SUPPLEMENTARY INFORMATION:

Title and OMB Number: EAC Federal Financial Report (EAC-FFR); OMB Number: 3265-0022.

Purpose

The EAC Office of Grants Management (EAC/OGM) is responsible for distributing, monitoring, and providing technical assistance to States and grantees on the use of Federal funds. EAC/OGM

also reports on how the funds are spent, negotiates indirect cost rates with grantees, and resolves audit findings on the use of HAVA funds.

The EAC-FFR is employed for all financial reports for grants issued under HAVA authority.

This format contains no changes to the report or instructions since the most recent non-substantive change in July 2024. The FFR directly benefits award recipients by making it easier for them to administer Federal grant and cooperative agreement programs through standardization of the types of information required in financial reporting- thereby reducing their administrative effort and costs.

The requirement for grantees to report on performance is OMB grants policy. Specific citations are contained in Code of Federal Regulations title 2, part 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Public Comments

After obtaining and considering public comment, the EAC will prepare the format for final clearance. Comments are invited on:

- Ways to enhance the quality, utility, and clarity of the information collected from respondents, including through the use of automated collection techniques or other forms of information technology; and
- Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Description: The EAC proposes to collect financial activity data for HAVA. EAC will use this data to ensure grantees are proceeding in a satisfactory manner in meeting the approved goals and purpose of the project.

Respondents: All EAC grantees and State governments.
