

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2017-0652; FRL-12571-01-OCSP]

Agency Information Collection Activities; Proposed Renewal of an Existing ICR Collection and Request for Comment; Access to TSCA Confidential Business Information under TSCA section 14(d)(4), (5), and (6)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA), this document announces the availability of and solicits public comment on the following Information Collection Request (ICR) that EPA is planning to submit to the Office of Management and Budget (OMB): “Access to TSCA Confidential Business Information under TSCA section 14(d)(4), (5), and (6),” identified by EPA ICR No. 2570.03 and OMB Control No. 2070-0209. This ICR represents a renewal of an existing ICR that is currently approved through March 31, 2026. Before submitting the ICR to OMB for review and approval under the PRA, EPA is soliciting comments on specific aspects of the information collection that is summarized in this document. The ICR and accompanying material are available in the docket for public review and comment.

DATES: Comments must be received on or before **[INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]**.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2017-0652, through the Federal eRulemaking Portal at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at

<https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Katherine Sleasman, Office of Program Support (7602M), Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 566-1204; email address: sleasman.katherine@epa.gov.

SUPPLEMENTARY INFORMATION:

I. What information is EPA particularly interested in?

Pursuant to PRA section 3506(c)(2)(A) (44 U.S.C. 3506(c)(2)(A)), EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.

2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

3. Enhance the quality, utility, and clarity of the information to be collected.

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

II. What information collection activity or ICR does this action apply to?

Title: Access to TSCA Confidential Business Information under TSCA section 14(d)(4), (5), and (6)

EPA ICR No.: 2570.03

OMB Control No.: 2070-0209.

ICR status: This ICR is currently approved through March 31, 2026. Under the PRA, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the *Federal Register* when approved, are displayed either by publication in the *Federal Register* or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The TSCA amendments of June 22, 2016, known as the Frank R. Lautenberg Chemical Safety for the 21st Century Act, expanded the categories of people to whom EPA may disclose TSCA confidential business information (CBI). The amendments authorize EPA to disclose TSCA CBI to state, tribal, and local governments; environmental, health, and medical professionals; and emergency responders, under certain conditions, including consistency with guidance that EPA is required to develop. Three guidance documents have been developed, corresponding to the new authorities in TSCA section 14(d)(4), (5), and (6).

The conditions for access vary under each of the new provisions, but generally include the following: requesters must show that they have a need for the information related to their employment, professional, or legal duties; recipients of TSCA CBI are prohibited from disclosing or permitting further disclosure of the information to individuals not authorized to receive it (physicians/nurses may disclose the information to their patient); and except in emergency situations EPA must notify the entity that made the CBI claim at least 15 days prior to disclosing the CBI. In addition, under these new provisions, requesters (except in some emergency situations) are required to sign an agreement and may be required to submit a statement of need to EPA.

In accordance with the requirements of TSCA section 14(c)(4)(B), the guidance

documents cover the content and form of the agreements and statements required under each provision and include information on where and how to submit requests to EPA.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 14.8 hours per response. Burden is defined in 5 CFR 1320.3(b).

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Respondents/affected entities: Entities potentially affected are those that Respondents affected by this activity are mainly government employees (federal, state, local, tribal), as well as medical professionals, such as doctors and nurses. The North American Industrial Classification System (NAICS) codes for health care and social assistance is 62.

Respondent's obligation to respond: Voluntary.

Forms: None.

Frequency of response: On occasion.

Total estimated number of potential respondents: 6

Total estimated average number of responses for each respondent: 1.

Total estimated annual burden hours: 89 hours.

Total estimated annual respondent costs: \$6,585.49, which includes \$ 0 for capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

There is no change in the estimated total annual burden compared with that identified in the ICR currently approved by OMB, but there is an increase in the estimated burden costs and a decrease in the estimated number of total respondents. The increase in the respondent burden and agency costs were caused by an increase in the hourly wages and a change in the methodology to calculate loaded wages (wages plus fringe benefits and overhead). This is an adjustment.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another *Federal Register* document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: June 4, 2025.

Nancy B. Beck,

Principal Deputy Assistant Administrator, Office of Chemical Safety and Pollution Prevention.
