SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the *Federal Register* concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Hospital and Health Care Complex Cost Report; *Use:* CMS requires the Form CMS-2552-10 to determine a hospital's reasonable cost incurred in furnishing medical services to Medicare beneficiaries and calculate the hospital reimbursement. Hospitals paid under a prospective payment system (PPS) may receive reimbursement in addition to the PPS for hospital-specific adjustments such as Medicare reimbursable bad debts, disproportionate share, uncompensated care, direct and indirect medical education costs, and organ acquisition costs. CMS uses the Form CMS-2552-10 for rate setting; payment refinement activities, including developing a hospital market basket; and Medicare Trust Fund projections; and to support program operations. Additionally, the Medicare Payment Advisory Commission

(MedPAC) uses the hospital cost report data to calculate Medicare margins (a measure of the relationship between Medicare's payments and providers' Medicare costs) and analyze data to formulate Medicare Program recommendations to Congress. This submission seeks to revise the information collection request. The changes for Form CMS-2552-10 are as follows:

- add Worksheet E-90, Payment Adjustment For Establishing And Maintaining Access to a Buffer Stock Of Essential Medicines
- add Worksheet E-95, Payment Adjustments For Domestic NIOSH-Approved Surgical N-95 Respirators

MA organizations with D-SNPs would use the information collected from enrollees in the enrollee advisory committee to help identify and address barriers to high-quality, coordinated care for enrollees. Any collection of information directly from MA organizations offering a D-SNPs regarding the enrollee advisory committee requirement § 422.107(f) will be included in a separate PRA package. CMS is collecting data on D-SNP enrollee advisory committees as part of the CY 2025 Part C Reporting Requirements.
