General Description of Collection: The collection implements recordkeeping requirements associated with the Bank Protection Act. The Bank Protection Act of 1968 (12 U.S.C. 1881–1884) requires each Federal supervisory agency to promulgate rules establishing minimum standards for security devices and procedures to discourage financial crime and to assist in the identification of persons who commit such crimes. To avoid the necessity of constantly updating a technology-based regulation, the FDIC takes a flexible approach to implementing this statute. It requires each insured non-member bank to designate a security officer who will administer a written security program. The security program must (1) establish procedures for opening and closing for business and for safekeeping valuables; (2) establish procedures that will assist in identifying persons committing crimes against the bank; (3) provide for initial and periodic training of employees in their responsibilities under the security program; and (4) provide for selecting, testing, operating and maintaining security devices as prescribed in the regulation. In addition, the FDIC requires the security officer to report at least annually to the bank’s board of directors on the effectiveness of the security program. There is no change in the method or substance of the collection. The 9,670-hour decrease in burden is the result of the elimination of acquiring institutions as respondents, revisions to estimates of the time per response, as well as a decline in the number of FDIC-supervised institutions.

2. Title: Ombudsman Post-Examination Surveys.

OMB Number: 3064-0218.

Form Number: 6600/58; 6600/59.

Affected Public: FDIC-supervised insured depository institutions.

Burden Estimate:

Summary of Estimated Annual Burden (OMB No. 3064-0218)					
Information Collection (IC) (Obligation to Respond)	Type of Burden (Frequency of Response)	Number of Respondents	Number of Responses per Respondent	Average Time per Response (HH:MM)	Annual Burden (Hours)
1.Safety and Soundness Post-Examination Survey (Voluntary)	Reporting (Annual)	492	1	00:45	369
2. Consumer Compliance Post-Examination Survey (Voluntary)	Reporting (Annual)	329	1	00:45	247
Total Annual Burden (Hours):					616
Source: FDIC.					

General Description of Collection: The purpose of the surveys is to gauge bankers' views on the effectiveness and quality of FDIC Safety and Soundness and Consumer Compliance examinations, as well as to identify ways to improve the examination process. Respondents are asked to voluntarily rate the efficiency of the preexamination process; examiners' professionalism and understanding of the laws and regulations; the examination process; and examination report quality. Respondents will also be allowed to provide feedback on any areas for improvement and will be given an option to have someone from the FDIC Office of the Ombudsman contact the institution confidentially about its recent examination or any other matters. There is no change in the method or substance of the collection. The 251-hour decrease in burden is the result of the reduction in the estimated annual number of respondents.
