**SUMMARY:** As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on mattresses from the People's Republic of China (China) would be likely to lead to continuation or recurrence of dumping, Commerce is publishing a notice of continuation of these AD orders.

**DATES:** Applicable May 20, 2025.

#### SUPPLEMENTARY INFORMATION:

##### Background

On December 16, 2019, Commerce published the AD order on mattresses from China in the *Federal Register*.<sup>1</sup> On November 1, 2024 and November 4, 2024, the ITC instituted,<sup>2</sup> and Commerce initiated,<sup>3</sup> respectively, the first sunset review of the *Order*, pursuant to 751(c) of the

Tariff Act of 1930, as amended (the Act). As a result of its review, Commerce determined that revocation of the *Order* would likely lead to the continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins of dumping rates likely to prevail should the *Order* be revoked.<sup>4</sup>

On May 20, 2025, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Order* would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>5</sup>

### Scope of the *Order*

The products covered by this *Order* are all types of youth and adult mattresses. The term “mattress” denotes an assembly of materials that at a minimum includes a “core,” which provides the main support system of the mattress, and may consist of innersprings, foam, other resilient filling, or a combination of these materials. Mattresses may also contain (1) “upholstery,” the material between the core and the top panel of the ticking on a single-sided mattress, or between the core and the top and bottom panel of the ticking on a double-sided mattress; and/or (2) “ticking,” the outermost layer of fabric or other material (*e.g.*, vinyl) that encloses the core and any upholstery, also known as a cover.

The scope of this *Order* is restricted to only “adult mattresses” and “youth mattresses.” “Adult mattresses” have a width exceeding 35 inches, a length exceeding 72 inches, and a depth exceeding 3 inches on a nominal basis. Such mattresses are frequently described as “twin,” “extra-long twin,” “full,” “queen,” “king,” or “California king” mattresses. “Youth mattresses” have a width exceeding 27 inches, a length exceeding 51 inches, and a depth exceeding 1 inch (crib mattresses have a depth of 6 inches or less from edge to edge) on a nominal basis. Such mattresses are typically described as “crib,” “toddler,” or “youth” mattresses. All adult and youth mattresses are included regardless of actual size description.

<sup>5</sup> See *Mattresses from China*, 90 FR 21508 (May 20, 2025) (*ITC Final Determination*).

The scope encompasses all types of “innerspring mattresses,” “non-innerspring mattresses,” and “hybrid mattresses.” “Innerspring mattresses” contain innersprings, a series of metal springs joined together in sizes that correspond to the dimensions of mattresses. Mattresses that contain innersprings are referred to as “innerspring mattresses” or “hybrid mattresses.” “Hybrid mattresses” contain two or more support systems as the core, such as layers of both memory foam and innerspring units.

“Non-innerspring mattresses” are those that do not contain any innerspring units. They are generally produced from foams (*e.g.*, polyurethane, memory (viscoelastic), latex foam, gel-infused viscoelastic (gel foam), thermobonded polyester, polyethylene) or other resilient filling.

Mattresses covered by the scope of this *Order* may be imported independently, as part of furniture or furniture mechanisms (*e.g.*, convertible sofa bed mattresses, sofa bed mattresses imported with sofa bed mechanisms, corner group mattresses, day-bed mattresses, roll-away bed mattresses, high risers, trundle bed mattresses, crib mattresses), or as part of a set in combination with a “mattress foundation.” “Mattress foundations” are any base or support for a mattress. Mattress foundations are commonly referred to as “foundations,” “boxsprings,” “platforms,” and/or “bases.” Bases can be static, foldable, or adjustable. Only the mattress is covered by the scope if imported as part of furniture, with furniture mechanisms, or as part of a set in combination with a mattress foundation.

Excluded from the scope of this *Order* are “futon” mattresses. A “futon” is a bi-fold frame made of wood, metal, or plastic material, or any combination thereof, that functions as both seating furniture (such as a couch, love seat, or sofa) and a bed. A “futon mattress” is a tufted mattress, where the top covering is secured to the bottom with thread that goes completely through the mattress from the top through to the bottom, and it does not contain innersprings or foam. A futon mattress is both the bed and seating surface for the futon.

Also excluded from the scope are airbeds (including inflatable mattresses) and waterbeds, which consist of air- or liquid-filled bladders as the core or main support system of the mattress.

Also excluded is certain multifunctional furniture that is convertible from seating to sleeping, regardless of filler material or components, where that filler material or components are integrated into the design and construction of, and inseparable from, the furniture framing. Such furniture may, and without limitation, be commonly referred to as “convertible sofas,” “sofa beds,” “sofa chaise sleepers,” “futons,” “ottoman sleepers” or a like description.

Further, also excluded from the scope of this *Order* are any products covered by the existing antidumping duty order on uncovered innerspring units. *See Uncovered Innerspring Units from the People’s Republic of China: Notice of Antidumping Duty Order*, 74 FR 7661 (February 19, 2009).

The products subject to this *Order* are currently properly classifiable under Harmonized Tariff Schedule for the United States (HTSUS) subheadings: 9404.21.0010, 9404.21.0013, 9404.29.1005, 9404.29.1013, 9404.29.9085, and 9404.29.9087. Products subject to this *Order* may also enter under HTSUS subheadings: 9404.21.0095, 9404.29.1095, 9404.29.9095, 9401.40.0000, and 9401.90.5081. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to this *Order* is dispositive.

#### Continuation of the *Order*

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Order*. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Order* will be May 20, 2025.<sup>6</sup> Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next
