Abstract of information available

In 1972, human remains representing, at minimum, one adult individual, were removed from 16AL2 (no state site name; LSUMNS name Church Point), in Allen Parish, Louisiana, by Robert Neuman and William Stroud during testing. The remains were limited to a single adult femur. No known individuals were identified. No associated funerary objects are present.

Cultural affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains described in this notice.

Determinations

The LSUMNS has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- There is a reasonable connection between the human remains described in this notice and the Coushatta Tribe of Louisiana.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the authorized representative identified in this notice under ADDRESSES. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.

Repatriation of the human remains described in this notice to a requestor may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]. If competing requests for repatriation are received, the LSUMNS must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. The LSUMNS is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.
