Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend its Rules to Clarify the Timing Requirements of when Fees must be Submitted with an Application and when the Application will be Deemed to be Automatically Withdrawn

May 22, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 14, 2025, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to amend its rules to clarify the timing requirements of when fees must be submitted with an application and when the application will be deemed to be automatically withdrawn. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange's website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes amendments to Rule 3.10, to update when fees for an application for prospective Trading Permit Holders ("TPHs") are due and when an application for a TPH should be considered automatically withdrawn. The Exchange's current Rule 3.10(b) requires that application fees are filed within the application and by doing so, assumes that application fees are submitted via a check, which is generally no longer the case. The Exchange proposes to update this Rule to allow for payment to be submitted within a reasonable time of submitting the application (to be determined by the Exchange)- this allows for applicants to have flexibility and timing to ensure another method of payment (e.g., a wire) gets to the Exchange in a timely manner, while understanding that it may take time for an applicant to remit payment when not using a check. The Exchange proposes to have the timing be in the Exchange's discretion to prevent a hard stop in the processing of an application in the event there is a delay in payment. The Exchange typically requires payment within 30 days of receipt of an application but would still request that it has the flexibility to extend this when needed as to not prevent additional work by requiring an applicant to resubmit its application if it pays on day 31.

The Exchange's current Rule 3.10(i) requires that if the application process is not completed within 6 months of the submission of the application and the appropriate fees, that the application shall be deemed to be automatically withdrawn. The Exchange proposes to modify this Rule to clearly set the 6-month timer to begin at the time of the application submission by removing the requirement that the fee has also been remitted. In the aforementioned circumstance, where payment is submitted via wire and may come 30 days after the initial submission of the application, this revised Rule 3.10 makes it clear that the timer should start upon the Exchange's receipt of an application.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁵ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁶ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange also believes the proposed rule change is consistent with Section 6(b)(1) of the Act,⁸ which provides that the Exchange be organized and have the capacity to be able to carry out the

purposes of the Act and to enforce compliance by the Exchange's TPHs and persons associated with its TPHs with the Act, the rules and regulations thereunder, and the rules of the Exchange.

In particular, the Exchange believes the proposed amendments provide clarity for its prospective TPHs by making it clear what the expectations are regarding the timing of payment with an application and when a prospective TPH must complete its application process by. These updates are intended to align with current practices and manage expectations of applications.

The proposed changes also apply uniformly to all prospective TPHs that submit applications to the Exchange. As such, the proposed rule change would foster cooperation and coordination with persons engaged in facilitating transactions in securities and would remove impediments to and perfect the mechanism of a free and open market and a national market system.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. This proposal does not create an unnecessary or inappropriate intra-market burden on competition because the proposed change will apply uniformly to all prospective TPHs that submit applications to the Exchange. Further, the proposed change is not designed to address any competitive issues. Indeed, this proposal does not create an unnecessary or inappropriate inter-market burden on competition because it merely clarifies the Exchange's internal process requirements for applicants inline with current business practices.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- A. significantly affect the protection of investors or the public interest;

B. impose any significant burden on competition; and

C. become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6)¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
