CMS-10433 Initial Plan Data Collection to Support QHP Certification and other Financial Management and Exchange Operations

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit

reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Issuers can offer individual and small group market plans outside of the Exchanges that are not QHPs.

Issuers can offer individual and small group market plans outside of the Exchanges that are not QHPs. Such plans are referred to in this document as “non-Exchange.” For the risk adjustment program, administrative information is used to identify all non-grandfathered small group and individual market non-Exchange plan offerings eligible for the program. Risk adjustment also requires select data such as rating area, rating factors, and actuarial value (AV) level, to perform calculation of payments and charges.

This information collection request serves as a formal request for the revision of the data collection clearance. We intend to use the instruments in this information collection for the 2025

certification process and beyond, and believe that providing these instruments now will give issuers and other stakeholders more opportunity to familiarize themselves with the instruments before releasing the 2025 application. While we intend to use these instruments in 2025, we may propose further revisions to this data collection in the future as necessary which will include seeking comments through the full 60-day and 30-day public comment periods. *Form Number:* CMS-10433 (OMB control number: 0938-1187); *Frequency:* Annually; *Affected Public:* Private Sector - Business or other for-profits; State, Local, or Tribal Governments; *Number of Respondents:* 1,073; *Number of Responses:* 1,073; *Total Annual Hours:* 61,154.
