AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: Alabama has applied to the Environmental Protection Agency (EPA) for final authorization of changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA), as amended. The EPA has reviewed Alabama’s application and has determined, subject to public comment, that these changes satisfy all requirements needed to qualify for final authorization. Therefore, in the “Rules and Regulations” section of this **Federal Register**, we are authorizing Alabama for these changes as a final action without a prior proposed rule. If we receive no adverse comment, we will not take further action on this proposed rule.

DATES: Comments must be received on or before [INSERT DATE 30 DAYS AFTER THE DATE OF PUBLICATION IN THE *FEDERAL REGISTER*].

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R04-RCRA-2025-0146, at <https://www.regulations.gov>. Follow the online instructions for submitting comments. SUPPLEMENTARY INFORMATION: This document proposes to take action on Alabama's changes to its hazardous waste management program under the Resource Conservation and Recovery Act (RCRA), as amended. We have published a final action authorizing these changes in the "Rules and Regulations" section of this **Federal Register** because we view this as a noncontroversial action and anticipate no adverse comment. We have explained our reasons for this action in the preamble to the final action.

If we receive no adverse comment, we will not take further action on this proposed rule. If we receive adverse comment, we will either publish a withdrawal notification promptly in the **Federal Register** informing the public that the final action will not take effect, or we will

publish a notification containing a response to comments that either reverses the decision or affirms that the final action will take effect. In the event that the final action is withdrawn, we would address all public comments and make a final decision on authorization in a subsequent final action.

We do not intend to institute a second comment period on this action. Any parties interested in commenting must do so at this time. For further information, please see the information provided in the **ADDRESSES** section of this document.
