SUPPLEMENTARY INFORMATION: As required by the Paperwork Reduction Act of 1995, as amended (44 U.S.C. chapter 35), OPM is soliciting comments for this collection (OMB

Control No. 3206-0211). The Office of Personnel Management is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

The regulations under 5 CFR 837.103 require agencies to collect certain information from retirees who become employed in Government positions and provide this information to OPM, such as the reemployed retiree's name, date of birth, Social Security number (if applicable), retirement claim number, a description of the kind of appointment, and whether the amount of annuity allocable to the period of reemployment will be withheld from the reemployed retiree's pay. Agencies need to collect timely information regarding the type and amount of annuity the reemployed retiree receives so the agency may determine the correct rate of the reemployed retiree's pay. Agencies provide this information to OPM so OPM may determine whether the reemployed retiree's annuity must be terminated.
