SUPPLEMENTARY INFORMATION:

I. Abstract

The Economic Development Administration (EDA) leads the Federal economic

development agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy. Guided by the basic principle that sustainable economic development should be driven locally, EDA works directly with communities and regions to help them build the capacity for economic development based on local business conditions and needs. The Public Works and Economic Development Act of 1965 (PWEDA) (42 U.S.C. 3121 et seq.) is EDA's organic authority and is the primary legal authority under which EDA awards financial assistance. Under PWEDA, EDA provides financial assistance to both rural and urban distressed communities by fostering entrepreneurship, innovation, and productivity through investments in infrastructure development, capacity building, and business development to attract private capital investments and new and better jobs to regions experiencing economic distress. Further information on EDA programs and financial assistance opportunities can be found at www.eda.gov.

To effectively administer and monitor its economic development assistance programs, EDA collects certain information from applicants for, and recipients of, EDA investment assistance. The purpose of this notice is to seek comments from the public and other Federal agencies on extending the information collection from recipients of awards under the EDA Good Jobs Challenge. This is aligned with ensuring that Federal workforce investments are evidence-based and data-driven, and accountable to participants and the public. The original data collection instrument was filed under OMB 0610-0109. This request is to extend the expiration of the survey from August 2025 to December 2028 and increase the number of respondents who will respond to the data collection. The survey will collect data from recipients, training providers, and participants under the FY 2021 and FY 2024 Good Jobs Challenge (GJC) Notice of Funding Opportunities (NOFO).

II. Method of Collection

Data will be collected electronically.

III. Data

OMB Control Number: 0610-0109

Form Number(s): None

Type of Review: Regular submission. Extension of an approved collection.

Affected Public: Recipients of the Good Jobs Challenge awards, which may include a(n): District Organization; Indian Tribe or a consortium of Indian Tribes; State, county, city, or other political subdivision of a State, including a special purpose unit of a state or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; institution of higher education or a consortium of institutions of higher education; or public or private non-profit organization or association, acting in cooperation with officials of a political subdivision of a State. Additionally, training providers and participants in the regional workforce training systems will be affected.

Estimated Number of Respondents: System Lead Entities: 32 recipients funded under the FY 2021 Good Jobs Challenge (GJC) Notice of Funding Opportunity (NOFO), responding semiannually, and 7-8 recipients funded under the FY 2024 Good Jobs Challenge NOFO, responding once at the end of the period of performance; Training Providers: 1,000 recipients under the FY 2021 GJC NOFO responding quarterly and 50 from the FY 2024 GJC NOFO, responding once at the end of the period of performance; and Participants: 15,000 respondents (5,000 per year for 3 years) from the FY 2021 GJC NOFO, responding quarterly. EDA requests the approved data collection instrument be extended until December 2028 to cover the remaining period of performance for recipients that received funding under the FY 2021 GJC NOFO, as well as extended to the additional recipients that received funding under the FY 2024 GJC NOFO.

Estimated Time Per Response: System Lead Entity: 1 hour; Training Providers: 30 minutes per provider; Participants: 5 minutes.

Estimated Total Annual Burden Hours: 2,728 hours

Type of Respondent (annual)		Number of Respondents	Hours per Response	Number of Responses per Year	Total Estimated Time
