Title: Applications and Reports for Scientific Research and Enhancement Permits Under the Endangered Species Act

OMB Control Number: 0648-0402.

Form Number(s): None.

Type of Request: Regular submission (extension of a currently approved collection).

Number of Respondents: 175 per year.

Average Hours Per Response: 12 hours for permit applications; 6 hours for permit modification requests; 2 hours for annual reports.

Total Annual Burden Hours: 810 hours.

Needs and Uses: This is a request for renewal of an approved information collection. The Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 *et seq.*) imposes prohibitions against the taking of

threatened and endangered species. Section 10 of the ESA allows permits authorizing the taking of such species for research and enhancement purposes. The corresponding regulations established procedures for persons to apply for such permits. In addition, the regulations set forth specific reporting requirements for such permit holders. The regulations thus require two sets of information collections: (1) Applications for research/enhancement permits, and (2) prescribed reports for such permits once they are issued.

The required information is used to evaluate the impacts that research and enhancement activities have on endangered species, to make the determinations required by the ESA before issuing any such permit, and to establish appropriate permit conditions. To issue permits under ESA section 10(a)(1)(A), the National Marine Fisheries Service (NMFS) must determine that (1) such exceptions were applied for in good faith, (2) if granted and exercised, will not operate to the disadvantage of such endangered species, and (3) will be consistent with the purposes and policy set forth in Section 2 of the ESA. This collection is not being revised in any way.

Affected Public: Federal government; State, local, or tribal governments; business or other for-profit organizations, educational institutions.

Frequency: Annually.

Respondent's Obligation: Required to Obtain or Retain Benefits.

Legal Authority: The Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.).
