

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103372; File No. SR-FINRA-2025-009]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend FINRA Rule 6897 (Consolidated Audit Trail Funding Fees) to Establish Fees for Industry Members Related to Reasonably Budgeted Costs of the National Market System Plan Governing the Consolidated Audit Trail for the Period From July 1, 2025 Through December 31, 2025

July 2, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 24, 2025, the Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as “establishing or changing a due, fee or other charge” under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to amend FINRA Rule 6897 (Consolidated Audit Trail Funding Fees) to establish fees for Industry Members⁵ related to reasonably budgeted Consolidated Audit

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(ii).

⁴ 17 CFR 240.19b-4(f)(2).

⁵ An “Industry Member” is defined as “a member of a national securities exchange or a member of a national securities association.” See FINRA Rule 6810(u). See also Section 1.1 of the CAT NMS Plan. Unless

Trail (“CAT”) costs of the National Market System Plan Governing the Consolidated Audit Trail (the “CAT NMS Plan” or “Plan”) for the period from July 1, 2025 through December 31, 2025. These fees would be payable to Consolidated Audit Trail, LLC (“CAT LLC” or the “Company”) and referred to as “CAT Fee 2025-2.” The fee rate for CAT Fee 2025-2 would be \$0.000009 per executed equivalent share. CAT Executing Brokers will receive their first monthly invoice for CAT Fee 2025-2 in August 2025 calculated based on their transactions as CAT Executing Brokers for the Buyer (“CEBB”) and/or CAT Executing Brokers for the Seller (“CEBS”) in July 2025. As described further below, CAT Fee 2025-2 is anticipated to be in place for six months, and is anticipated to recover approximately one-half of the costs set forth in the reasonably budgeted CAT costs for 2025. CAT LLC intends for CAT Fee 2025-2 to replace CAT Fee 2025-1 (which has a fee rate of \$0.000022), as discussed herein.⁶

The text of the proposed rule change is available on FINRA’s website at <https://www.finra.org>, at the principal office of FINRA and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

otherwise specified, capitalized terms used in this rule filing are defined as set forth in the CAT NMS Plan and/or the CAT Compliance Rule. See FINRA Rule 6800 Series (Consolidated Audit Trail Compliance Rule).

⁶ See FINRA Rule 6897(a)(1)(D) of FINRA Rule Series 6800 (Consolidated Audit Trail Compliance Rule). See also Securities Exchange Act Release No. 102053 (December 30, 2024), 90 FR 700 (January 6, 2025) (Notice of Filing and Immediate Effectiveness of File No. SR-FINRA-2024-023) (“Fee Filing for CAT Fee 2025-1”).

1. Purpose

On July 11, 2012, the Commission adopted Rule 613 of Regulation NMS, which required the self-regulatory organizations (“SROs”) to submit a national market system (“NMS”) plan to create, implement and maintain a consolidated audit trail that would capture customer and order event information for orders in NMS securities across all markets, from the time of order inception through routing, cancellation, modification or execution.⁷ On November 15, 2016, the Commission approved the CAT NMS Plan.⁸ Under the CAT NMS Plan, the Operating Committee has the discretion to establish funding for CAT LLC to operate the CAT, including establishing fees for Industry Members to be assessed by CAT LLC that would be implemented on behalf of CAT LLC by the Participants.⁹ The Operating Committee adopted a revised funding model to fund the CAT (“CAT Funding Model”). On September 6, 2023, the Commission approved the CAT Funding Model after concluding that the model was reasonable and that it satisfied the requirements of Section 11A of the Exchange Act and Rule 608 thereunder.¹⁰

The CAT Funding Model provides a framework for the recovery of the costs to create, develop and maintain the CAT, including providing a method for allocating costs to fund the CAT among Participants and Industry Members. The CAT Funding Model establishes two categories of fees: (1) CAT fees assessed by CAT LLC and payable by certain Industry Members to recover a portion of historical CAT costs previously paid by the Participants (“Historical CAT

⁷ See Securities Exchange Act Release No. 67457 (July 18, 2012), 77 FR 45722 (August 1, 2012).

⁸ See Securities Exchange Act Release No. 79318 (November 15, 2016), 81 FR 84696 (November 23, 2016) (“CAT NMS Plan Approval Order”).

⁹ See Section 11.1(b) of the CAT NMS Plan.

¹⁰ See Securities Exchange Act Release No. 98290 (September 6, 2023), 88 FR 62628 (September 12, 2023) (“CAT Funding Model Approval Order”).

Assessment” fees); and (2) CAT fees assessed by CAT LLC and payable by Participants and Industry Members to fund prospective CAT costs (“CAT Fees”).¹¹

Under the CAT Funding Model, Participants, CEBBs and CEBSs are subject to fees designed to cover the ongoing budgeted costs of the CAT, as determined by the Operating Committee. “The Operating Committee will establish fees (‘CAT Fees’) to be payable by Participants and Industry Members with regard to CAT costs not previously paid by the Participants (‘Prospective CAT Costs’).”¹² In establishing a CAT Fee, the Operating Committee will calculate a “Fee Rate” for the relevant period. Then, for each month in which a CAT Fee is in effect, each CEBB and CEBS would be required to pay the fee for each transaction in Eligible Securities executed by the CEBB or CEBS from the prior month as set forth in CAT Data, where the fee for each transaction will be calculated by multiplying the number of executed equivalent shares in the transaction by one-third and by the Fee Rate.¹³

The CAT Fees to be paid by CEBBs and CEBSs are designed to contribute toward the recovery of two-thirds of the budgeted CAT costs for the relevant period.¹⁴ The CAT Funding Model allocates the remaining one-third of the budgeted CAT costs to the Participants.¹⁵ Participants would be subject to the same Fee Rate as CEBBs and CEBSs.¹⁶ While CAT Fees charged to Industry Members become effective in accordance with the requirements of Section 19(b) of the Exchange Act,¹⁷ CAT fees charged to Participants are implemented via an approval

¹¹ Under the CAT Funding Model, the Operating Committee may establish CAT Fees related to CAT costs going forward. See Section 11.3(a) of the CAT NMS Plan. This filing only establishes CAT Fee 2025-2 related to reasonably budgeted CAT costs for the period from July 1, 2025 through December 31, 2025 as described herein; it does not address any other potential CAT Fees related to CAT costs. Any such other CAT Fee will be subject to a separate fee filing. In addition, under the CAT Funding Model, the Operating Committee may establish one or more Historical CAT Assessments. See Section 11.3(b) of the CAT NMS Plan. This filing does not address any Historical CAT Assessments.

¹² See Section 11.3(a) of the CAT NMS Plan.

¹³ In approving the CAT Funding Model, the Commission stated that, “[t]he proposed recovery of Prospective CAT Costs is appropriate.” See CAT Funding Model Approval Order, 88 FR 62628, 62651.

¹⁴ See Section 11.3(a)(iii)(A) of the CAT NMS Plan.

¹⁵ See Section 11.3(a)(ii)(A) of the CAT NMS Plan.

¹⁶ See Section 11.3(a)(ii) of the CAT NMS Plan.

¹⁷ See Section 11.3(a)(i)(A)(I) of the CAT NMS Plan.

of the CAT fees by the Operating Committee in accordance with the requirements of the CAT NMS Plan.¹⁸ Accordingly, this filing does not address Participant CAT fees as they are described in the CAT NMS Plan.¹⁹

CAT LLC proposes to charge CEBBs and CEBSs (as described in more detail below) CAT Fee 2025-2 to recover the reasonably budgeted CAT costs for the period from July 1, 2025 through December 31, 2025 in accordance with the CAT Funding Model. To implement this fee on behalf of CAT LLC, the CAT NMS Plan requires the Participants to “file with the SEC under Section 19(b) of the Exchange Act any such fees on Industry Members that the Operating Committee approves, and such fees shall be labeled as ‘Consolidated Audit Trail Funding Fees.’”²⁰ The Plan further states that “[o]nce the Operating Committee has approved such Fee Rate, the Participants shall be required to file with the SEC pursuant to Section 19(b) of the Exchange Act CAT Fees to be charged to Industry Members calculated using such Fee Rate.”²¹ Accordingly, the purpose of this filing is to implement a CAT Fee on behalf of CAT LLC for Industry Members, referred to as CAT Fee 2025-2, in accordance with the CAT NMS Plan.

(1) CAT Executing Brokers

CAT Fee 2025-2 will be charged to each CEBB and CEBS for each applicable transaction in Eligible Securities.²² The CAT NMS Plan defines a “CAT Executing Broker” to mean:

(a) with respect to a transaction in an Eligible Security that is executed on an exchange, the Industry Member identified as the Industry Member

¹⁸ See CAT Funding Model Approval Order, 88 FR 62628, 62659.

¹⁹ See Section 11.3(a)(ii) and Appendix B of the CAT NMS Plan.

²⁰ See Section 11.1(b) of the CAT NMS Plan.

²¹ See Section 11.3(a)(i)(A)(I) of the CAT NMS Plan.

²² In its approval of the CAT Funding Model, the Commission determined that charging CAT fees to CAT Executing Brokers was reasonable. In reaching this conclusion, the Commission noted that the use of CAT Executing Brokers is appropriate because the CAT Funding Model is based upon the calculation of executed equivalent shares, and, therefore, charging CAT Executing Brokers would reflect their executing role in each transaction. Furthermore, the Commission noted that, because CAT Executing Brokers are already identified in transaction reports from the exchanges and FINRA’s equity trade reporting facilities recorded in CAT Data, charging CAT Executing Brokers could streamline the billing process. CAT Funding Model Approval Order, 88 FR 62628, 62629.

responsible for the order on the buy-side of the transaction and the Industry Member responsible for the sell-side of the transaction in the equity order trade event and option trade event in the CAT Data submitted to the CAT by the relevant exchange pursuant to the Participant Technical Specifications; and (b) with respect to a transaction in an Eligible Security that is executed otherwise than on an exchange and required to be reported to an equity trade reporting facility of a registered national securities association, the Industry Member identified as the executing broker and the Industry Member identified as the contra-side executing broker in the TRF/ORF/ADF transaction data event in the CAT Data submitted to the CAT by FINRA pursuant to the Participant Technical Specifications; provided, however, in those circumstances where there is a non-Industry Member identified as the contra-side executing broker in the TRF/ORF/ADF transaction data event or no contra-side executing broker is identified in the TRF/ORF/ADF transaction data event, then the Industry Member identified as the executing broker in the TRF/ORF/ADF transaction data event would be treated as CAT Executing Broker for the Buyer and for the Seller.²³

Fields Nos. 26 and 28 of the Participant Technical Specifications, listed below, indicate the CAT Executing Brokers for transactions executed otherwise than on an exchange.²⁴

TRF/ORF/ADF Transaction Data Event²⁵

#	Field Name	Data Type	Description	Include Key
26	reportingExecutingMpid	Member Alias	MPID of the executing party	R
28	contraExecutingMpid	Member Alias	MPID of the contra-side executing party.	C

(2) Calculation of Fee Rate 2025-2

²³ See Section 1.1 of the CAT NMS Plan. CEBBs and CEBSs may, but are not required to, pass-through their CAT Fees to their clients, who may, in turn, pass their fees to their clients until they are imposed ultimately on the account that executed the transaction. See CAT Funding Model Approval Order, 88 FR 62628, 62649.

²⁴ Supplementary Material .01 to Rule 6897 provides clarity as to the manner in which the CAT Executing Brokers for transactions executed otherwise than on an exchange would be determined. Specifically, for a transaction in an Eligible Security executed otherwise than on an exchange and required to be reported to a FINRA Trade Reporting Facility (“TRF”), the FINRA OTC Reporting Facility (“ORF”), or the FINRA Alternative Display Facility (“ADF”), the CEBB and CEBS are the members identified as the executing broker and the contra-side executing broker in the TRF/ORF/ADF transaction data event in CAT Data. In those circumstances where there is a non-member identified as the contra-side executing broker in the TRF/ORF/ADF transaction data event or no contra-side executing broker is identified in the TRF/ORF/ADF transaction data event, then the member identified as the executing broker in the TRF/ORF/ADF transaction data event would be treated as, and be required to pay the fee assessed to, both the CEBB and CEBS.

²⁵ See Table 61, Section 6.1 (TRF/ORF/ADF Transaction Data Event) of the CAT Reporting Technical Specifications for Plan Participants.

The Operating Committee determined the Fee Rate to be used in calculating CAT Fee 2025-2 (“Fee Rate 2025-2”) by dividing the reasonably budgeted CAT costs (“Budgeted CAT Costs 2025-2”) for the period from July 1, 2025 through December 31, 2025 (“CAT Fee 2025-2 Period”) by the reasonably projected total executed share volume of all transactions in Eligible Securities for the six-month recovery period, as discussed in detail below.²⁶ Based on this calculation, the Operating Committee has determined that Fee Rate 2025-2 would be \$0.00002651641828376661 per executed equivalent share. This rate is then divided by three and rounded to determine the fee rate of \$0.000009 per executed equivalent share that will be assessed to CEBBs and CEBSs, as also discussed in detail below.

(A) CAT Fee 2025-2 Period

CAT LLC proposes to implement CAT Fee 2025-2 as the third CAT Fee related to Prospective CAT Costs. CAT LLC proposes to commence CAT Fee 2025-2 during the year, rather than at the beginning of the year. Accordingly, CAT Fee 2025-2 “would be calculated as described in paragraph (II)” of Section 11.3(a)(i)(A) of the CAT NMS Plan,²⁷ which states that “[d]uring each year, the Operating Committee will calculate a new Fee Rate by dividing the reasonably budgeted CAT costs for the remainder of the year by the reasonably projected total executed equivalent share volume of all transactions in Eligible Securities for the remainder of the year.”²⁸ For CAT Fee 2025-2, the reasonably budgeted CAT costs for “the remainder of the year” are the reasonably budgeted CAT costs from July 1, 2025 through December 31, 2025 as set forth in the updated annual budget for 2025 for CAT LLC approved by the Operating Committee on May 19, 2025 (“Updated 2025 CAT Budget”).²⁹

(B) Executed Equivalent Shares for Transactions in Eligible Securities

²⁶ See Section 11.3(a)(i) of the CAT NMS Plan.

²⁷ See Section 11.3(a)(i)(A)(IV) of the CAT NMS Plan.

²⁸ See Section 11.3(a)(i)(A)(II) of the CAT NMS Plan.

²⁹ See Consolidated Audit Trail, LLC 2025 Financial and Operating Budget (Updated 2025 CAT Budget), https://www.catnmsplan.com/sites/default/files/2025-05/05.19.25-CAT-LLC-2025-Financial_and_Operating-Budget.pdf.

Under the CAT NMS Plan, for purposes of calculating CAT Fees, executed equivalent shares in a transaction in Eligible Securities will be reasonably counted as follows: (1) each executed share for a transaction in NMS Stocks will be counted as one executed equivalent share; (2) each executed contract for a transaction in Listed Options will be counted based on the multiplier applicable to the specific Listed Options (i.e., 100 executed equivalent shares or such other applicable multiplier); and (3) each executed share for a transaction in OTC Equity Securities will be counted as 0.01 executed equivalent share.³⁰

(C) Budgeted CAT Costs 2025-2

The CAT NMS Plan states that “[t]he budgeted CAT costs for the year shall be comprised of all reasonable fees, costs and expenses reasonably budgeted to be incurred by or for the Company in connection with the development, implementation and operation of the CAT as set forth in the annual operating budget approved by the Operating Committee pursuant to Section 11.1(a) of the CAT NMS Plan, or as adjusted during the year by the Operating Committee.”³¹ Section 11.1(a) of the CAT NMS Plan describes the requirement for the Operating Committee to approve an operating budget for CAT LLC on an annual basis. It requires the budget to “include the projected costs of the Company, including the costs of developing and operating the CAT for the upcoming year, and the sources of all revenues to cover such costs, as well as the funding of any reserve that the Operating Committee reasonably deems appropriate for the prudent operation of the Company.” Section 11.1(a)(i) of the CAT NMS Plan further states that:

[w]ithout limiting the foregoing, the reasonably budgeted CAT costs shall include technology (including cloud hosting services, operating fees, CAIS operating fees, change request fees and capitalized developed technology costs), legal, consulting, insurance, professional and administration, and public relations costs, a reserve and such other cost categories as reasonably determined by the Operating Committee to be included in the budget.

³⁰ See Section 11.3(a)(i)(B) of the CAT NMS Plan. In approving the CAT Funding Model, the Commission concluded that “the use of executed equivalent share volume as the basis of the proposed cost allocation methodology is reasonable and consistent with the approach taken by the funding principles of the CAT NMS Plan.” See CAT Funding Model Approval Order, 88 FR 62628, 62640.

³¹ See Section 11.3(a)(i)(C) of the CAT NMS Plan.

In accordance with the requirements under the CAT NMS Plan, the Operating Committee approved an annual budget for 2025 for CAT LLC (“Original 2025 CAT Budget”) in November 2024.³² In May 2025, the Operating Committee approved an updated budget for 2025, referred to as the Updated 2025 CAT Budget. The Updated 2025 CAT Budget includes actual costs for each category for the first quarter of 2025, with updated estimated costs for each category for the second, third and fourth quarters of 2025. The updated costs for the third and fourth quarters set forth in the Updated 2025 CAT Budget (i.e., Budgeted CAT Costs 2025-2) are the costs used in calculating CAT Fee 2025-2. The 2025 CAT budgets, both the Original 2025 CAT Budget and the Updated 2025 CAT Budget, were prepared on the accrual basis of accounting, whereas prior CAT budgets were prepared on the cash basis of accounting.³³ As described in detail below, the Budgeted CAT Costs 2025-2 would be \$60,726,412. CEBBs collectively will be responsible for one-third of the Budgeted [sic] CAT Costs 2025-2 (which is \$20,242,137.33), and CEBSs collectively will be responsible for one-third of the Budgeted CAT Costs 2025-2 (which is \$20,242,137.33).

The following describes in detail the Budgeted CAT Costs 2025-2 for CAT Fee 2025-2.

The following cost details are provided in accordance with the requirement in the CAT NMS Plan to provide in the fee filing the following:

the budget for the upcoming year (or remainder of the year, as applicable), including a brief description of each line item in the budget, including (1) technology line items of cloud hosting services, operating fees, CAIS operating fees, change request fees and capitalized developed technology costs, (2) legal, (3) consulting, (4) insurance, (5) professional and administration, and (6) public relations costs, a reserve and/or such other

³² See Consolidated Audit Trail, LLC 2025 Financial and Operating Budget (Original 2025 CAT Budget), https://www.catnmsplan.com/sites/default/files/2024-11/11.20.24-CAT-LLC-2025-Financial_and_Operating-Budget.pdf.

³³ CAT budgets for periods prior to 2025 were prepared on the cash basis of accounting, as such budgets were primarily used to determine the dollar amount of promissory notes from the Participants that were required to fund the ongoing operations of the CAT. Commencing in 2025, with the contemplated recovery of costs from Industry Members and the Participants via CAT Fees, the Original 2025 CAT Budget was prepared on the accrual basis of accounting to properly match projected revenues with estimated expenses incurred. A cash basis budget reflects expenditures when paid, while an accrual basis budget reflects expenditures when incurred. In moving from a cash basis budget to an accrual basis budget there is no double counting of expenses.

categories as reasonably determined by the Operating Committee to be included in the budget, and the reason for changes in each such line item from the prior CAT fee filing.³⁴

Each of the costs described below are reasonable, appropriate and necessary for the creation, implementation and maintenance of CAT.

The following table breaks down the Budgeted CAT Costs 2025-2 into the categories set forth in Section 11.3(a)(iii)(B) of the CAT NMS Plan.³⁵ The Budgeted CAT Costs 2025-2 reflect the costs set forth in the third and fourth quarters of the Updated 2025 CAT Budget. The Budgeted CAT Costs 2025-2 are the costs used in calculating CAT Fee 2025-2.

Budget Category	Budgeted CAT Costs 2025-2 ^b (i.e., Costs for Q3-Q4 of 2025)
Capitalized Developed Technology Costs ^a	\$0 ^c
Technology Costs:	\$108,551,142
Cloud Hosting Services	\$82,222,276 ^d
Operating Fees	\$15,453,942 ^e
CAIS Operating Fees	\$10,374,924 ^f
Change Request Fees	\$500,000 ^g
Legal	\$3,631,342 ^h
Consulting	\$866,167 ⁱ
Insurance	\$1,594,452 ^j
Professional and administration	\$609,818 ^k
Public relations	\$0 ^l
Subtotal	\$115,252,921
Reserve	(\$54,526,510) ^m
Total Budgeted CAT Costs 2025-2	\$60,726,412

a - The non-cash amortization of these capitalized developed technology costs to be incurred during the CAT Fee 2025-2 Period have been appropriately excluded from the above table.³⁶

b - Budgeted CAT Costs 2025-2 described in this table of costs were determined based an analysis of a variety of factors, including historical costs/invoices, estimated costs from respective vendors/service providers, contractual terms with vendors/service

³⁴ See Section 11.3(a)(iii)(B) of the CAT NMS Plan.

³⁵ Note that costs and related cost calculations provided in this filing may reflect minor variations from the budgeted costs due to rounding.

³⁶ With respect to certain costs that were “appropriately excluded,” such excluded costs relate to the amortization of capitalized technology costs, which are amortized over the life of the Plan Processor Agreement. As such costs have already been otherwise reflected in the filing, their inclusion would double count the capitalized technology costs. In addition, amortization is a non-cash expense.

providers, anticipated service levels and needs, and discussions with vendors and Participants.

c - This cost number for capitalized developed technology costs is calculated by adding together the Capitalized Developed Technology Costs and the Software License Fee – 2025, each for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget: $(\$0 + \$0) + (\$0 + \$0) = \$0$.

d - This cost number for cloud hosting services is calculated by adding together the cloud hosting services costs for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget: $\$40,362,043 + \$41,860,233 = \$82,222,276$.

e - This cost number for operating fees is calculated by adding together the operating fees and the Cyber Insurance Premium Adjustment, each for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget: $(\$7,225,473 + \$7,225,473) + (\$501,498 + \$501,498) = \$15,453,942$.

f - This cost number for CAIS operating fees is calculated by adding together the CAIS operating fees for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget: $\$5,187,462 + \$5,187,462 = \$10,374,924$.

g - This cost number for change request fees is calculated by adding together the placeholder for possible change requests for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget: $\$250,000 + \$250,000 = \$500,000$.

h - This cost number for legal services is calculated by adding together the legal costs for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget: $\$1,815,671 + \$1,815,671 = \$3,631,342$.

i - This cost number for consulting services is calculated by adding together the consulting costs for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget: $\$433,084 + \$433,083 = \$866,167$.

j - This cost number for insurance is calculated by adding together the insurance costs for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget: $\$1,594,452 + \$0 = \$1,594,452$.

k - This cost number for professional and administration services is calculated by adding together the professional and administration costs for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget: $\$414,818 + \$195,000 = \$609,818$.

l - This cost number for public relations is calculated by adding together the public relations costs for the third and fourth quarters

of 2025 as set forth in the Updated 2025 CAT Budget: \$0 + \$0 = \$0.

m - This reduction in the reserve is calculated by adding together the 25% Incremental Liquidity Reserve Accrued during 2025 for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget: \$27,263,255 + \$27,263,255 = \$54,526,510.

To the extent that CAT LLC enters into notes with Participants or others to pay costs incurred during the period in which CAT Fee 2025-2 is in effect, CAT LLC will use the proceeds from CAT Fee 2025-2 and the related Participant CAT fees to repay such notes.

The following table compares the annual budgeted CAT costs as set forth in the updated annual CAT budget for 2024 approved by the Operating Committee in July 2024 (“Updated 2024 CAT Budget”)³⁷, the Original 2025 CAT Budget and the Updated 2025 CAT Budget, and is provided for informational purposes. In each case, the costs provided reflect the costs for the entire year for each of the budgets; this differs from the above chart which focuses on budgeted costs for only the third and fourth quarters of 2025, which, as noted, are the costs that are used in the calculation of the fee rate in this fee filing.

Budget Category	Full Year 2024 Budgeted CAT Costs from Updated 2024 CAT Budget ^a	Full Year 2025 Budgeted CAT Costs from Original 2025 CAT Budget	Full Year 2025 Budgeted CAT Costs from Updated 2025 CAT Budget
Capitalized Developed Technology Costs ^b	\$7,761,480	\$3,923,360	\$4,871,962
Technology Costs:	\$196,921,118	\$234,925,808	\$211,548,471
Cloud Hosting Services	\$148,789,981	\$182,594,630	\$159,230,937
Operating Fees ^c	\$27,768,718	\$30,831,330	\$30,817,686

Reserve	\$13,847,693	\$23,842,200	(\$13,858,958)
Total Budgeted CAT Costs	\$230,536,440	\$272,688,276	\$214,475,593

a - As noted above, the Updated 2024 CAT Budget was prepared on the cash basis of accounting, while the Original 2025 CAT Budget and the Updated 2025 CAT Budget were prepared on the accrual basis of accounting.

b - This cost number is calculated by adding together the Capitalized Developed Technology Costs and the Software License Fee for each budget.

c - This cost number is calculated by adding together the Operating fees and the Cyber Insurance Premium Adjustment for each budget.

In addition, the following table compares the first quarter of the Original 2025 CAT Budget with the first quarter of the Updated 2025 CAT Budget. The Updated 2025 CAT Budget includes actual costs for January, February and March 2025, whereas the Original 2025 CAT Budget included budgeted costs for these three months. The variance from the first quarter of the Original 2025 CAT Budget to the actuals for the first quarter of 2025 (as set forth in the Updated 2025 CAT Budget) in the last column of the following chart are used in this filing in supporting the reasonableness of the estimates for each category of costs.

Budget Category	First Quarter of Original 2025 CAT Budget	Actuals for First Quarter of 2025	Variance from First Quarter of Original 2025 CAT Budget to Actuals for First Quarter of 2025
Capitalized Developed Technology Costs ^a	\$3,923,360	\$4,871,962	Increase by \$948,602 ^b
Technology Costs:	\$52,490,273	\$49,181,253	
Cloud Hosting Services	\$39,640,542	\$36,357,017	Decrease by \$3,283,525 ^c
Operating Fees ^d	\$7,662,270	\$7,636,774	Decrease by \$25,496
CAIS Operating Fees	\$5,187,462	\$5,187,462	No change
Change Request Fees	\$0	\$0	No change
Legal	\$1,430,000	\$1,922,990	Increase by \$492,990 ^e
Consulting	\$437,500	\$450,745	Increase by \$13,245
Insurance	\$0	\$0	No change
Professional and administration	\$168,750	\$297,513	Increase by \$128,763
Public relations	\$12,500	\$6,575	Decrease by \$5,925

Budget Category	First Quarter of Original 2025 CAT Budget	Actuals for First Quarter of 2025	Variance from First Quarter of Original 2025 CAT Budget to Actuals for First Quarter of 2025
Total	\$58,462,385	\$56,731,038	Decrease by \$1,731,347

a - This cost number is calculated by adding together the capitalized developed technology costs and the software license fee for each budget.

b - The variance is the result of costs related to the software license fee for CAIS in accordance with the Plan Processor Agreement with FCAT.

c - The variance is attributable to, among other things, (1) a decrease in costs related to changes made pursuant to an amendment to the CAT NMS Plan to implement cost savings measures³⁸ (“Cost Savings Amendment”), and (2) cost decreases related to optimizations resulting in reduced processing and storage costs.

d - This cost number is calculated by adding together the operating fees and the cyber insurance premium adjustment for each budget.

e - The variance is attributable to unanticipated issues that required additional legal efforts on behalf of CAT LLC that developed after the budget was created.

(i) Technology Costs – Cloud Hosting Services

(a) Description of Cloud Hosting Services Costs

Section 11.3(a)(iii)(B)(B)(1) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to provide a brief description of the cloud hosting services costs set forth in the budget. The Operating Committee approved an operating budget for the CAT pursuant to Section 11.1(a) of the CAT NMS Plan that included \$82,222,276 in technology costs for cloud hosting services for the CAT Fee 2025-2 Period. The technology costs for cloud hosting services represent costs reasonably budgeted to be incurred for services provided by the cloud services provider for the CAT, Amazon Web Services, Inc. (“AWS”) during the CAT Fee 2025-2 Period.

In the agreement between CAT LLC and the Plan Processor for the CAT (“Plan Processor Agreement”), FINRA CAT, LLC (“FCAT”), AWS was named as the subcontractor to provide cloud hosting services. Under the Plan Processor Agreement, CAT LLC is required to

³⁸ See Securities Exchange Act Release No. 101901 (December 12, 2024), 89 FR 103033 (December 18, 2024) (“Cost Savings Amendment”).

pay FCAT the fees incurred by the Plan Processor for cloud hosting services provided by AWS as FCAT's subcontractor on a monthly basis for the cloud hosting services, and FCAT, in turn, pays such fees to AWS. The fees for cloud hosting services were negotiated by FCAT on an arm's length basis with the goals of managing costs and receiving services required to comply with the CAT NMS Plan and Rule 613, taking into consideration a variety of factors, including the expected volume of data, the breadth of services provided and market rates for similar services. Services provided by AWS include storage services, databases, compute services and other services (such as networking, management tools and DevOps tools), as well as various environments for CAT, such as development, performance testing, test, and production environments. FCAT utilizes such cloud hosting services for a broad array of services for the CAT, such as data ingestion, data management, and analytic tools for the CAT. AWS performs cloud hosting services for both the CAT transaction database as well as the CAT Customer and Account Information System ("CAIS"). It is anticipated that such cloud hosting services will continue during the CAT Fee 2025-2 Period.

The cost for AWS cloud services for the CAT is a function of the volume of CAT Data, largely as a result of the processing and storage of the CAT Data.³⁹ The greater the amount of CAT Data, the greater the cost of AWS services to CAT LLC. During the CAT Fee 2025-2 Period, it is expected that AWS will provide cloud hosting services for volumes of CAT Data far in excess of the volume predictions set forth in the CAT NMS Plan. The CAT NMS Plan states, when all CAT Reporters are submitting their data to the CAT, it "must be sized to receive[,] process and load more than 58 billion records per day,"⁴⁰ and that "[i]t is expected that the Central Repository will grow to more than 29 petabytes of raw, uncompressed data."⁴¹ In

³⁹ In addition to the effect of the data volume on the cloud hosting costs, the processing timelines set forth in the Plan contribute to the cloud hosting costs. For further discussion of the effect of processing timelines on cloud hosting costs, see Item II.A.2.(2)(A)(i) below.

⁴⁰ See CAT NMS Plan, Appendix D-4, n.262.

⁴¹ See CAT NMS Plan, Appendix D-5.

contrast with those estimates, the Q1 2025 data volumes averaged 752 billion events per day. The Q1 2025 data volumes reflected a 30% year over year growth rate compared to Q1 2024, which averaged 577 billion events per day, and reflected a 25% increase from the prior quarter Q4 2024, which averaged 602 billion events per day. The highest peak data volume to date of 1.45 trillion events was recorded on April 7, 2025. The top five peak days were recorded in April 2025.

CAT LLC estimates that the budget for cloud hosting services costs during the CAT Fee 2025-2 Period will be approximately \$82,222,276. The budget for cloud hosting services costs during the CAT Fee 2025-2 Period is calculated based on the Updated 2025 CAT Budget. Specifically, this estimate was calculated by adding the budgeted amounts for cloud hosting services costs for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget.⁴²

CAT LLC estimated the budget for the cost for cloud hosting services for the CAT Fee 2025-2 Period based on an assumption of 40% annual year-over-year volume growth for the transaction database and an assumption of 5% annual year-over-year volume growth for CAIS. CAT LLC determined these growth assumptions in coordination with FCAT based on an analysis of a variety of existing data and alternative growth scenarios. In particular, in determining to use the 40% annual year-over-year volume growth in events per day, CAT LLC considered, among other things, the average annual year-over-year volume growth for 2019 through 2024 of approximately 45%, the average annual year-over-year volume growth for 2020 through 2024 of approximately 30%, and the average monthly growth rate for 2024 of approximately 50%.⁴³

⁴² This calculation is $\$40,362,043 + \$41,860,233 = \$82,222,276$.

⁴³ Note that these growth rates are based on events processed and stored in the CAT. Executed transactions are a small subset of such events. As a result, the number of transactions in the CAT, and, hence, the number of executed equivalent shares, is not directly correlated with the number of events processed in the CAT or the costs of cloud hosting services for the CAT. Accordingly, the number of executed equivalent shares may stay relatively constant from year to year while the number of events processed and stored in the CAT may grow significantly.

This process for estimating the budget for cloud hosting services costs for the CAT Fee 2025-2 Period is the same process by which CAT LLC estimated the cloud hosting services costs for the Original 2025 CAT Budget. The Original 2025 CAT Budget estimated a budget for cloud hosting services of \$39,640,542 for the first quarter of 2025. The actual costs for cloud hosting services for the first quarter of 2025, which are set forth in the Updated 2025 CAT Budget, were \$36,357,017. Therefore, the variance between budgeted and actual cloud hosting services costs for this period was an approximate decrease of 8%. Accordingly, CAT LLC believes that the process for estimating the budgeted cloud hosting services costs for the CAT Fee 2025-2 Period is reasonable.

(b) Changes from Prior Fee Filing

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to describe the reason for changes in the line item for cloud hosting services costs from the prior CAT Fee filing. Accordingly, this filing describes the changes in the cloud hosting services costs from the Original 2025 CAT Budget, which was used in the calculation of the prior Prospective CAT Fee, CAT Fee 2025-1.⁴⁴ Specifically, the following describes the differences (if any) in the costs for cloud hosting services as set forth in the Original 2025 CAT Budget versus the Updated 2025 CAT Budget for the full year of 2025 as well as for the third and fourth quarters of 2025, and the reasons for any changes.

The annual 2025 budgeted costs for cloud hosting services as set forth in the Original 2025 CAT Budget were \$182,594,630, and the annual 2025 budgeted costs for cloud hosting services as set forth in the Updated 2025 CAT Budget are \$159,230,937. Accordingly, budgeted annual costs for cloud hosting services decreased by \$23,363,693 from the Original 2025 CAT Budget to the Updated 2025 CAT Budget, which is an approximate 13% reduction in cloud hosting services costs for the full year of 2025.

⁴⁴ See Fee Filing for CAT Fee 2025-1, supra note 6.

Correspondingly, the budgeted costs for cloud hosting services for the third and fourth quarters of 2025 as set forth in the Original 2025 CAT Budget were \$97,748,713,⁴⁵ and the budgeted costs for cloud hosting services for third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget are \$82,222,276.⁴⁶ Accordingly, the budgeted costs for cloud hosting services for the third and fourth quarters of 2025 decreased by \$15,526,437 from the Original 2025 CAT Budget to the Updated 2025 CAT Budget, which is approximately a 16% reduction in cloud hosting services costs for the third and fourth quarters of 2025.

The decrease in costs for cloud hosting services from the Original 2025 CAT Budget to the Updated 2025 CAT Budget, both for the full year for 2025 and for the third and fourth quarters of 2025, reflects (1) a decrease in costs related to changes made pursuant to the Cost Savings Amendment; (2) cost decreases related to optimizations resulting in reduced processing and storage costs; and (3) volume increases below the initial projection.

(ii) Technology Costs – Operating Fees

(a) Description of Operating Fees

Section 11.3(a)(iii)(B)(B)(1) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to provide a brief description of the operating fees set forth in the budget. The Operating Committee approved an operating budget for the CAT pursuant to Section 11.1(a) of the CAT NMS Plan that included \$15,453,942 in technology costs for operating fees for the CAT Fee 2025-2 Period. Operating fees are those fees paid by CAT LLC to FCAT as the Plan Processor to operate and maintain the CAT and to perform business operations related to the system, including compliance, security, testing, training, communications with the industry (e.g., management of the FINRA CAT Helpdesk, FAQs, website and webinars) and program management as required by the CAT NMS Plan. Operating fees also include market data provider costs, as discussed below.

⁴⁵ This calculation is $\$46,382,724 + \$51,365,989 = \$97,748,713$.

⁴⁶ This calculation is $\$40,362,043 + \$41,860,233 = \$82,222,276$.

Plan Processor: FCAT. Under the Plan Processor Agreement with FCAT, CAT LLC is required to pay FCAT a negotiated monthly fixed price for the operation of the CAT. This fixed price contract was negotiated on an arm's length basis with the goals of managing costs and receiving services required to comply with the CAT NMS Plan and Rule 613, taking into consideration a variety of factors, including the breadth of services provided and market rates for similar types of activity. It is anticipated that FCAT will provide a variety of services to the CAT during the CAT Fee 2025-2 Period, including the following:

- Provide the CAT-related functions and services as the Plan Processor as required by SEC Rule 613 and the CAT NMS Plan in connection with the operation and maintenance of the CAT;
- Address compliance items, including drafting CAT policies and procedures, and addressing Regulation SCI requirements;
- Provide support to the Operating Committee, the Compliance Subcommittee and CAT working groups;
- Assist with interpretive efforts, exemptive requests and amendments regarding the CAT NMS Plan;
- Oversee the security of the CAT;
- Monitor the operation of the CAT, including with regard to Participant and Industry Member reporting;
- Provide support to subcontractors under the Plan Processor Agreement;
- Provide support in discussions with the Participants and the SEC and its staff;
- Operate the FINRA CAT Helpdesk;
- Facilitate communications with the industry, including via FAQs, CAT Alerts, meetings, presentations and webinars;
- Administer the CAT website and all of its content;
- Maintain cyber security insurance related to the CAT;
- Assist with billing, collection and other CAT fee-related activity; and
- Provide technical support and assistance with connectivity, data access, and user support, including the use of CAT Data and query tools, for Participants and the SEC staff.

CAT LLC calculated the budget for the FCAT technology costs for operating fees for the CAT Fee 2025-2 Period based on the recurring monthly operating fees under the Plan Processor Agreement.

Market Data Provider: Algoseek. It is anticipated that the operating fees costs for the CAT Fee 2025-2 Period will include costs related to the receipt of certain market data for the CAT pursuant to an agreement between FCAT and Algoseek, LLC (“Algoseek”). CAT LLC determined that Algoseek would provide market data that included data elements set forth in Section 6.5(a)(ii) of the CAT NMS Plan, and that the fees were reasonable and in line with market rates for the market data received. All costs under the contract would be treated as a direct pass through cost to CAT LLC. CAT LLC estimated the budget for the costs for Algoseek for the CAT Fee 2025-2 Period based on the monthly rate set forth in the agreement between Algoseek and FCAT.

Operating Fee Estimates. CAT LLC estimates that the budget for operating fees during the CAT Fee 2025-2 Period will be approximately \$15,453,942. The budget for operating fees during the CAT Fee 2025-2 Period is calculated based on the Updated 2025 CAT Budget. Specifically, this estimate was calculated by adding the budgeted amounts for operating fees for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget.⁴⁷

As discussed above, CAT LLC estimated the budget for the operating fees during the CAT Fee 2025-2 Period based on monthly rates set forth in the Plan Processor Agreement and the agreement with Algoseek. CAT LLC also recognized that the operating fees are generally consistent throughout the year. This process for estimating the budget for the operating fees for the CAT Fee 2025-2 Period is the same process by which CAT LLC estimated the operating fees for the Original 2025 CAT Budget. The Original 2025 CAT Budget estimated a budget for operating fees of \$7,662,270 for the first quarter of 2025.⁴⁸ The actual costs for operating fees

⁴⁷ This calculation is $(\$7,225,473 + \$7,225,473) + (\$501,498 + \$501,498) = \$15,453,942$.

⁴⁸ This calculation is $\$7,221,522 + \$440,748 = \$7,662,270$.

for first quarter of 2025 were \$7,636,774.⁴⁹ Therefore, the variance between budgeted and actual operating fees for this period was not material. Accordingly, CAT LLC believes that the process for estimating the budgeted operating fees for the CAT Fee 2025-2 Period is reasonable.

(b) Changes from Prior Fee Filing

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to describe the reason for changes in the line item for operating fees from the prior CAT Fee filing. Accordingly, this filing describes the changes from the operating fees set forth in the Original 2025 CAT Budget, which was used in the calculation of the prior Prospective CAT Fee, CAT Fee 2025-1.⁵⁰ Specifically, the following describes the differences (if any) in the costs for operating fees as set forth in the Original 2025 CAT Budget versus the Updated 2025 CAT Budget for the full year of 2025 as well as for the third and fourth quarters of 2025, and the reasons for any changes.

The annual 2025 budgeted costs for operating fees as set forth in the Original 2025 CAT Budget were \$30,831,330,⁵¹ and the annual 2025 budgeted costs for operating fees as set forth in the Updated 2025 CAT Budget are \$30,817,686.⁵² Accordingly, budgeted annual costs for operating fees did not change materially from the Original 2025 CAT Budget to the Updated 2025 CAT Budget for the full year of 2025.

Correspondingly, the budgeted costs for operating fees for the third and fourth quarters of 2025 as set forth in the Original 2025 CAT Budget were \$15,446,040,⁵³ and the budgeted costs for operating fees for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget are \$15,453,942.⁵⁴ Accordingly, the budgeted costs for operating fees for the third and

⁴⁹ This calculation is $\$7,196,026 + \$440,748 = \$7,636,774$.

⁵⁰ See Fee Filing for CAT Fee 2025-1, supra note 6.

⁵¹ This calculation is $\$28,886,088 + \$1,945,242 = \$30,831,330$.

⁵² This calculation is $\$28,872,444 + \$1,945,242 = \$30,817,686$.

⁵³ This calculation is $(\$7,221,522 + \$7,221,522) + (\$501,498 + \$501,498) = \$15,446,040$.

⁵⁴ This calculation is $(\$7,225,473 + \$7,225,473) + (\$501,498 + \$501,498) = \$15,453,942$.

fourth quarters of 2025 did not change materially from the Original 2025 CAT Budget to the Updated 2025 CAT Budget for the third and fourth quarters of 2025.

(iii) Technology Costs – CAIS Operating Fees

(a) Description of CAIS Operating Fees

Section 11.3(a)(iii)(B)(B)(1) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to provide a brief description of the CAIS operating fees set forth in the budget. The Operating Committee approved an operating budget for the CAT pursuant to Section 11.1(a) of the CAT NMS Plan that included \$10,374,924 in technology costs for CAIS operating fees for the CAT Fee 2025-2 Period. CAIS operating fees represent the fees paid to FCAT for services provided with regard to the operation and maintenance of CAIS, and to perform the business operations related to the system, including compliance, security, testing, training, communications with the industry (e.g., management of the FINRA CAT Helpdesk, FAQs, website and webinars) and program management. The CAT is required under the CAT NMS Plan to capture and store Customer Identifying Information and Customer Account Information in a database separate from the transactional database and to create a CAT-Customer-ID for each Customer. As of May 31, 2024, the implementation of CAIS was completed.⁵⁵

During the CAT Fee 2025-2 Period, it is anticipated that FCAT will provide CAIS-related services. Under the Plan Processor Agreement with FCAT, CAT LLC is required to pay FCAT for CAIS-related services provided by FCAT on a monthly basis. CAT LLC negotiated the fees for FCAT's CAIS-related services on an arm's length basis with the goals of managing costs and receiving services required to comply with the CAT NMS Plan, taking into consideration a variety of factors, including the services to be provided and market rates for

⁵⁵ For a discussion of the implementation timeline for CAIS, see CAT Alert 2023-01, <https://www.catnmsplan.com/sites/default/files/2024-01/01.22.24-CAT-Alert-2023-01.pdf>.

similar types of activity. During the CAT Fee 2025-2 Period, it is anticipated that FCAT will continue to provide services relating to the ongoing operation, maintenance and support of CAIS.

CAT LLC estimates that the budget for CAIS operating fees during the CAT Fee 2025-2 Period will be approximately \$10,374,924. The budget for CAIS operating fees during the CAT Fee 2025-2 Period is calculated based on the Updated 2025 CAT Budget. Specifically, this estimate was calculated by adding the budgeted amounts for CAIS operating fees for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget.⁵⁶

CAT LLC calculated the budget for FCAT's CAIS-related services for the CAT Fee 2025-2 Period based on the recurring monthly CAIS operating fees under the Plan Processor Agreement. This process for estimating the budget for the CAIS operating fees for the CAT Fee 2025-2 Period is the same process by which CAT LLC estimated the CAIS operating fees for the Original 2025 CAT Budget. The Original 2025 CAT Budget estimated a budget of \$5,187,462 for CAIS operating fees for the first quarter of 2025. The actual costs for CAIS operating fees for the first quarter of 2025, which are set forth in the Updated 2025 CAT Budget, were \$5,187,462. There was no variance between budgeted and actual CAIS operating fees for the first quarter of 2025. Accordingly, CAT LLC believes that the process for estimating the budgeted CAIS operating fees for the CAT Fee 2025-2 Period is reasonable.

(b) Changes from Prior Fee Filing

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to describe the reason for changes in the line item for CAIS operating fees from the prior CAT Fee filing. Accordingly, this filing describes the changes in CAIS operating fees from the Original 2025 CAT Budget, which was used in the calculation of the prior Prospective CAT Fee, CAT Fee 2025-1.⁵⁷ Specifically, the following describes the differences (if any) in the costs for CAIS operating fees as set forth in the Original 2025 CAT Budget versus the Updated 2025

⁵⁶ This calculation is $\$5,187,462 + \$5,187,462 = \$10,374,924$.

⁵⁷ See Fee Filing for CAT Fee 2025-1, supra note 6.

CAT Budget for the full year of 2025 as well as for the third and fourth quarters of 2025, and the reasons for any changes.

CAIS operating fees are based on a recurring monthly rate payable to FCAT and are unchanged from the prior CAT Fee filing. The annual 2025 budgeted costs for CAIS operating fees as set forth in the Original 2025 CAT Budget were \$20,749,848, and the annual 2025 budgeted costs for CAIS operating fees as set forth in the Updated 2025 CAT Budget are \$20,749,848. Accordingly, the budgeted annual costs for CAIS operating fees are the same for both the Original 2025 CAT Budget and the Updated 2025 CAT Budget.

Correspondingly, the budgeted costs for CAIS operating fees for the third and fourth quarters of 2025 as set forth in the Original 2025 CAT Budget were \$10,374,924, and the budgeted costs for CAIS operating fees for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget are \$10,374,924.⁵⁸ Accordingly, the budget costs for CAIS operating fees for the third and fourth quarters of 2025 are the same for both the Original 2025 CAT Budget and the Updated 2025 CAT Budget.

Accordingly, there were no changes in the line item for CAIS operating fees from the prior CAT Fee filing.

(iv) Technology Costs – Change Request Fees

(a) Description of Change Request Fees

Section 11.3(a)(iii)(B)(B)(1) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to provide a brief description of the change request fees set forth in the budget. The Operating Committee approved an operating budget for the CAT pursuant to Section 11.1(a) of the CAT NMS Plan that included \$500,000 in technology costs for change request fees for the CAT Fee 2025-2 Period. The technology costs related to change request fees include costs related to certain modifications, upgrades or other changes to the CAT.

⁵⁸ This calculation is $\$5,187,462 + \$5,187,462 = \$10,374,924$, for both the Original 2025 CAT Budget and the Updated 2025 CAT Budget.

Change requests are standard practice and necessary to reflect operational changes, including changes related to new market developments, such as new market participants. In general, if CAT LLC determines that a modification, upgrade or other changes to the functionality or service is necessary and appropriate, CAT LLC will submit a request for such a change to the Plan Processor. The Plan Processor will then respond to the request with a proposal for implementing the change, including the cost (if any) of such a change. CAT LLC then determines whether to approve the proposed change.

The change request budget line is established to include expected costs to be incurred in which the nature of the costs (i.e., capitalization versus expensing) have not yet been determined. Upon the incurrence of such costs, the final determination of capitalization versus expensing is determined and then such costs are reclassified from the change request line to the appropriate technology cost line item.

During the CAT Fee 2025-2 Period, it is anticipated that CAT LLC will engage FCAT to pursue certain change requests in accordance with the Plan Processor Agreement. The budget for change requests for the CAT Fee 2025-2 Period includes a placeholder of \$500,000 for potential change request fees that may be necessary in accordance with the Plan Processor Agreement. The placeholder amount was determined based on prior experience with change requests related to the CAT.

CAT LLC estimates that the budget for change requests during the CAT Fee 2025-2 Period will be approximately \$500,000. The budget for change requests during the CAT Fee 2025-2 Period is calculated based on the Updated 2025 CAT Budget. Specifically, this estimate was calculated by adding the budgeted amounts for the change requests for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget.⁵⁹

⁵⁹ This calculation is $\$250,000 + \$250,000 = \$500,000$.

CAT LLC estimated the budget for the potential change requests for the CAT Fee 2025-2 Period based on, among other things, a review of past change requests and potential future change request needs, as well as discussions with FCAT. This process for estimating the budget for the change requests for the CAT Fee 2025-2 Period is the same process by which CAT LLC estimated the change requests cost for the Original 2025 CAT Budget. The Original 2025 CAT Budget estimated a change request budget of \$0 for the first quarter of 2025. The actual costs for change requests for the first quarter of 2025, which are set forth in the Updated 2025 CAT Budget, were \$0. There was no variance between budgeted and actual change request costs for the first quarter of 2025. Accordingly, CAT LLC believes that the process for estimating the budgeted change request costs for 2025 is reasonable.

(b) Changes from Prior Fee Filing

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to describe the reason for changes in the line item for change request fees from the prior CAT Fee filing. Accordingly, this filing describes the changes in the change request fees from the Original 2025 CAT Budget, which was used in the calculation of the prior Prospective CAT Fee, CAT Fee 2025-1.⁶⁰ Specifically, the following describes the differences (if any) in the costs for change requests as set forth in the Original 2025 CAT Budget versus the Updated 2025 CAT Budget for the full year of 2025 as well as for the third and fourth quarters of 2025, and the reasons for any changes.

The annual 2025 budgeted costs for change requests as set forth in the Original 2025 CAT Budget were \$750,000, and the annual 2025 budgeted costs for change requests as set forth in the Updated 2025 CAT Budget are \$750,000. Accordingly, budgeted annual costs for change requests are the same for both the Original 2025 CAT Budget and the Updated 2025 CAT Budget.

⁶⁰ See Fee Filing for CAT Fee 2025-1, supra note 6.

Correspondingly, the budgeted costs for change requests for the third and fourth quarters of 2025 as set forth in the Original 2025 CAT Budget were \$500,000, and the budgeted costs for change request for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget are \$500,000.⁶¹ Accordingly, the budgeted costs for change requests for the third and fourth quarters of 2025 are the same for both the Original 2025 CAT Budget and the Updated 2025 CAT Budget.

Accordingly, there were no changes in the line item for change requests from the prior CAT Fee filing.

(v) Technology Costs – Capitalized Developed Technology Costs

(a) Description of Capitalized Developed Technology Costs

Section 11.3(a)(iii)(B)(B)(1) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to provide a brief description of the capitalized developed technology costs set forth in the budget. The Operating Committee approved an operating budget for the CAT pursuant to Section 11.1(a) of the CAT NMS Plan that includes \$0 in technology costs for capitalized developed technology costs for the CAT Fee 2025-2 Period. This category of costs includes the budget for capitalizable application development costs incurred in the development of the CAT. It is anticipated that such costs will include certain costs related to the software license fee for CAIS in accordance with the Plan Processor Agreement with FCAT, as well as costs related to a set of technology changes to be implemented by FCAT.

CAT LLC estimates that the budget for capitalized developed technology costs during the CAT Fee 2025-2 Period will be approximately \$0. The budget for capitalized developed technology costs during the CAT Fee 2025-2 Period is calculated based on the Updated 2025 CAT Budget. Specifically, this estimate was calculated by adding the budgeted amounts for

⁶¹ This calculation is $\$250,000 + \$250,000 = \$500,000$, for both the Original 2025 CAT Budget and the Updated 2025 CAT Budget.

capitalized developed technology costs for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget.⁶²

CAT LLC estimated the budget for capitalized developed technology costs for the CAT Fee 2025-2 Period based on an analysis of a variety of factors, including information related to potential technology costs and related contractual and Plan requirements, and discussions with FCAT regarding such potential technology costs. This process for estimating the budget for capitalized developed technology costs for the CAT Fee 2025-2 Period is the same process by which CAT LLC estimated the capitalized developed technology costs for the Original 2025 CAT Budget. The Original 2025 CAT Budget estimated a budget for capitalized developed technology costs of \$3,923,360 for the first quarter of 2025.⁶³ The actual costs for capitalized developed technology costs for the first quarter of 2025 were \$4,871,962.⁶⁴ The budgeted costs and the actual costs for the line item of capitalized developed technology costs for the first quarter of 2025 were the same: \$1,150,000. As a result, this variance is attributable to software license fees, which is the other line item included in the capitalized developed technology costs for Budgeted CAT Fees 2025-2. The variance of \$948,602 is the result of costs related to the software license fee for CAIS in accordance with the Plan Processor Agreement with FCAT. Accordingly, CAT LLC believes that the process for estimating the budgeted capitalized developed technology costs for the CAT Fee 2025-2 Period is reasonable.

(b) Changes from Prior Fee Filing

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to describe the reason for changes in the line item for capitalized developed technology costs from the prior CAT Fee filing. Accordingly, this filing describes the changes in the capitalized developed technology costs from the Original 2025 CAT Budget, which was used in

⁶² This calculation is $(\$0 + \$0) + (\$0 + \$0) = \$0$.

⁶³ This calculation is $\$1,150,000 + \$2,773,360 = \$3,923,360$.

⁶⁴ This calculation is $\$1,150,000 + \$3,721,962 = \$4,871,962$.

the calculation of the prior Prospective CAT Fee, CAT Fee 2025-1.⁶⁵ Specifically, the following describes the differences (if any) in the costs for capitalized developed technology costs as set forth in the Original 2025 CAT Budget versus the Updated 2025 CAT Budget for the full year of 2025 as well as for the third and fourth quarters of 2025, and the reasons for any changes.

The annual 2025 budget for capitalized developed technology costs as set forth in the Original 2025 CAT Budget were \$3,923,360,⁶⁶ and the annual 2025 budget for capitalized developed technology costs as set forth in the Updated 2025 CAT Budget are \$4,871,962.⁶⁷ Accordingly, the annual budget for capitalized developed technology costs increased by \$948,602 from the Original 2025 CAT Budget to the Updated 2025 CAT Budget for the full year of 2025. This increase in the annual budget for capitalized developed technology costs was the result of costs related to the software license fee for CAIS in accordance with the Plan Processor Agreement with FCAT.

In addition, the budget for capitalized developed technology costs for the third and fourth quarters of 2025 as set forth in the Original 2025 CAT Budget was \$0,⁶⁸ and the budgeted capitalized developed technology costs for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget was \$0.⁶⁹ Accordingly, the budgeted capitalized developed technology costs for the third and fourth quarters of 2025 was the same for both the Original 2025 CAT Budget and the Updated 2025 CAT Budget for the third and fourth quarters of 2025.

(vi) Legal Costs

(a) Description of Legal Costs

Section 11.3(a)(iii)(B)(B)(2) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to provide a brief description of the legal costs set forth in the budget. The

⁶⁵ See Fee Filing for CAT Fee 2025-1, *supra* note 6.

⁶⁶ This calculation is $\$1,150,000 + \$2,773,360 = \$3,923,360$.

⁶⁷ This calculation is $\$1,150,000 + \$3,721,962 = \$4,871,962$.

⁶⁸ This calculation is $(\$0 + \$0) + (\$0 + \$0) = \$0$.

⁶⁹ This calculation is $(\$0 + \$0) + (\$0 + \$0) = \$0$.

Operating Committee approved an operating budget for the CAT pursuant to Section 11.1(a) of the CAT NMS Plan that includes \$3,631,342 in legal costs for the CAT Fee 2025-2 Period. This category of costs represents budgeted costs for legal services for this period. CAT LLC anticipates that it will receive legal services from two law firms, Wilmer Cutler Pickering Hale and Dorr LLP (“WilmerHale”) and Jenner & Block LLP (“Jenner”), during the CAT Fee 2025-2 Period.

Law Firm: WilmerHale. It is anticipated that legal costs during the CAT Fee 2025-2 Period will include costs related to the legal services performed by WilmerHale. CAT LLC anticipates that it will continue to employ WilmerHale during the CAT Fee 2025-2 Period based on, among other things, their expertise, long history with the project and recognition that the hourly fee rates for this law firm are anticipated to be in line with market rates for specialized legal expertise. WilmerHale’s billing rates are negotiated on an annual basis and are determined with reference to the rates charged by other leading law firms for similar work. The Participants assess WilmerHale’s performance and review prospective budgets and staffing plans submitted by WilmerHale on an annual basis. The legal fees will be paid by CAT LLC to WilmerHale.

During the CAT Fee 2025-2 Period, it is anticipated that WilmerHale will provide legal services related to the following:

- Assist with CAT fee filings and related funding issues;
- Draft exemptive requests from CAT NMS Plan requirements and/or proposed amendments to the CAT NMS Plan;
- Provide legal guidance with respect to interpretations of CAT NMS Plan requirements;
- Provide legal support for the Operating Committee, Compliance Subcommittee, working groups and Leadership Team;
- Draft SRO rule filings related to the CAT Compliance Rule;
- Manage corporate governance matters, including supporting Operating Committee meetings and preparing resolutions and consents;

- Assist with communications with the industry, including CAT Alerts and presentations;
- Provide guidance regarding the confidentiality of CAT Data;
- Assist with cost management analyses and proposals;
- Assist with commercial contract-related matters, including change orders and amendments, Plan Processor Agreement items, and subcontract matters;
- Provide support with regard to discussions with the SEC and its staff, including with respect to addressing interpretive and implementation issues;
- Provide legal guidance with respect to the CAT budgets;
- Provide background assistance to other counsel for CAT matters;
- Assist with legal responses related to third-party data requests; and
- Provide legal support regarding CAT policies and procedures.

CAT LLC estimated the budget for the legal costs for WilmerHale for the CAT Fee 2025-2 Period through an analysis of a variety of factors, including WilmerHale fee rates, historical legal fees, and information related to pending legal issues and potential future legal issues.

Law Firm: Jenner. It is anticipated that legal costs during the CAT Fee 2025-2 Period will include costs related to the legal services performed by Jenner. CAT LLC anticipates that it will continue to employ Jenner during the CAT Fee 2025-2 Period based on among other things, their expertise, history with the project and recognition that their hourly fee rates are in line with market rates for specialized legal expertise. The legal fees will be paid by CAT LLC to Jenner.

During the CAT Fee 2025-2 Period, it is anticipated that Jenner will continue to provide legal assistance to CAT LLC regarding certain litigation matters, including: (1) CAT LLC's defense against a lawsuit filed in the Western District of Texas against the SEC Chair, the SEC and CAT LLC challenging the validity of Rule 613 and the CAT and alleging various constitutional, statutory, and common law claims;⁷⁰ (2) CAT LLC's intervention in a lawsuit in the Eleventh Circuit filed by various parties against the SEC challenging the SEC's approval of

⁷⁰ Davidson v. Gensler, No. 6:24-cv-197 (W.D. Tex. Apr. 16, 2024).

the CAT Funding Model;⁷¹ and (3) a lawsuit in the Eleventh Circuit filed by Citadel Securities LLC seeking review of the SEC's May 20, 2024 order⁷² granting the Participants temporary conditional exemptive relief related to the reporting of bids and/or offers made in response to a request for quote or other form of solicitation response provided in standard electronic format that is not immediately actionable.⁷³ Litigation involving CAT LLC is an expense of operating the CAT, and, therefore, is appropriately an obligation of both Participants and Industry Members under the CAT Funding Model.

CAT LLC estimated the budget for the legal costs for Jenner for the CAT Fee 2025-2 Period through an analysis of a variety of factors, including Jenner's fee rates, historical legal fees, and information related to pending legal issues and potential future legal issues.

Legal Cost Estimates. CAT LLC estimates that the budget for legal services during the CAT Fee 2025-2 Period will be approximately \$3,631,342. The budget for legal services during the CAT Fee 2025-2 Period is calculated based on the Updated 2025 CAT Budget. Specifically, this estimate was calculated by adding the budgeted amounts for the legal services for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget.⁷⁴

CAT LLC estimated the budget for the legal services for the CAT Fee 2025-2 Period based on an analysis of a variety of factors, including law firm fee rates, historical legal fees, and information related to pending legal issues and potential future legal issues. This process for estimating the budget for the legal services for CAT Fee 2025-2 Period is the same process by which CAT LLC estimated the legal cost for the Original 2025 CAT Budget. The Original 2025 CAT Budget estimated a budget for legal costs of \$1,430,000 for the first quarter of 2025. The actual costs for legal services for the first quarter of 2025, which are set forth in the Updated 2025 Budget, were \$1,922,990. The increase of \$492,990 was due to unanticipated issues that

⁷¹ American Securities Ass'n v. Securities and Exchange Comm'n, No. 23-13396 (11th Cir. Feb. 15, 2024).

⁷² Securities Exchange Act Release No. 100181 (May 20, 2024), 89 FR 45715 (May 23, 2024).

⁷³ Citadel Securities LLC v. Securities and Exchange Comm'n, No. 24-12300 (11th Cir. July 19, 2024).

⁷⁴ This calculation is $\$1,815,671 + \$1,815,671 = \$3,631,342$.

required additional legal efforts on behalf of CAT LLC that developed after the budget was created. Such additional costs were primarily due to additional legal work in responding to an SEC examination related to the CAT, for commercial contract-related matters, including with regard to the Plan Processor Agreement, and related to cost savings initiatives. Accordingly, CAT LLC believes that the process for estimating the budgeted legal costs for the CAT Fee 2025-2 Period is reasonable.

(b) Changes from Prior Fee Filing

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to describe the reason for changes in the line item for legal costs from the prior CAT Fee filing. Accordingly, this filing describes the changes in the legal costs from the Original 2025 CAT Budget, which was used in the calculation of the prior Prospective CAT Fee, CAT Fee 2025-1.⁷⁵ Specifically, the following describes the differences (if any) in the legal costs as set forth in the Original 2025 CAT Budget versus the Updated 2025 CAT Budget for the full year of 2025 as well as for the third and fourth quarters of 2025, and the reasons for any changes.

The annual 2025 budgeted legal costs as set forth in the Original 2025 CAT Budget were \$5,720,000, and the annual 2025 budgeted legal costs as set forth in the Updated 2025 CAT Budget are \$7,370,002. Accordingly, the annual budget for legal costs increased by \$1,650,002 from the Original 2025 CAT Budget to the Updated 2025 CAT Budget for the full year of 2025.

Correspondingly, the budgeted legal costs for the third and fourth quarters of 2025 as set forth in the Original 2025 CAT Budget were \$2,860,000,⁷⁶ and the budgeted legal costs for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget are \$3,631,342.⁷⁷ Accordingly, the budget for legal costs for the third and fourth quarters of 2025 increased by

⁷⁵ See Fee Filing for CAT Fee 2025-1, supra note 6.

⁷⁶ This calculation is $\$1,430,000 + \$1,430,000 = \$2,860,000$.

⁷⁷ This calculation is $\$1,815,671 + \$1,815,671 = \$3,631,342$.

\$771,342 from the Original 2025 CAT Budget to the Updated 2025 CAT Budget for the third and fourth quarters of 2025.

This budgeted increase in the legal costs in the Updated 2025 CAT Budget from the Original 2025 Budget, both for the full year for 2025 and for the third and fourth quarters of 2025, was primarily due to an anticipated increase in legal costs related to litigation matters as well as regulatory and corporate legal matters.

(vii) Consulting Costs

(a) Description of Consulting Costs

Section 11.3(a)(iii)(B)(B)(3) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to provide a brief description of the consulting costs set forth in the budget. The Operating Committee approved an operating budget for the CAT pursuant to Section 11.1(a) of the CAT NMS Plan that included \$866,167 in consulting costs for the CAT Fee 2025-2 Period. The consulting costs represent the fees estimated to be paid to the consulting firm Deloitte & Touche LLP (“Deloitte”) as project manager during the CAT Fee 2025-2 Period. These consulting costs include costs for advisory services related to the operation of the CAT, and meeting facilitation and communications coordination, vendor support and financial analyses.

It is anticipated that the costs for CAT during the CAT Fee 2025-2 Period will include costs related to consulting services performed by Deloitte. CAT LLC anticipates that it will continue to employ Deloitte during the CAT Fee 2025-2 Period based on, among other things, their expertise, long history with the project, and the recognition that it is anticipated that the consulting fees will remain in line with market rates for this type of specialized consulting work. Deloitte’s fee rates are negotiated on an annual basis. CAT LLC assesses Deloitte’s performance and reviews prospective budgets and staffing plans submitted by Deloitte on an annual basis. The consulting fees will be paid by CAT LLC to Deloitte.

It is anticipated that Deloitte will provide a variety of consulting services to the CAT during the CAT Fee 2025-2 Period, including the following:

- Implement program operations for the CAT project;
- Provide support to the Operating Committee, the Chair of the Operating Committee and the Leadership Team, including project management support, coordination and planning for meetings and communications, and interfacing with law firms and the SEC;
- Assist with cost and funding matters for the CAT, including assistance with loans and the CAT bank account for CAT funding;
- Provide support for updating the SEC on the progress of the development of the CAT; and
- Provide support for third party vendors for the CAT, including FCAT, Anchin and the law firms engaged by CAT LLC.

In addition, the consulting costs include the compensation for the Chair of the CAT Operating Committee.

CAT LLC estimates that the budget for consulting costs during the CAT Fee 2025-2 Period will be approximately \$866,167. The budget for consulting costs during the CAT Fee 2025-2 Period is calculated based on the Updated 2025 CAT Budget. Specifically, this estimate was calculated by adding the budgeted amounts for consulting services for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget.⁷⁸

CAT LLC estimates the budget for the consulting costs for Deloitte for the CAT Fee 2025-2 Period based on the current statement of work with Deloitte, which took into consideration past consulting costs, potential future consulting needs, the proposed rates and other contractual issues, as well as discussions with Deloitte. This process for estimating the budget for consulting costs for the CAT Fee 2025-2 Period is the same process by which CAT LLC estimated the consulting costs for the Original 2025 CAT Budget. The Original 2025 CAT Budget estimated a budget for consulting services of \$437,500 for the first quarter of 2025. The actual costs for consulting services for the first quarter of 2025, which are set forth in the

⁷⁸ This calculation is $\$433,084 + \$433,083 = \$866,167$.

Updated 2025 CAT Budget, were \$450,745. Therefore, the variance between budgeted and actual consulting costs for the first quarter of 2025 was approximately 3%. Accordingly, CAT LLC believes that the process for estimating the budgeted consulting costs for the CAT Fee 2025-2 Period is reasonable.

(b) Changes from Prior Fee Filing

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to describe the reason for changes in the line item for consulting costs from the prior CAT Fee filing. Accordingly, this filing describes the changes in the consulting costs from the Original 2025 CAT Budget, which was used in the calculation of the prior Prospective CAT Fee, CAT Fee 2025-1.⁷⁹ Specifically, the following describes the differences (if any) in the consulting costs as set forth in the Original 2025 CAT Budget versus the Updated 2025 CAT Budget for the full year of 2025 as well as for the third and fourth quarters of 2025, and the reasons for any changes.

The annual 2025 budget for consulting costs as set forth in the Original 2025 CAT Budget was \$1,750,000, and the annual 2025 budget for consulting costs as set forth in the Updated 2025 CAT Budget is approximately \$1,750,000. Accordingly, the annual budget for consulting costs has not changed from the Original 2025 CAT Budget to the Updated 2025 CAT Budget for the full year of 2025.

Correspondingly, the budget for consulting costs for the third and fourth quarters of 2025 as set forth in the Original 2025 CAT Budget was \$875,000,⁸⁰ and the budget for consulting costs for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget is \$866,167.⁸¹ Accordingly, the budget for consulting costs for the third and fourth quarters of 2025 decreased by \$8,833 (which is approximately 1%), from the Original 2025 CAT Budget to

⁷⁹ See Fee Filing for CAT Fee 2025-1, supra note 6.

⁸⁰ This calculation is $\$437,500 + \$437,500 = \$875,000$.

⁸¹ This calculation is $\$433,084 + \$433,083 = \$866,167$.

the Updated 2025 CAT Budget. Therefore, the budget for consulting costs for the third and fourth quarters of 2025 remained nearly the same in the Original 2025 CAT Budget and the Updated 2025 CAT Budget.

(viii) Insurance Costs

(a) Description of Insurance Costs

Section 11.3(a)(iii)(B)(B)(4) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to provide a brief description of the insurance costs set forth in the budget. The Operating Committee approved an operating budget for the CAT pursuant to Section 11.1(a) of the CAT NMS Plan that included \$1,594,452 in insurance costs for the CAT Fee 2025-2 Period. The insurance costs represent the costs to be incurred for insurance for CAT during the CAT Fee 2025-2 Period.

It is anticipated that the insurance costs for CAT during the CAT Fee 2025-2 Period will include costs related to cyber security liability insurance, directors' and officers' liability insurance, and errors and omissions liability insurance brokered by USI Insurance Services LLC ("USI"). Such policies are standard for corporate entities, and cyber security liability insurance is important for the CAT System. CAT LLC anticipates that it will continue to maintain this insurance during the CAT Fee 2025-2 Period, and notes that the annual premiums for these policies were competitive for the coverage provided. CAT LLC estimated the budget for the insurance costs for the CAT Fee 2025-2 Period based on the insurance estimate from USI for 2025. The annual premiums would be paid by CAT LLC to USI.⁸²

The budgeted insurance costs for the CAT Fee 2025-2 Period are based on an insurance cost estimate from USI for 2025. Accordingly, CAT LLC believes that the process for estimating the budgeted insurance costs for the CAT Fee 2025-2 Period is reasonable.

(b) Changes from Prior Fee Filing

⁸² Note that CAT LLC generally pays its USI insurance premiums once per year, and such payment is scheduled to occur during the third quarter of 2025.

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to describe the reason for changes in the line item for insurance costs from the prior CAT Fee filing. Accordingly, this filing describes the changes in the insurance costs from the Original 2025 CAT Budget, which was used in the calculation of the prior Prospective CAT Fee, CAT Fee 2025-1.⁸³ Specifically, the following describes the differences (if any) in insurance costs as set forth in the Original 2025 CAT Budget versus the Updated 2025 CAT Budget for the full year of 2025 as well as for the third and fourth quarters of 2025, and the reasons for any changes.

The annual 2025 budgeted insurance costs as set forth in the Original 2025 CAT Budget were \$1,594,452, and the annual 2025 budgeted insurance costs as set forth in the Updated 2025 CAT Budget are \$1,594,452. Accordingly, the annual budgeted insurance costs remained the same for the Original 2025 CAT Budget and the Updated 2025 CAT Budget for the full year of 2025.

Correspondingly, the budgeted insurance costs for the third and fourth quarters of 2025 as set forth in the Original 2025 CAT Budget were \$1,594,452,⁸⁴ and the budgeted insurance costs for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget are \$1,594,452.⁸⁵ Accordingly, the budgeted insurance costs for the third and fourth quarters of 2025 remained the same in the Original 2025 CAT Budget and the Updated 2025 CAT Budget for the third and fourth quarters of 2025.

(ix) Professional and Administration Costs

(a) Description of Professional and Administration Costs

Section 11.3(a)(iii)(B)(B)(5) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to provide a brief description of the professional and administration costs

⁸³ See Fee Filing for CAT Fee 2025-1, supra note 6.

⁸⁴ This calculation is $\$1,594,452 + \$0 = \$1,594,452$.

⁸⁵ This calculation is $\$1,594,452 + \$0 = \$1,594,452$.

set forth in the budget. The Operating Committee approved an operating budget for the CAT pursuant to Section 11.1(a) of the CAT NMS Plan that included \$609,818 in professional and administration costs for the CAT Fee 2025-2 Period. In adopting the CAT NMS Plan, the Commission amended the Plan to add a requirement that CAT LLC's financial statements be prepared in compliance with GAAP, audited by an independent public accounting firm, and made publicly available.⁸⁶ The professional and administration costs would include costs related to accounting and accounting advisory services to support the operating and financial functions of CAT, financial statement audit services by an independent accounting firm, preparation of tax returns, and various cash management and treasury functions. The professional and administration costs represent the fees to be paid to Anchin Block & Anchin ("Anchin") and Grant Thornton LLP ("Grant Thornton") for financial services during the CAT Fee 2025-2 Period.

Financial Advisory Firm: Anchin. It is anticipated that the professional and administration costs for the CAT Fee 2025-2 Period will include costs related to financial advisory services performed by Anchin. CAT LLC anticipates that it will continue to employ Anchin during the CAT Fee 2025-2 Period based on, among other things, the firm's relevant expertise and fees, which are anticipated to remain in line with market rates for these financial advisory services. The fees for these services will be paid by CAT LLC to Anchin.

It is anticipated that Anchin will provide a variety of services to the CAT during the CAT Fee 2025-2 Period, including the following:

- Update and maintain internal controls;
- Provide cash management and treasury functions;
- Facilitate bill payments to vendors;
- Facilitate repayments of promissory notes to Participants;
- Provide monthly bookkeeping;

⁸⁶ See Section 9.2 of the CAT NMS Plan.

- Review vendor invoices and documentation in support of cash disbursements;
- Review documentation to ensure that repayments of promissory notes to Participants are in accordance with established policies and procedures;
- Provide accounting research and consultations on various accounting, financial reporting and tax matters;
- Address not-for-profit tax and accounting considerations;
- Prepare tax returns;
- Address various accounting, financial reporting and operating inquiries from Participants;
- Develop and maintain annual operating and financial budgets, including budget to actual fluctuation analyses;
- Support compliance with the CAT NMS Plan;
- Work with and provide support to the Operating Committee and various CAT working groups;
- Prepare monthly, quarterly and annual financial statements;
- Review and reconcile the monthly FINRA CAT reports/analyses related to billings, collections, outstanding accounts receivable and cash account;
- Perform certain verification, completeness, and validation testing related to the monthly FINRA CAT reports/analyses related to billings;
- Support the annual financial statement audits by an independent auditor;
- Review historical costs from inception;
- Provide accounting and financial information in support of SEC filings; and
- Perform additional ad hoc accounting and financial advisory services, as requested by CAT LLC.

CAT LLC estimated the annual budget for the costs for Anchin based on historical costs adjusted for cost of living rate increases, and projected incremental advisory and support services.

Accounting Firm: Grant Thornton. It is anticipated that the professional and administration costs for the CAT Fee 2025-2 Period will include costs related to accounting services performed by Grant Thornton. CAT LLC anticipates that it will continue to employ Grant Thornton during the CAT Fee 2025-2 Period based on, among other things, the firm's

relevant expertise and fees, which are anticipated to remain in line with market rates for these financial advisory services. It is anticipated that Grant Thornton will continue to be engaged as an independent accounting firm to complete the audit of CAT LLC's financial statements, in accordance with the requirements of the CAT NMS Plan. The fees for these services will be paid by CAT LLC to Grant Thornton. CAT LLC estimated the budget for the accounting costs for Grant Thornton for the CAT Fee 2025-2 Period based on the anticipated hourly rates and the anticipated services plus an administrative fee.

Professional and Administration Cost Estimates. CAT LLC estimates that the budget for professional and administration services during the CAT Fee 2025-2 Period will be approximately \$609,818. The budget for professional and administration services during the CAT Fee 2025-2 Period is based on the Updated 2025 CAT Budget. CAT LLC estimated the budget for the professional and administration costs for the CAT Fee 2025-2 Period based on a review of past professional and administration costs, potential future professional and administration needs, the proposed rates and other contractual issues, as well as discussions with Anchin and Grant Thornton. This process for estimating the budget for the professional and administration costs for the CAT Fee 2025-2 Period is the same process by which CAT LLC estimated the professional and administration costs for the Original 2025 CAT Budget. The Original 2025 CAT Budget estimated a budget for professional and administration costs of \$168,750 for the first quarter of 2025. The actual costs for professional and administration services for the first quarter of 2025, which are set forth in the Updated 2025 Budget, were \$297,513. The increase of \$128,763 was due to unanticipated issues that required additional professional and administration efforts on behalf of CAT LLC that developed after the budget was created. Such additional costs were primarily due to increases in both financial advisory costs and accounting costs as a result of incremental controls and procedures relating to billings and collections of fees from Participants and Industry Members and the corresponding repayments of promissory notes on historical costs as well as incremental subsequent events

procedures relating to the 2023 audit for CAT LLC. Accordingly, CAT LLC believes that the process for estimating the budgeted professional and administration costs for the CAT Fee 2025-2 Period is reasonable.

(b) Changes from Prior Fee Filing

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to describe the reason for changes in the line item for professional and administration costs from the prior CAT Fee filing. Accordingly, this filing describes the changes in the professional and administration costs from the Original 2025 CAT Budget, which was used in the calculation of the prior Prospective CAT Fee, CAT Fee 2025-1.⁸⁷ Specifically, the following describes the differences (if any) in the professional and administration costs as set forth in the Original 2025 CAT Budget versus the Updated 2025 CAT Budget for the full year of 2025 as well as for the third and fourth quarters of 2025, and the reasons for any changes.

The annual 2025 budgeted professional and administration costs as set forth in the Original 2025 CAT Budget were \$882,456, and the annual 2025 budgeted professional and administration costs as set forth in the Updated 2025 CAT Budget are \$1,193,090. Accordingly, the budgeted annual costs for professional and administration services increased by \$310,634 from the Original 2025 CAT Budget to the Updated 2025 CAT Budget for the full year of 2025.

Correspondingly, the budgeted costs for professional and administration services for the third and fourth quarters of 2025 as set forth in the Original 2025 CAT Budget were \$444,246,⁸⁸ and the budgeted costs for professional and administration services services [*sic*] for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget are \$609,818.⁸⁹ Accordingly, the budgeted costs for professional and administration services for the third and

⁸⁷ See Fee Filing for CAT Fee 2025-1, supra note 6.

⁸⁸ This calculation is $\$168,750 + \$275,496 = \$444,246$.

⁸⁹ This calculation is $\$414,818 + \$195,000 = \$609,818$.

fourth quarters of 2025 increased by \$165,572 from the Original 2025 CAT Budget to the Updated 2025 CAT Budget for the third and fourth quarters of 2025.

This budgeted increase in the professional and administration costs in the Updated 2025 CAT Budget from the Original 2025 Budget, both for the full year for 2025 and for the third and fourth quarters of 2025, was primarily due to increases in both financial advisory costs and accounting costs as a result of additional anticipated efforts related to billings and collections of fees from Participants and Industry Members, coupled with expected incremental efforts related to supporting CAT LLC's independent auditors for the 2024 audit.

(x) Public Relations Costs

(a) Description of Public Relations Costs

Section 11.3(a)(iii)(B)(B)(6) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to provide a brief description of the public relations costs set forth in the budget. The Operating Committee approved an operating budget for the CAT pursuant to Section 11.1(a) of the CAT NMS Plan that included \$0 in public relations costs for the CAT Fee 2025-2 Period. The public relations costs represent the fees paid to a public relations firm for professional communications services to CAT, including media relations consulting, strategy and execution. Because CAT LLC anticipates that it will not engage a public relations firm for the third and fourth quarters of 2025, the budget for public relations costs for this period is \$0.

(b) Changes from Prior Fee Filing

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to describe the reason for changes in the line item for public relations costs from the prior CAT Fee filing. Accordingly, this filing describes the changes in the public relations costs from the Updated 2025 CAT Budget, which was used in the calculation of the prior Prospective CAT Fee, CAT Fee 2025-1.⁹⁰ Specifically, the following describes the differences (if any) in the

⁹⁰ See Fee Filing for CAT Fee 2025-1, supra note 6.

public relations costs as set forth in the Original 2025 CAT Budget versus the Updated 2025 CAT Budget for the full year of 2025 as well as for the third and fourth quarters of 2025, and the reasons for any changes.

The annual budgeted public relations costs for 2025 as set forth in the Original 2025 CAT Budget were \$50,000, and the annual budgeted public relations costs for 2025 as set forth in the Updated 2025 CAT Budget are \$6,575. Accordingly, the annual budget for public relations cost for 2025 decreased by \$43,425 from the Original 2025 CAT Budget to the Updated 2025 CAT Budget for the full year of 2025.

Correspondingly, the budgeted costs for public relations services for the third and fourth quarters of 2025 as set forth in the Original 2025 CAT Budget were \$25,000,⁹¹ and the budgeted costs for public relations services for the third and fourth quarters of 2025 as set forth in the Updated 2025 CAT Budget are \$0.⁹² Accordingly, the budgeted costs for public relations services for the third and fourth quarters of 2025 decreased by \$25,000 from the Original 2025 CAT Budget to the Updated 2025 CAT Budget for the third and fourth quarters of 2025.

This budgeted decrease in the public relations costs from the Original 2025 CAT Budget to the Updated 2025 CAT Budget, both for the full year for 2025 and for the third and fourth quarters of 2025, was primarily due to CAT LLC's anticipation that it would not engage a public relations firm for the remainder of 2025.

(xi) Reserve

(a) Description of Reserve

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to provide a brief description of the reserve costs set forth in the budget. The Operating Committee approved an operating budget for the CAT pursuant to Section 11.1(a) of the CAT NMS Plan that includes a reserve amount for 2025. Section 11.1(a)(i) of the CAT

⁹¹ This calculation is $\$12,500 + \$12,500 = \$25,000$.

⁹² This calculation is $\$0 + \$0 = \$0$.

NMS Plan states that the budget shall include a reserve. Section 11.1(a)(ii) of the CAT NMS

Plan further describes the reserve as follows:

For the reserve referenced in paragraph (a)(i) of this Section, the budget will include an amount reasonably necessary to allow the Company to maintain a reserve of not more than 25% of the annual budget. To the extent collected CAT fees exceed CAT costs, including the reserve of 25% of the annual budget, such surplus shall be used to offset future fees. For the avoidance of doubt, the Company will only include an amount for the reserve in the annual budget if the Company does not have a sufficient reserve (which shall be up to but not more than 25% of the annual budget). For the avoidance of doubt, the calculation of the amount of the reserve would exclude the amount of the reserve from the budget.

CAT LLC determined to maintain a reserve in the amount of 25% of the total expenses set forth in Updated 2025 CAT Budget (which does not include the reserve amount). Accordingly, the total 25% reserve was calculated by multiplying the total expenses set forth in the Updated 2025 CAT Budget (other than the reserve) by 25%, which is \$57,083,638.⁹³

The Updated 2025 CAT Budget states that CAT LLC had accrued \$70,942,596 for the reserve as of the beginning of 2025, and an additional \$28,846,075 during the first quarter of 2025, from the collection of CAT Fees 2024-1 and 2025-1 and the related Participant CAT Fees. In addition, the Updated 2025 CAT Budget anticipates the collection of an additional \$11,821,477 during the second quarter of 2025 via CAT Fee 2025-1 and the related Participant CAT Fee. Accordingly, the Updated 2025 CAT Budget estimates that CAT LLC would collect a surplus reserve amount through June 2025 of \$54,526,412 over the 25% reserve amount of \$57,083,638.⁹⁴ The following chart summarizes the calculation of the surplus reserve amount included in Budgeted CAT Costs 2025-2 and used to calculate CAT Fee 2025-2:

1	Total reserve as of the beginning of 2025	\$70,942,596
2	Total reserve collected during the Q1 2025	\$28,846,075
3	Total reserve estimated for Q2 2025	\$11,821,477
4	TOTAL RESERVE COLLECTED or ESTIMATED TO BE COLLECTED by END of Q2 of 2025 (Row 1 + Row 2 + Row 3)	\$111,610,148

⁹³ The reserve was calculated by multiplying \$228,334,551 by 25%, which equals approximately \$57,083,638.

⁹⁴ This calculation is $(\$70,942,596 + \$28,846,075 + \$11,821,477) - \$57,083,638 = \$54,526,412$.

5	Budgeted 2025 Reserve (Total 2025 CAT costs other than reserve (\$228,334,551) multiplied by 25%)	\$57,083,638
	TOTAL SURPLUS RESERVE (Row 4 – Row 5)	\$54,526,412

Such surplus was related, in part, to (i) the collection of CAT fees in excess of the budgeted CAT costs for 2024 and 2025 in light of the greater actual executed equivalent share volume than the projected executed equivalent share volume for CAT Fees 2024-1 and 2025-1, and (ii) a reduction in anticipated budgeted costs associated with the implementation of certain cost savings measures approved by the SEC pertaining to the processing of options market maker quotes and the storage of certain data.⁹⁵

As set forth in the Budgeted CAT Costs 2025-2, the surplus reserve balance of \$54,526,412 would be used to offset a portion of CAT costs for the third and fourth quarters of 2025, thereby reducing the fee rate to be paid for CAT Fee 2025-2. Specifically, the total costs used to calculate the fee rate for CAT Fee 2025-2 would be reduced by the amount of the surplus reserve as set forth in the following table:

1	Total Budgeted CAT Costs 2025-2 Other than Reserve (i.e., costs for Q3 and Q4 of 2025)	\$115,252,921
2	Surplus Reserve	(\$54,526,510)
3	Total Budgeted CAT Costs 2025-2 (Row 1 – Row 2)	\$60,726,412

Accordingly, the fee rate for CAT Fee 2025-2 is calculated based on this reduced amount of \$60,726,412, resulting in a fee rate of \$0.000009 per executed equivalent share. If the fee rate for CAT Fee 2025-2 were calculated solely based on the reasonably budgeted costs for CAT for July – December 2025 excluding the reduction in that amount due to the surplus reserve offset

⁹⁵ See Cost Savings Amendment.

(that is, based on \$115,252,921, not \$60,726,412), the fee rate would be the higher rate of \$0.000017.⁹⁶

(b) Changes from Prior Fee Filing

Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan requires the fee filing for a Prospective CAT Fee to describe the reason for changes in the line item for a reserve from the prior CAT Fee filing. Accordingly, this filing describes the changes in the reserve from the Original 2025 CAT Budget, which was used in the calculation of the prior Prospective CAT Fee, CAT Fee 2025-1.⁹⁷

For the Original 2025 CAT Budget, CAT LLC determined to maintain a reserve in the amount of 25% of budgeted CAT costs (other than the reserve). Accordingly, the total 25% reserve was calculated by multiplying the budgeted CAT costs (other than the reserve) as set forth in the Original 2025 CAT Budget (which is \$248,846,076) by 25%, for a target reserve amount of \$62,211,519. However, the Original 2025 CAT Budget recognized that a portion of the reserve - \$38,369,315 - would have been previously collected, and therefore would not need to be included the budgeted CAT costs to be recovered by the CAT Fees. Specifically, the Original 2025 CAT Budget recognized that there was (i) a liquidity reserve balance of \$27,695,385 at the beginning of 2025, (ii) a favorable variance of \$10,084,698 for budgeted versus actual cloud hosting services costs covering the period from July 16, 2024 through September 30, 2024, and (iii) a Participation Fee from a new Participant in the CAT NMS Plan of \$589,232. These three items totaled \$38,369,315. Accordingly, the Original 2025 CAT Budget only included \$23,842,200 to be collected towards the reserve via the CAT Fee. This \$23,842,200 is calculated by reducing the total 25% reserve amount of \$62,211,519 by the \$38,369,315 previously collected for the reserve. In the Original 2025 CAT Budget, the budget

⁹⁶ See CAT Fee Alert 2025-2 (May 29, 2025), <https://catnmsplan.com/sites/default/files/2025-05/05.29.25-CAT-Fee-Alert-2025-2.pdf>

⁹⁷ See Fee Filing for CAT Fee 2025-1, supra note 6.

anticipated collecting the remaining reserve amount of \$23,842,200 evenly throughout the year, that is, \$5,960,500 for each quarter.

As discussed above, CAT LLC determined to maintain a reserve in the amount of 25% of the budgeted CAT costs (other than the reserve). Accordingly, the total 25% reserve was calculated by multiplying the budgeted CAT costs (other than the reserve) as set forth in the Updated 2025 CAT Budget (which is \$228,334,551) by 25%, for a target reserve amount of \$57,083,638.⁹⁸ However, the Updated 2025 CAT Budget states that CAT LLC had accrued \$70,942,596 for the reserve as of the beginning of 2025, and an additional \$28,846,075 during the first quarter of 2025, from the collection of CAT Fees 2024-1 and 2025-1 and the related Participant CAT Fees. In addition, the Updated 2025 CAT Budget anticipates the collection of an additional \$11,821,477 during the second quarter of 2025 via CAT Fee 2025-1 and the related Participant CAT Fee. Accordingly, the Updated 2025 CAT Budget estimates that CAT LLC would collect a surplus reserve amount through June 2025 of \$54,526,412 in excess of the 25% targeted reserve amount of \$57,083,638.⁹⁹ Accordingly, the Updated 2025 CAT Budget anticipates reducing the recoverable CAT costs by \$54,526,412 in the second half of 2025, specifically a reduction of \$27,263,255 in each of the third and fourth quarters of 2025.

As discussed above, such surplus reserve balance of \$54,526,412 would be used to offset a portion of CAT costs for the third and fourth quarters of 2025, thereby reducing the fee rate for CAT Fee 2025-2 in accordance with Section 11.1(a)(ii) of the CAT NMS Plan. Section 11.1(a)(ii) of the CAT NMS Plan states that “[t]o the extent collected CAT fees exceed CAT costs, including the reserve of 25% of the annual budget, such surplus shall be used to offset future fees.”

(D) Projected Total Executed Equivalent Share Volume

⁹⁸ The reserve was calculated by multiplying \$228,334,551 by 25%, which equals approximately \$57,083,638.

⁹⁹ This calculation is $(\$70,942,596 + \$28,846,075 + \$11,821,477) - \$57,083,638 = \$54,526,412$.

The calculation of Fee Rate 2025-2 also requires the determination of the projected total executed equivalent share volume of transactions in Eligible Securities for the CAT Fee 2025-2 Period. Under the CAT NMS Plan, the Operating Committee is required to “reasonably determine the projected total executed equivalent share volume of all transactions in Eligible Securities for each relevant period based on the executed equivalent share volume of all transactions in Eligible Securities for the prior twelve months.”¹⁰⁰ The Operating Committee is required to base its projection on the prior twelve months, but it may use its discretion to analyze the likely volume for the upcoming year. Such discretion would allow the Operating Committee to use its judgment when estimating projected total executed equivalent share volume if the volume over the prior twelve months was unusual or otherwise unfit to serve as the basis of a future volume estimate.¹⁰¹

The total executed equivalent share volume of transactions in Eligible Securities for the 12-month period from April 2024 through March 2025 was 4,580,287,680,646.28 executed equivalent shares. The Operating Committee has determined to calculate the projected total executed equivalent share volume for the six-month recovery period for CAT Fee 2025-2 by multiplying by one-half the executed equivalent share volume for the 12-month period from April 2024 through March 2025. The Operating Committee determined that such an approach was reasonable as the CAT’s annual executed equivalent share volume has remained relatively constant. For example, the executed equivalent share volume for 2021 was 3,963,697,612,395, the executed equivalent share volume for 2022 was 4,039,821,841,560.31, the executed equivalent share volume for 2023 was 3,868,940,345,680.6, and the executed equivalent share volume for 2024 was 4,295,884,600,069.41. Accordingly, the projected total executed

¹⁰⁰ See Section 11.3(a)(i)(D) of the CAT NMS Plan.

¹⁰¹ See CAT Funding Model Approval Order, 88 FR 62628, 62651.

equivalent share volume for the six-month period for CAT Fee 2025-2 is projected to be 2,290,143,840,323.14 executed equivalent shares.¹⁰²

The projected total executed equivalent share volume of all transactions in Eligible Securities for the six-month recovery period for CAT Fee 2025-2 and a description of the calculation of the projection is provided in this filing in accordance with the requirement in the CAT NMS Plan to provide such information in a fee filing for a CAT Fee.¹⁰³

(E) Fee Rate 2025-2

Fee Rate 2025-2 would be calculated by dividing the Budgeted CAT Costs 2025-2 by the reasonably projected total executed equivalent share volume of all transactions in Eligible Securities for the six-month recovery period for CAT Fee 2025-2, as described in detail above.¹⁰⁴ Specifically, Fee Rate 2025-2 would be calculated by dividing \$60,726,412 by 2,290,143,840,323.14 executed equivalent shares. As a result, Fee Rate 2025-2 would be \$0.00002651641828376661 per executed equivalent share. Fee Rate 2025-2 is provided in this filing in accordance with the requirement in the CAT NMS Plan to provide the Fee Rate in a fee filing for a CAT Fee.¹⁰⁵

(3) Monthly Fees

CEBBs and CEBSs would be required to pay fees for CAT Fee 2025-2 on a monthly basis for six months, from August 2025 until January 2026. A CEBB's or CEBS's fee for each month would be calculated based on the transactions in Eligible Securities executed by the CEBB or CEBS from the prior month.¹⁰⁶ Proposed paragraph (a)(1)(E)(i) of Rule 6897 would

¹⁰² This projection was calculated by multiplying 4,580,287,680,646.28 executed equivalent shares by one-half.

¹⁰³ See Section 11.3(a)(iii)(B) of the CAT NMS Plan.

¹⁰⁴ In approving the CAT Funding Model, the Commission stated that “[t]he manner in which the Fee Rate for Prospective CAT Costs will be calculated (i.e., by dividing the CAT costs reasonably budgeted for the upcoming year by the reasonably projected total executed equivalent share volume of all transactions in Eligible Securities for the year) is reasonable.” See CAT Funding Model Approval Order, 88 FR 62628, 62651.

¹⁰⁵ See Section 11.3(a)(iii)(B)(A) of the CAT NMS Plan.

¹⁰⁶ See proposed paragraph (a)(1)(E)(ii) of FINRA Rule 6897.

state that each CAT Executing Broker would receive its first invoice for CAT Fee 2025-2 in August 2025, and would receive an invoice for CAT Fee 2025-2 each month thereafter until January 2026. Proposed paragraph (a)(1)(E)(ii) would state that “Consolidated Audited Trail, LLC shall provide each CAT Executing Broker with an invoice for CAT Fee 2025-2 on a monthly basis.” In addition, paragraph (a)(2)(A) of Rule 6897 states that each CEBB and CEBS is required to pay its CAT fees “each month.”

(4) Consolidated Audit Trail Funding Fees

To implement CAT Fee 2025-2, FINRA proposes to add a new paragraph to FINRA Rule 6897 (Consolidated Audit Trail Funding Fees), to include the proposed paragraphs described below.

(A) CAT Fee 2025-2

The CAT NMS Plan states that:

Each Industry Member that is the CAT Executing Broker for the buyer in a transaction in Eligible Securities (“CAT Executing Broker for the Buyer” or “CEBB”) and each Industry Member that is the CAT Executing Broker for the seller in a transaction in Eligible Securities (“CAT Executing Broker for the Seller” or “CEBS”) will be required to pay a CAT Fee for each such transaction in Eligible Securities in the prior month based on CAT Data. The CEBB’s CAT Fee or CEBS’s CAT Fee (as applicable) for each transaction in Eligible Securities will be calculated by multiplying the number of executed equivalent shares in the transaction by one-third and by the Fee Rate reasonably determined pursuant to paragraph (a)(i) of this Section 11.3.¹⁰⁷

Accordingly, based on the factors discussed above, FINRA proposes to add paragraph (a)(1)(E) to FINRA Rule 6897, which would state that:

(i) Each CAT Executing Broker shall receive its first invoice for CAT Fee 2025-2 in August 2025, which shall set forth the CAT Fee 2025-2 fees calculated based on transactions in July 2025, and shall receive an invoice for CAT Fee 2025-2 for each month thereafter until January 2026.

(ii) Consolidated Audit Trail, LLC shall provide each CAT Executing Broker with an invoice for CAT Fee 2025-2 on a monthly basis. Each month, such invoices shall set forth a fee for each transaction in Eligible Securities executed by the CAT Executing Broker in its capacity as a CAT Executing Broker for the Buyer (“CEBB”) and/or the CAT Executing Broker for the Seller (“CEBS”) (as applicable) from the prior month as set forth in CAT Data. The fee for each such

¹⁰⁷ See Section 11.3(a)(iii)(A) of the CAT NMS Plan.

transaction will be calculated by multiplying the number of executed equivalent shares in the transaction by the fee rate of \$0.000009 per executed equivalent share.

(iii) Notwithstanding the last invoice date of January 2026 for CAT Fee 2025-2 in paragraph (a)(1)(E)(i) of this Rule, CAT Fee 2025-2 shall continue in effect after January 2026, with each CAT Executing Broker receiving an invoice for CAT Fee 2025-2 each month, until a new subsequent CAT Fee is in effect with regard to Industry Members in accordance with Section 19(b) of the Exchange Act. Consolidated Audit Trail, LLC will provide notice when CAT Fee 2025-2 will no longer be in effect.

(iv) Each CAT Executing Broker shall be required to pay each invoice for CAT Fee 2025-2 in accordance with paragraph (a)(2) of this Rule.

As noted in the Plan amendment for the CAT Funding Model, “[a]s a practical matter, the fee filing would provide the exact fee per executed equivalent share to be paid for the CAT Fees, by multiplying the Fee Rate by one-third and describing the relevant number of decimal places for the fee.”¹⁰⁸ Accordingly, proposed paragraph (a)(1)(E)(ii) of Rule 6897 would set forth a fee rate of \$0.000009 per executed equivalent share. This fee rate is calculated by multiplying Fee Rate 2025-2 of \$0.00002651641828376661 by one-third, and rounding the result to six decimal places.¹⁰⁹ The Operating Committee determined to use six decimal places to balance the accuracy of the calculation with the potential systems and other impracticalities of using additional decimal places in the calculation.

The proposed language in paragraph (a)(1)(E)(i) of Rule 6897 would describe when CAT Executing Brokers would receive their first monthly invoice for CAT Fee 2025-2. Specifically, CAT Executing Brokers would receive their first monthly invoice for CAT Fee 2025-2 in August 2025 and the fees set forth in that invoice would be calculated based on transactions executed in July 2025. The payment for the first invoice would be required within 30 days after the receipt of the first invoice (unless a longer period is indicated), as described in paragraph (a)(2)(B) of Rule 6897.

¹⁰⁸ See CAT Funding Model Approval Order, 88 FR 62628, 62658, n.658.

¹⁰⁹ Dividing \$0.00002651641828376661 by three equals \$0.000008838806094588872. Rounding \$0.000008838806094588872 to six decimal places equals \$0.000009.

Proposed paragraph (a)(1)(E)(i) of Rule 6897 also would describe the monthly cadence of the invoices for CAT Fee 2025-2. Specifically, after the first invoices are provided to CAT Executing Brokers in August 2025, invoices will be sent to CAT Executing Brokers each month thereafter until January 2026.

Proposed paragraph (a)(1)(E)(ii) of Rule 6897 would describe the invoices for CAT Fee 2025-2. Proposed paragraph (a)(1)(E)(ii) would state that “Consolidated Audit Trail, LLC shall provide each CAT Executing Broker with an invoice for CAT Fee 2025-2 on a monthly basis.” Proposed paragraph (a)(1)(E)(ii) also would describe the fees to be set forth in the invoices for CAT Fee 2025-2. Specifically, it would state that “[e]ach month, such invoices shall set forth a fee for each transaction in Eligible Securities executed by the CAT Executing Broker in its capacity as a CAT Executing Broker for the Buyer (‘CEBB’) and/or the CAT Executing Broker for the Seller (‘CEBS’) (as applicable) from the prior month as set forth in CAT Data. The fee for each such transaction will be calculated by multiplying the number of executed equivalent shares in the transaction by the fee rate of \$0.000009 per executed equivalent share.”

Since CAT Fee 2025-2 is a monthly fee based on actual transaction volume from the prior month, CAT Fee 2025-2 may collect more or less than two-thirds of the Budgeted CAT Costs 2025-2. To the extent that CAT Fee 2025-2 collects more than two-thirds of the Budgeted CAT Costs 2025-2, any excess money collected will be used to offset future fees and/or to fund the reserve for the CAT. To the extent that CAT Fee 2025-2 collects less than two-thirds of the Budgeted CAT Costs 2025-2, the budget for the CAT in the ensuing months will reflect such shortfall.

Furthermore, proposed paragraph (a)(1)(E)(iii) of Rule 6897 would describe how long CAT Fee 2025-2 would remain in effect. It would state that “[n]otwithstanding the last invoice date of January 2026 for CAT Fee 2025-2 in paragraph (a)(1)(E)(i) of this Rule, CAT Fee 2025-2 shall continue in effect after January 2026, with each CAT Executing Broker receiving an invoice for CAT Fee 2025-2 each month, until a new subsequent CAT Fee is in effect with regard to

Industry Members in accordance with Section 19(b) of the Exchange Act. Consolidated Audit Trail, LLC will provide notice when CAT Fee 2025-2 will no longer be in effect.”

Finally, proposed paragraph (a)(1)(E)(iv) of Rule 6897 would set forth the requirement for the CAT Executing Brokers to pay the invoices for CAT Fee 2025-2. It would state that “[e]ach CAT Executing Broker shall be required to pay each invoice for CAT Fee 2025-2 in accordance with paragraph (a)(2) of this Rule.”

(B) Manner of Payment

Paragraph (a)(2)(A) of Rule 6897 describes the manner of payment of Industry Member CAT fees and states that “[e]ach CAT Executing Broker shall pay its CAT fees as required pursuant to paragraph (a)(1) of this Rule each month to the Consolidated Audit Trail, LLC in the manner prescribed by the Consolidated Audit Trail, LLC.” The CAT NMS Plan requires the Operating Committee to establish a system for the collection of CAT fees.¹¹⁰ The Plan Processor has established a billing system for CAT fees.¹¹¹ Accordingly, CAT Executing Brokers would be required to pay CAT Fee 2025-2 in accordance with such system.

(C) Failure to Pay CAT Fees

The CAT NMS Plan further states that:

Participants shall require each Industry Member to pay all applicable fees authorized under this Article XI within thirty (30) days after receipt of an invoice or other notice indicating payment is due (unless a longer payment period is otherwise indicated). If an Industry Member fails to pay any such fee when due (as determined in accordance with the preceding sentence), such Industry Member shall pay interest on the outstanding balance from such due date until such fee is paid at a per annum rate equal to the lesser of: (a) the Prime Rate plus 300 basis points; or (b) the maximum rate permitted by applicable law.¹¹²

Accordingly, paragraph (a)(2)(B) of Rule 6897 states that:

¹¹⁰ See Section 11.4 of the CAT NMS Plan.

¹¹¹ The billing process and system are described in CAT Alert 2023-02 as well as the CAT FAQs related to the billing of CAT fees, the Industry Member CAT Reporter Portal User Guide, the FCAT Industry Member Onboarding Guide, the FCAT Connectivity Supplement for Industry Members and the CAT Billing Webinars (dated September 28, 2023 and November 7, 2023), each available on the CAT website.

¹¹² See Section 11.4 of the CAT NMS Plan.

Each CAT Executing Broker shall pay the CAT fees required pursuant to paragraph (a)(1) of this Rule within 30 days after receipt of an invoice or other notice indicating payment is due (unless a longer payment period is otherwise indicated). If a CAT Executing Broker fails to pay any such CAT fee when due, such CAT Executing Broker shall pay interest on the outstanding balance from such due date until such fee is paid at a per annum rate equal to the lesser of (i) the Prime Rate plus 300 basis points, or (ii) the maximum rate permitted by applicable law.

The requirements of paragraph (a)(2) would apply to CAT Fee 2025-2.

(5) CAT Fee Details

The CAT NMS Plan states that:

Details regarding the calculation of a Participant or CAT Executing Broker's CAT Fees will be provided upon request to such Participant or CAT Executing Broker. At a minimum, such details would include each Participant or CAT Executing Broker's executed equivalent share volume and corresponding fee by (1) Listed Options, NMS Stocks and OTC Equity Securities, (2) by transactions executed on each exchange and transactions executed otherwise than on an exchange, and (3) by buy-side transactions and sell-side transactions.¹¹³

Such information would provide CEBBs and CEBSs with the ability to understand the details regarding the calculation of their CAT Fee.¹¹⁴ CAT LLC will provide CAT Executing Brokers with these details regarding the calculation of their CAT Fees on their monthly invoice for the CAT Fees.

In addition, CAT LLC will make certain aggregate statistics regarding CAT Fees publicly available. Specifically, the CAT NMS Plan states that, "[f]or each CAT Fee, at a minimum, CAT LLC will make publicly available the aggregate executed equivalent share volume and corresponding aggregate fee by (1) Listed Options, NMS Stocks and OTC Equity Securities, (2) by transactions executed on each exchange and transactions executed otherwise than on an

¹¹³ See Section 11.3(a)(iv)(A) of the CAT NMS Plan.

¹¹⁴ In approving the CAT Funding Model, the Commission stated that, "[i]n the Commission's view, providing CAT Execut[ing] Brokers information regarding the calculation of their CAT Fees will aid in transparency and permit CAT Execut[ing] Brokers to confirm the accuracy of their invoices for CAT Fees." CAT Funding Model Approval Order, 88 FR 62628, 62667.

exchange, and (3) by buy-side transactions and sell-side transactions.”¹¹⁵ Such aggregate statistics will be available on the CAT website.

Furthermore, CAT LLC will make publicly available on the CAT website the total amount invoiced each month that CAT Fee 2025-2 is in effect as well as the total amount invoiced for CAT Fee 2025-2 for all months since its commencement. CAT LLC also will make publicly available on the CAT website the total costs to be collected from Industry Members for CAT Fee 2025-2.

(6) Financial Accountability Milestones

The CAT NMS Plan states that “[n]o Participant will make a filing with the SEC pursuant to Section 19(b) of the Exchange Act regarding any CAT Fee related to Prospective CAT Costs until the Financial Accountability Milestone related to Period 4 described in Section 11.6 has been satisfied.”¹¹⁶ Under Section 1.1 of the CAT NMS Plan, a Financial Accountability Milestone is considered complete as of the date identified in the Participants’ Quarterly Progress Reports. As indicated by the Participants’ Quarterly Progress Report for the second and third quarter of 2024,¹¹⁷ the Financial Accountability Milestone related to Period 4 was satisfied on July 15, 2024. In addition, the satisfaction of the Financial Accountability Milestone related to Period 4 was described in detail in the fee filing for the first Prospective CAT Fee, CAT Fee 2024-1.¹¹⁸

(7) Relationship to CAT Fee 2025-1

¹¹⁵ See Section 11.3(a)(iv)(B) of the CAT NMS Plan. In approving the CAT Funding Model, the Commission stated that “[t]he publication of the aggregate executed equivalent share volume and aggregate fee is appropriate because it would allow Participants and CAT Executing Brokers a high-level validation of executed volume and fees.” CAT Funding Model Approval Order, 88 FR 62628, 62667.

¹¹⁶ See Section 11.3(a)(iii)(C) of the CAT NMS Plan.

¹¹⁷ Q2 & Q3 2024 Quarterly Progress Report (July 29, 2024), https://www.catnmsplan.com/sites/default/files/2024-07/CAT_Q2-and-Q3-2024-QPR.pdf.

¹¹⁸ See Securities Exchange Act Release No. 100881 (August 30, 2024), 89 FR 72478 (September 5, 2024) (Notice of Filing and Immediate Effectiveness of File No. SR-FINRA-2024-011).

CAT LLC intends for CAT Fee 2025-2 to replace CAT Fee 2025-1 (which has a fee rate of \$0.000022).¹¹⁹ Accordingly, as long as CAT Fee 2025-2 is in effect, CAT Fee 2025-1 would not be charged to CEBBs, CEBSs and Participants. Specifically, subject to CAT Fee 2025-2 being in effect, CAT LLC intends to send the last invoice for CAT Fee 2025-1 in July 2025 based on June 2025 transactions and, correspondingly, to send the first invoice for CAT Fee 2025-2 in August 2025 based on July 2025 transactions.

(8) Participant Invoices

While CAT Fees charged to Industry Members become effective in accordance with the requirements of Section 19(b) of the Exchange Act,¹²⁰ CAT fees charged to Participants are implemented via an approval of the CAT fees by the Operating Committee in accordance with the requirements of the CAT NMS Plan.¹²¹ On May 28, 2025, the Operating Committee approved the Participant fee related to CAT Fee 2025-2. Specifically, pursuant to the requirements of CAT NMS Plan,¹²² each Participant would be required to pay a CAT fee calculated using the fee rate of \$0.000009 per executed equivalent share, which is the same fee rate that applies to CEBBs and CEBSs. Like CEBBs and CEBSs, each Participant would be required to pay such CAT fees on a monthly basis for six months, from September 2025 until February 2026, and each Participant's fee for each month would be calculated based on the transactions in Eligible Securities executed on the applicable exchange (for the Participant exchanges) or otherwise than on an exchange (for FINRA) in the prior month. Accordingly, each Participant will receive its first invoice in August 2025, and would receive an invoice each month thereafter until January 2026. Like with the CAT Fee 2025-2 applicable to CEBBs and CEBSs as described in proposed paragraph (a)(1)(E)(iii) of Rule 6897, notwithstanding the last

¹¹⁹ Note that CAT Fee 2025-2 is separate from and will be in addition to any Historical CAT Assessment to Industry Members.

¹²⁰ See Section 11.3(a)(i)(A)(I) of the CAT NMS Plan.

¹²¹ See CAT Funding Model Approval Order, 88 FR 62628, 62659.

¹²² See Section 11.3(a)(ii) and Appendix B of the CAT NMS Plan.

invoice date of January 2026, Participants will continue to receive invoices for this fee each month until a new subsequent CAT Fee is in effect with regard to Industry Members.

Furthermore, Section 11.4 of the CAT NMS Plan states that each Participant is required to pay such invoices as required by Section 3.7(b) of the CAT NMS Plan. Section 3.7(b) states, in part, that

[e]ach Participant shall pay all fees or other amounts required to be paid under this Agreement within thirty (30) days after receipt of an invoice or other notice indicating payment is due (unless a longer payment period is otherwise indicated) (the "Payment Date"). The Participant shall pay interest on the outstanding balance from the Payment Date until such fee or amount is paid at a per annum rate equal to the lesser of: (i) Prime Rate plus 300 basis points; or (ii) the maximum rate permitted by applicable law.

FINRA has filed the proposed rule change for immediate effectiveness. The effective date and the implementation date will be the date of filing.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with Section 15A(b)(6) of the Act,¹²³ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest, and not designed to permit unfair discrimination between customers, issuers, brokers and dealers. FINRA also believes that the proposed rule change is consistent with the provisions of Section 15A(b)(5) of the Act,¹²⁴ which requires, among other things, that FINRA rules provide for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system that FINRA operates or controls. FINRA further believes that the proposed rule change is consistent with Section 15A(b)(9) of the Act,¹²⁵ which requires that FINRA rules not impose any burden on competition that is not necessary or appropriate. Section 15A(b)(2) of the Act

¹²³ 15 U.S.C. 78o-3(b)(6).

¹²⁴ 15 U.S.C. 78o-3(b)(5).

¹²⁵ 15 U.S.C. 78o-3(b)(9).

also requires that FINRA be “so organized and [have] the capacity to be able to carry out the purposes” of the Act and “to comply, and . . . to enforce compliance by its members and persons associated with its members,” with the provisions of the Exchange Act.¹²⁶ Accordingly, a reasonable reading of the Act indicates that it intended that regulatory funding be sufficient to permit FINRA to fulfill its statutory responsibility under the Act, and contemplated that such funding would be achieved through equitable assessments on the members, issuers, and other users of any facility or system that FINRA operates or controls.

FINRA believes that this proposed rule change is consistent with the Act because it implements provisions of the Plan and is designed to assist FINRA in meeting regulatory obligations pursuant to the Plan. In approving the Plan, the SEC noted that the Plan “is necessary and appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanism of a national market system, or is otherwise in furtherance of the purposes of the Act.”¹²⁷ To the extent that this proposed rule change implements the Plan and applies specific requirements to Industry Members, FINRA believes that this proposed rule change furthers the objectives of the Plan, as identified by the SEC, and is therefore consistent with the Act. FINRA also believes that the proposed fees to be paid by the CEBBs and CEBSs are reasonable, equitably allocated and not unfairly discriminatory.

The proposed CAT Fee 2025-2 fees would be charged to Industry Members in support of the maintenance of a consolidated audit trail for regulatory purposes. The proposed fees, therefore, are consistent with the Commission’s view that regulatory fees be used for regulatory purposes. The proposed fees would not cover FINRA services unrelated to the CAT. In addition, any surplus would be used as a reserve to offset future fees.

¹²⁶ See 15 U.S.C. 78o-3(b)(2).

¹²⁷ See CAT NMS Plan Approval Order, 81 FR 84696, 84697.

As further discussed below, the SEC approved the CAT Funding Model, finding it was reasonable and that it equitably allocates fees among Participants and Industry Members. Thus, FINRA believes that the proposed fees adopted pursuant to the CAT Funding Model approved by the SEC are reasonable, equitably allocated and not unfairly discriminatory.

(1) Implementation of CAT Funding Model in CAT NMS Plan

Section 11.1(b) of the CAT NMS Plan states that “[t]he Participants shall file with the SEC under Section 19(b) of the Exchange Act any such fees on Industry Members that the Operating Committee approves.” Per Section 11.1(b) of the CAT NMS Plan, FINRA has filed this fee filing to implement the Industry Member CAT fees included in the CAT Funding Model. FINRA believes that this proposed rule change is consistent with the Exchange Act because it is consistent with, and implements, the CAT Funding Model in the CAT NMS Plan, and is designed to assist FINRA and its Industry Members in meeting regulatory obligations pursuant to the CAT NMS Plan. In approving the CAT NMS Plan, the SEC noted that the Plan “is necessary and appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanism of a national market system, or is otherwise in furtherance of the purposes of the Act.”¹²⁸ Similarly, in approving the CAT Funding Model, the SEC concluded that the CAT Funding Model met this standard.¹²⁹ As this proposed rule change implements the Plan and the CAT Funding Model described therein, and applies specific requirements to Industry Members in compliance with the Plan, FINRA believes that this proposed rule change furthers the objectives of the Plan, as identified by the SEC, and is therefore consistent with the Exchange Act.

(2) Calculation of Fee Rate for CAT Fee 2025-2 is Reasonable

The SEC has determined that the CAT Funding Model is reasonable and satisfies the requirements of the Exchange Act. Specifically, the SEC has concluded that the method for

¹²⁸ See *supra* note 127.

¹²⁹ CAT Funding Model Approval Order, 88 FR 62628, 62686.

determining CAT Fees as set forth in Section 11.3 of the CAT NMS Plan, including the formula for calculating the Fee Rate, the identification of the parties responsible for payment and the transactions subject to the fee rate for CAT Fees, is reasonable and satisfies the Exchange Act.¹³⁰ In each respect, as discussed above, CAT Fee 2025-2 is calculated, and would be applied, in accordance with the requirements applicable to CAT Fees as set forth in the CAT NMS Plan. Furthermore, as discussed below, FINRA believes that each of the figures for the variables in the SEC-approved formula for calculating the fee rate for CAT Fee 2025-2 is reasonable and consistent with the Exchange Act. Calculation of Fee Rate 2025-2 for CAT Fee 2025-2 requires the figures for Budgeted CAT Costs 2025-2, the executed equivalent share volume for the prior twelve months, the determination of the CAT Fee 2025-2 Period, and the projection of the executed equivalent share volume for the CAT Fee 2025-2 Period. Each of these variables is reasonable and satisfies the Exchange Act, as discussed throughout this filing.

(A) Budgeted CAT Costs 2025-2

The formula for calculating a Fee Rate requires the amount of Budgeted CAT Costs to be recovered. Specifically, Section 11.3(a)(iii)(B) of the CAT NMS Plan requires a fee filing to provide:

the budget for the upcoming year (or remainder of the year, as applicable), including a brief description of each line item in the budget, including (1) the technology line items of cloud hosting services, operating fees, CAIS operating fees, change request fees, and capitalized developed technology costs, (2) legal, (3) consulting, (4) insurance, (5) professional and administration, and (6) public relations costs, a reserve and/or such other categories as reasonably determined by the Operating Committee to be included in the budget, and the reason for changes in each such line item from the prior CAT fee filing.

In accordance with this requirement, FINRA has set forth the amount and type of Budgeted CAT Costs 2025-2 for each of the categories above.

Section 11.3(a)(iii)(B) of the CAT NMS Plan also requires that the fee filing provide “sufficient detail to demonstrate that the budget for the upcoming year, or part of year, as

¹³⁰ CAT Funding Model Approval Order, 88 FR 62628, 62662-63.

applicable, is reasonable and appropriate.” As discussed below, FINRA believes that the budget for the CAT Fee 2025-2 Period is “reasonable and appropriate.” Each of the costs included in CAT Fee 2025-2 are reasonable and appropriate because the costs are consistent with standard industry practice, based on the need to comply with the requirements of the CAT NMS Plan, incurred subject to negotiations performed on an arm’s length basis, and/or are consistent with the needs of any legal entity, particularly one with no employees.

(i) Technology: Cloud Hosting Services

In approving the CAT Funding Model, the Commission recognized that it is appropriate to recover budgeted costs related to cloud hosting services as a part of CAT Fees.¹³¹ CAT LLC determined that the budgeted costs related to cloud hosting services described in this filing are reasonable and should be included as a part of Budgeted CAT Costs 2025-2. As described above, the cloud hosting services costs reflect, among other things, the breadth of the CAT cloud activities, data volumes far in excess of the original volume estimates, the need for specialized cloud services given the volume and unique nature of the CAT, the processing time requirements of the Plan, and regular efforts to seek to minimize costs where permissible under the Plan. CAT LLC determined that use of cloud hosting services is necessary for implementation of the CAT, particularly given the substantial data volumes associated with the CAT, and that the fees for cloud hosting services negotiated by FCAT were reasonable, taking into consideration a variety of factors, including the expected volume of data and the breadth of services provided and market rates for similar services.¹³² Indeed, the actual costs of the CAT are far in excess of the original estimated costs of the CAT due to various factors, including the higher volumes and greater complexity of the CAT than anticipated when Rule 613 was originally adopted.

To comply with the requirements of the Plan, the breadth of the cloud activities related to the CAT is substantial. The cloud services not only include the production environment for the

¹³¹ See Section 11.3(a)(iii)(B)(B)(1) of the CAT NMS Plan.

¹³² For a discussion of the amount and type of cloud hosting services fees, see Item II.A.1.(2)(C)(i) above.

CAT, but they also include two industry testing environments, support environments for quality assurance and stress testing and disaster recovery capabilities. Moreover, the cloud storage costs are driven by the requirements of the Plan, which requires the storage of multiple versions of the data, from the original submitted version of the data through various processing steps, to the final version of the data.

Data volume is a significant driver of costs for cloud hosting services. When the Commission adopted the CAT NMS Plan in 2016, it estimated that the CAT would need to receive 58 billion records per day¹³³ and that annual operating costs for the CAT would range from \$36.5 million to \$55 million.¹³⁴ In contrast to the 2016 projections, the actual daily Q1 2025 data volumes averaged 752 billion events per day.

In addition to the effect of the data volume on the cloud hosting costs, the processing timelines set forth in the Plan contribute to the cloud hosting costs. Although CAT LLC has proactively sought to manage cloud hosting costs while complying with the Plan, including through requests to the Commission for exemptive relief and amendments to the CAT NMS Plan to reduce costs, stringent CAT NMS Plan requirements do not allow for any material flexibility in cloud architecture design choices, processing timelines (e.g., the use of non-peak processing windows), or lower-cost storage tiers. As a result, the required CAT processing timelines contribute to the cloud hosting costs of the CAT.

The costs for cloud hosting services also reflect the need for specialized cloud hosting services given the data volume and unique processing needs of the CAT. The data volume as well as the data processing needs of the CAT necessitate the use of cloud hosting services. The equipment, power and services required for an on-premises data model, the alternative to cloud hosting services, would be cost prohibitive. Moreover, as CAT was being developed, there were limited cloud hosting providers that could satisfy all the necessary CAT requirements, including

¹³³ See CAT NMS Plan, Appendix D-4, n.262.

¹³⁴ CAT NMS Plan Approval Order, 81 FR 84696, 84801.

the operational and security criteria. Over time, more providers offering cloud hosting services that would satisfy these criteria have entered the market. CAT LLC will continue to evaluate alternative cloud hosting services, recognizing that the time and cost to move to an alternative cloud provider would be substantial.

The reasonableness of the cloud hosting services costs is further supported by key cost discipline mechanisms for the CAT—cost transparency, cost management efforts (including regular efforts to lower compute and storage costs where permitted by the Plan) and oversight. Together, these mechanisms help ensure the ongoing reasonableness of the CAT’s costs and the level of fees assessed to support those costs.¹³⁵

(ii) Technology: Operating Fees

In approving the CAT Funding Model, the SEC recognized that it is appropriate to recover budgeted costs related to operating fees as a part of CAT Fees.¹³⁶ CAT LLC determined that the budgeted costs related to operating fees described in this filing are reasonable and should be included as a part of Budgeted CAT Costs 2025-2.

The operating fees would include the negotiated fees paid by CAT LLC to the Plan Processor to operate and maintain the system for order-related information and to perform business operations related to the system, including compliance, security, testing, training, communications with the industry (e.g., management of the FINRA CAT Helpdesk, FAQs, website and webinars) and program management. CAT LLC determined that the selection of FCAT as the Plan Processor was reasonable and appropriate given its expertise with securities regulatory reporting, after a process of considering other potential candidates.¹³⁷ CAT LLC also determined that the fixed price contract, negotiated on an arm’s length basis with the goals of managing costs and receiving services required to comply with the CAT NMS Plan and Rule

¹³⁵ See Securities Exchange Act Release No. 97151 (March 15, 2023), 88 FR 17086, 17117 (March 21, 2023) (describing key cost discipline mechanisms for the CAT).

¹³⁶ See Section 11.3(a)(iii)(B)(B)(1) of the CAT NMS Plan.

¹³⁷ See Item II.A.1.(2)(C)(ii) above.

613, was reasonable and appropriate, taking into consideration a variety of factors, including the breadth of services provided and market rates for similar types of activity.¹³⁸ The services to be performed by FCAT for CAT Fee 2025-2 Period and the budgeted costs related to such services are described above.¹³⁹

The operating costs also include costs related to the receipt of market data. CAT LLC anticipates receiving certain market data from Algoseek during the CAT Fee 2025-2 Period. CAT LLC anticipates that Algoseek will provide data as set forth in the SIP Data requirements of the CAT NMS Plan and that the fees are reasonable and in line with market rates for market data received.¹⁴⁰

(iii) Technology: CAIS Operating Fees

In approving the CAT Funding Model, the SEC recognized that it is appropriate to recover budgeted costs related to CAIS operating fees as a part of CAT Fees.¹⁴¹ CAT LLC determined that the budgeted costs related to CAIS operating fees described in this filing are reasonable and should be included as a part of the Budgeted CAT Costs 2025-1. The CAIS operating fees would include the fees paid to the Plan Processor to operate and maintain CAIS and to perform the business operations related to the system, including compliance, security, testing, training, communications with the industry (e.g., management of the FINRA CAT Helpdesk, FAQs, website and webinars) and program management. CAT LLC determined that the fees for FCAT's CAIS-related services, negotiated on an arm's length basis with the goals of managing costs and receiving services required to comply with the CAT NMS Plan, taking into consideration a variety of factors, including the services to be provided and market rates for similar types of activity, are reasonable and appropriate.¹⁴² The services to be performed by

¹³⁸ See supra note 137.

¹³⁹ See supra note 137.

¹⁴⁰ See supra note 137.

¹⁴¹ See Section 11.3(a)(iii)(B)(B)(1) of the CAT NMS Plan.

¹⁴² See Item II.A.1.(2)(C)(iii) above.

FCAT for the CAT Fee 2025-2 Period and the budgeted costs for such services are described above.¹⁴³

(iv) Technology: Change Request Fees

In approving the CAT Funding Model, the SEC recognized that it is appropriate to recover budgeted costs related to change request fees as a part of CAT Fees.¹⁴⁴ CAT LLC determined that the budgeted costs related to change request fees described in this filing are reasonable and should be included as a part of the Budgeted CAT Costs 2025-2. It is common practice to utilize a change request process to address evolving needs in technology projects. This is particularly true for a project like CAT that is the first of its kind, both in substance and in scale. The substance and costs of each of the change requests are evaluated by the Operating Committee and approved in accordance with the requirements for Operating Committee meetings. In each case, CAT LLC forecasts that the change requests will be necessary to implement the CAT. As described above,¹⁴⁵ CAT LLC has included a reasonable placeholder budget amount for potential change requests that may arise during 2025. As noted above, the total budgeted costs for change requests during the CAT Fee 2025-2 Period represent a small percentage of the Budgeted CAT Costs 2025-2—that is, less than 1% of Budgeted CAT Costs 2025-2.

(v) Capitalized Developed Technology Costs

In approving the CAT Funding Model, the SEC recognized that it is appropriate to recover budgeted costs related to capitalized developed technology costs as a part of CAT Fees.¹⁴⁶ In general, capitalized developed technology costs would include costs related to, for example, certain development costs, costs related to certain modifications, upgrades and other changes to the CAT, CAIS implementation fees and license fees. The amount and type of

¹⁴³ See supra note 142.

¹⁴⁴ See Section 11.3(a)(iii)(B)(B)(1) of the CAT NMS Plan.

¹⁴⁵ See Item II.A.1.(2)(C)(iv) above.

¹⁴⁶ See Section 11.3(a)(iii)(B)(B)(1) of the CAT NMS Plan.

budgeted capitalized developed technology costs for the CAT Fee 2025-2 Period, which relate to the CAIS software license fee and technology changes to be implemented by FCAT, are described in more detail above.¹⁴⁷ Specifically, CAT LLC determined that it was reasonable not to include any capitalized developed technology costs in the Budgeted CAT Costs 2025-2.

(vi) Legal

In approving the CAT Funding Model, the SEC recognized that it is appropriate to recover budgeted costs related to legal fees as a part of CAT Fees.¹⁴⁸ CAT LLC determined that the budgeted legal costs described in this filing are reasonable and should be included as a part of the Budgeted CAT Costs 2025-2. Given the unique nature of the CAT, the number of parties involved with the CAT (including, for example, the SEC, Participants, Industry Members, and vendors) and the many regulatory, contractual and other issues associated with the CAT, the scope of the necessary legal services is substantial. CAT LLC determined that the scope of the proposed legal services is necessary to implement and maintain the CAT and that the legal rates reflect the specialized services necessary for such a project. CAT LLC determined to hire and continue to use each law firm based on a variety of factors, including their relevant expertise and fees. In each case, CAT LLC determined that the fee rates were in line with market rates for specialized legal expertise. In addition, CAT LLC determined that the budgeted costs for the legal projects were appropriate given the breadth of the services provided. The services to be performed by each law firm for the CAT Fee 2025-2 Period and the budgeted costs related to such services are described above.¹⁴⁹

(vii) Consulting

In approving the CAT Funding Model, the SEC recognized that it is appropriate to recover budgeted consulting costs as a part of CAT Fees.¹⁵⁰ CAT LLC determined that the

¹⁴⁷ See Item II.A.1.(2)(C)(v) above.

¹⁴⁸ See Section 11.3(a)(iii)(B)(B)(2) of the CAT NMS Plan.

¹⁴⁹ See Item II.A.1.(2)(C)(vi) above.

¹⁵⁰ See Section 11.3(a)(iii)(B)(B)(3) of the CAT NMS Plan.

budgeted consulting costs described in this filing are reasonable and should be included as a part of Budgeted CAT Costs 2025-2. Because there are no CAT employees¹⁵¹ and because of the significant number of issues associated with the CAT, the consultants are budgeted to provide assistance in the management of various CAT matters and the processes related to such matters.¹⁵² CAT LLC determined the budgeted consulting costs were appropriate, as the consulting services were to be provided at reasonable market rates that were comparable to the rates charged by other consulting firms for similar work. Moreover, the total budgeted costs for such consulting services were appropriate in light of the breadth of services provided by Deloitte. The services budgeted to be performed by Deloitte and the budgeted costs related to such services are described above.¹⁵³

(viii) Insurance

In approving the CAT Funding Model, the SEC recognized that it is appropriate to recover budgeted insurance costs as a part of CAT Fees.¹⁵⁴ CAT LLC determined that the budgeted insurance costs described in this filing are reasonable and should be included as a part of the Budgeted CAT Costs 2025-2. CAT LLC determined that it is common practice to have directors' and officers' liability insurance, and errors and omissions liability insurance. CAT LLC further determined that it was important to have cyber security insurance given the nature of the CAT, and such a decision is consistent with the CAT NMS Plan, which states that the cyber incident response plan may include "[i]nsurance against security breaches."¹⁵⁵ As discussed above,¹⁵⁶ CAT LLC determined that the budgeted insurance costs were appropriate

¹⁵¹ As stated in the filing of the proposed CAT NMS Plan, "[i]t is the intent of the Participants that the Company have no employees." See Securities Exchange Act Release No. 77724 (April 27, 2016), 81 FR 30614, 30621 (May 17, 2016).

¹⁵² CAT LLC uses certain third parties to perform tasks that may be performed by administrators for other NMS Plans. See, e.g., CTA Plan and CQ Plan.

¹⁵³ See Item II.A.1.(2)(C)(vii) above.

¹⁵⁴ See Section 11.3(a)(iii)(B)(B)(4) of the CAT NMS Plan.

¹⁵⁵ See Appendix D-14 of the CAT NMS Plan.

¹⁵⁶ See Item II.A.1.(2)(C)(viii) above.

given its prior experience with this market and an analysis of the alternative insurance offerings. Based on this analysis, CAT LLC determined that the selected insurance policies provided appropriate coverage at reasonable market rates.¹⁵⁷

(ix) Professional and Administration

In approving the CAT Funding Model, the SEC recognized that it is appropriate to recover budgeted professional and administration costs as a part of CAT Fees.¹⁵⁸ CAT LLC determined that the budgeted professional and administration costs described in this filing are reasonable and should be included as a part of Budgeted CAT Costs 2025-2. Because there are no CAT employees, all required accounting, financial, tax, cash management and treasury functions for CAT LLC have been outsourced at market rates. In addition, the required annual financial statement audit of CAT LLC is included in professional and administration costs, which costs are also at market rates. The services performed by Anchin and Grant Thornton and the costs related to such services are described above.¹⁵⁹

CAT LLC anticipates continuing to make use of Anchin, a financial advisory firm, to assist with financial matters for the CAT. CAT LLC determined that the budgeted costs for Anchin were appropriate, as the financial advisory services were to be provided at reasonable market rates that were comparable to the rates charged by other such firms for similar work. Moreover, the total budgeted costs for such financial advisory services were appropriate in light of the breadth of services provided by Anchin. The services budgeted to be performed by Anchin and the budgeted costs related to such services are described above.¹⁶⁰

CAT LLC anticipates continuing to make use of Grant Thornton, an independent accounting firm, to complete the audit of CAT LLC's financial statements, in accordance with the requirements of the CAT NMS Plan. CAT LLC determined that the budgeted costs for Grant

¹⁵⁷ See supra note 156.

¹⁵⁸ See Section 11.3(a)(iii)(B)(B)(5) of the CAT NMS Plan.

¹⁵⁹ See Item II.A.1.(2)(C)(ix) above.

¹⁶⁰ See supra note 159.

Thornton were appropriate, as the accounting services were to be provided at reasonable market rates that were comparable to the rates charged by other such firms for similar work. Moreover, the total budgeted costs for such accounting services were appropriate in light of the breadth of services provided by Grant Thornton. The services budgeted to be performed by Grant Thornton and the budgeted costs related to such services are described above.¹⁶¹

(x) Public Relations Costs

In approving the CAT Funding Model, the SEC recognized that it is appropriate to recover budgeted public relations costs as a part of CAT Fees.¹⁶² However, as described above,¹⁶³ CAT LLC determined not to include any public relations costs in Budgeted CAT Costs 2025-2. CAT LLC determined that it was reasonable not to include any public relations costs in the Budgeted CAT Costs 2025-2.

(xi) Reserve

In approving the CAT Funding Model, the SEC recognized that it is appropriate to recover budgeted reserve costs as a part of CAT Fees.¹⁶⁴ CAT LLC determined that the reserve in the amount of 25% of the Updated 2025 CAT Budget (other than the reserve) complies with the requirements of the CAT NMS Plan related to a reserve, is a reasonable amount, and therefore, should be included as a part of the Updated 2025 CAT Budget.

In its approval order for the CAT Funding Model, the Commission stated that it would be reasonable for the annual operating budget for the CAT to “include a reserve of not more than 25% of the annual budget.”¹⁶⁵ In making this statement, the Commission noted the following:

Because the CAT is a critical regulatory tool/system, the CAT needs to have a stable funding source to build financial stability to support the Company as a going concern. Funding for the CAT, as noted in Section 11.1(b), is the responsibility of the Participants and the industry. Because CAT fees are charged based on the

¹⁶¹ See *supra* note 159.

¹⁶² See Section 11.3(a)(iii)(B)(B)(6) of the CAT NMS Plan.

¹⁶³ See Item II.A.1.(2)(C)(x) above.

¹⁶⁴ See Section 11.3(a)(iii)(B)(B) of the CAT NMS Plan.

¹⁶⁵ CAT Funding Model Approval Order, 88 FR 62628, 62657.

budget, which is based on anticipated volume, it is reasonable to have a reserve on hand to prevent a shortfall in the event there is an unexpectedly high volume in a given year. A reserve would help to assure that the CAT has sufficient resources to cover costs should there be unanticipated costs or costs that are higher than expected.¹⁶⁶

The SEC also recognized that a reserve would help address the difficulty in predicting certain variable CAT costs, like trading volume.¹⁶⁷ The SEC also recognized that CAT fees will be collected approximately three months after trading activity on which a CAT fee is based, or 25% of the year, and that the reserve would be available to address funding needs related to this three-month delay.¹⁶⁸ The inclusion of the proposed reserve in the Updated 2025 CAT Budget would provide each of these benefits to the CAT. The reserve is discussed further above.¹⁶⁹

As discussed further below,¹⁷⁰ however, a surplus reserve balance in excess of the budgeted 25% reserve has been collected through the first quarter of 2025 and has been budgeted to be collected during the second quarter of 2025. Accordingly, the Updated 2025 CAT Budget indicates that this surplus would be used to offset a portion of CAT costs for the third and fourth quarters of 2025, thereby reducing the fee rate for CAT Fee 2025-2 (\$0.000009 per executed equivalent share) as compared to CAT Fee 2025-1 (\$0.000022 per executed equivalent share), and that no additional reserve is budgeted to be collected during the third and fourth quarters of 2025.

(B) Reconciliation of Budget to the Collected Fees

The CAT NMS Plan also requires fee filings for Prospective CAT Fees to include “a discussion of how the budget is reconciled to the collected fees.”¹⁷¹ As discussed above,¹⁷² the Updated 2025 CAT Budget states that CAT LLC had accrued \$70,942,596 for the reserve as of

¹⁶⁶ See supra note 165.

¹⁶⁷ See supra note 165.

¹⁶⁸ See supra note 165.

¹⁶⁹ See Item II.A.1.(2)(C)(xi) above.

¹⁷⁰ See Item II.A.2.(2)(B) below.

¹⁷¹ See Section 11.3(a)(iii)(B)(C) of the CAT NMS Plan.

¹⁷² See Item II.A.1.(2)(C)(xi) above.

the beginning of 2025, and an additional \$28,846,075 during the first quarter of 2025, from the collection of CAT Fees 2024-1 and 2025-1 and the related Participant CAT Fees. In addition, the Updated 2025 CAT Budget anticipates the collection of an additional \$11,821,477 during the second quarter of 2025 via CAT Fee 2025-1 and the related Participant CAT Fee. Accordingly, the Updated 2025 CAT Budget estimates that CAT LLC would maintain a 25% reserve amount of \$57,083,638 and collect a surplus reserve amount through June 2025 of \$54,526,412 over the 25% reserve amount of \$57,083,638.¹⁷³ Such surplus reserve balance of \$54,526,412 would be used to offset a portion of CAT costs for the third and fourth quarters of 2025, thereby reducing the fee rate for CAT Fee 2025-2 (\$0.000009 per executed equivalent share) as compared to CAT Fee 2025-1 (\$0.000022 per executed equivalent share).

(C) Total Executed Equivalent Share Volume for the Prior 12 Months

The total executed equivalent share volume of transactions in Eligible Securities for the period from April 2024 through March 2025 was 4,580,287,680,646.28 executed equivalent shares. CAT LLC determined the total executed equivalent share volume for the prior twelve months by counting executed equivalent shares in the same manner as it counts executed equivalent shares for CAT billing purposes.¹⁷⁴

(D) Projected Executed Equivalent Share Volume for the CAT Fee 2025-2 Period

CAT LLC has determined that the projected total executed equivalent share volume for the six months of CAT Fee 2025-2 Period by multiplying by one-half the executed equivalent share volume for the prior twelve months: one-half times 4,580,287,680,646.28 executed equivalent shares.¹⁷⁵ CAT LLC determined that such an approach was reasonable as the CAT's annual executed equivalent share volume has remained relatively constant in recent years. For example, the executed equivalent share volume for 2021 was 3,963,697,612,395, the executed

¹⁷³ This calculation is $(\$70,942,596 + \$28,846,075 + \$11,821,477) - \$57,083,638 = \$54,526,412$.

¹⁷⁴ See Item II.A.1.(2)(D) above.

¹⁷⁵ See supra note 174.

equivalent share volume for 2022 was 4,039,821,841,560.31, the executed equivalent share volume for 2023 was 3,868,940,345,680.6, and the executed equivalent share volume for 2024 was 4,295,884,600,069.41.

(E) Actual Fee Rate for CAT Fee 2025-2

(i) Decimal Places

As noted in the approval order for the CAT Funding Model, as a practical matter, the fee filing for a CAT Fee would provide the exact fee per executed equivalent share to be paid for each CAT Fee, by multiplying the Fee Rate by one-third and describing the relevant number of decimal places for the fee rate.¹⁷⁶ Accordingly, proposed paragraph (a)(1)(E)(ii) of Rule 6897 would set forth a fee rate of \$0.000009 per executed equivalent share. This fee rate is calculated by multiplying Fee Rate 2025-2 by one-third and rounding the result to six decimal places. CAT LLC determined that the use of six decimal places is reasonable as it balances the accuracy of the calculation with the potential systems and other impracticalities of using additional decimal places in the calculation.¹⁷⁷

(ii) Reasonable Fee Level

FINRA believes that charging CAT Fee 2025-2 with a fee rate of \$0.000009 per executed equivalent share is reasonable because it provides for a revenue stream for the Company that is aligned with the Budgeted CAT Costs 2025-2. Moreover, FINRA believes that the level of the fee rate is reasonable in that it is calculated in accordance with the SEC-approved CAT Funding Model, it is less than CAT Fee 2025-1 and is comparable to other transaction-based fees. Indeed, CAT Fee 2025-2 is significantly lower than fees previously assessed pursuant to Section 31 (e.g., \$0.0009 per share to \$0.0004 per share),¹⁷⁸ and, as a result, the magnitude of CAT Fee

¹⁷⁶ CAT Funding Model Approval Order, 88 FR 62628, 62658, n.658.

¹⁷⁷ See Item II.A.1.(5)(A) above.

¹⁷⁸ CAT Funding Model Approval Order, 88 FR 62628, 62663, 62682. In explaining the comparison of Section 31 fees to CAT fees in the CAT Funding Model Approval Order, the SEC noted that “Section 31 fees are expressed per dollar volume traded. Translating this to a per share range involves identifying reasonable high and low trade sizes. The lower end of this range comes from the 25th percentile in \$ trade

2025-2 is small, and therefore will mitigate any potential adverse economic effects or inefficiencies.¹⁷⁹

(3) CAT Fee 2025-2 Provides for an Equitable Allocation of Fees

CAT Fee 2025-2 provides for an equitable allocation of fees, as it equitably allocates CAT costs between and among the Participants and Industry Members, in accordance with the SEC-approved CAT Funding Model. The SEC approved the CAT Funding Model, finding that each aspect of the CAT Funding Model satisfied the requirements of the Exchange Act, including the formula for calculating CAT Fees as well as the Industry Members to be charged the CAT Fees.¹⁸⁰ In approving the CAT Funding Model, the SEC stated that “[t]he Participants have sufficiently demonstrated that the proposed allocation of fees is reasonable.”¹⁸¹ Accordingly, the CAT Funding Model sets forth the requirements for allocating fees related to Budgeted CAT Costs among Participants and Industry Members, and the fee filings for CAT Fees must comply with those requirements.

CAT Fee 2025-2 provides for an equitable allocation of fees as it complies with the requirements regarding the calculation of CAT Fees as set forth in the CAT NMS Plan. For example, as described above, the calculation of CAT Fee 2025-2 complies with the formula set forth in Section 11.3(a) of the CAT NMS Plan. In addition, CAT Fee 2025-2 would be charged to CEBBs and CEBSs in accordance with Section 11.3(a) of the CAT NMS Plan. Furthermore, the Participants would be charged for their designated share of the Budgeted CAT Costs 2025-2 through a fee implemented via the CAT NMS Plan, which would have the same fee rate as CAT Fee 2025-2.

size of 1,200 and share trade size of 71 from the first quarter of 2021. The higher end of this range comes from the 75th percentile in \$ trade size of 5,200 and share trade size of 300 from the first quarter of 2021. Section 31 fees have ranged from \$5.10 per \$Million to \$23.10 per \$Million from Oct. 1, 2016 to Mar. 1, 2023.” CAT Funding Model Approval Order, 88 FR 62628, 62682 n.1100. In 2024, Section 31 fees were raised further to \$27.80 per million dollars.

¹⁷⁹ See supra note 178.

¹⁸⁰ See Section 11.3(a) of the CAT NMS Plan.

¹⁸¹ See CAT Funding Model Approval Order, 88 FR 62628, 62629.

In addition, as discussed above, each of the inputs into the calculation of CAT Fee 2025-2—the Budgeted CAT Costs 2025-2, the count for the executed equivalent share volume for the prior 12 months, and the projected executed equivalent share volume for the CAT Fee 2025-2 Period—are reasonable. Moreover, these inputs lead to a fee rate for CAT Fee 2025-2 that is reasonable as it is consistent with the SEC-approved CAT Funding Model and is lower than other fee rates for transaction-based fees. A reasonable fee rate allocated in accordance with the requirements of the CAT Funding Model provides for an equitable allocation of fees.

(4) CAT Fee 2025-2 is Not Unfairly Discriminatory

CAT Fee 2025-2 is not an unfairly discriminatory fee. The SEC approved the CAT Funding Model, finding that each aspect of the CAT Funding Model satisfies the requirements of the Exchange Act. In reaching this conclusion, the SEC analyzed the potential effect of CAT Fees calculated pursuant to the CAT Funding Model on affected categories of market participants, including Participants (including exchanges and FINRA), Industry Members (including subcategories of Industry Members, such as alternative trading systems, CAT Executing Brokers and market makers), and investors generally, and considered market effects related to equities and options, among other things. CAT Fee 2025-2 complies with the requirements regarding the calculation of CAT Fees as set forth in the CAT NMS Plan. In addition, as discussed above, each of the inputs into the calculation of CAT Fee 2025-2 and the resulting fee rate for CAT Fee 2025-2 is reasonable, consistent with the SEC-approved CAT Funding Model. Therefore, CAT Fee 2025-2 does not impose an unfairly discriminatory fee on Industry Members.

FINRA believes the proposed fees established pursuant to the CAT Funding Model promote just and equitable principles of trade, and, in general, protect investors and the public interest, and are provided in a transparent manner and with specificity in proposed paragraph (a)(1)(E) of Rule 6897. FINRA also believes that the proposed fees are reasonable in that they would provide ease of calculation, ease of billing and other administrative functions, and

predictability of a fee based on a fixed rate per executed equivalent share and are consistent with the SEC-approved CAT Funding Model. Such factors are crucial to estimating a reliable revenue stream for CAT LLC and for permitting Industry Members to reasonably predict their payment obligations for budgeting purposes.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Section 15A(b)(9) of the Act¹⁸² requires that FINRA rules not impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Exchange Act. FINRA notes that CAT Fee 2025-2 implements provisions of the CAT NMS Plan that were approved by the Commission and is designed to assist FINRA in meeting its regulatory obligations pursuant to the Plan.

In addition, all Participants (including exchanges and FINRA) are proposing to introduce CAT Fee 2025-2 on behalf of CAT LLC to implement the requirements of the CAT NMS Plan. Therefore, this is not a competitive fee filing, and, therefore, it does not raise competition issues between and among the Participants.

Furthermore, in approving the CAT Funding Model, the SEC analyzed the potential competitive impact of the CAT Funding Model, including competitive issues related to market services, trading services and regulatory services, efficiency concerns, and capital formation.¹⁸³ The SEC also analyzed the potential effect of CAT fees calculated pursuant to the CAT Funding Model on affected categories of market participants, including Participants (including exchanges and FINRA), Industry Members (including subcategories of Industry Members, such as alternative trading systems, CAT Executing Brokers and market makers), and investors generally, and considered market effects related to equities and options, among other things.

¹⁸² 15 U.S.C. 78o-3(b)(9).

¹⁸³ CAT Funding Model Approval Order, 88 FR 62628, 62676-86.

Based on this analysis, the SEC approved the CAT Funding Model as compliant with the Exchange Act. CAT Fee 2025-2 is calculated and implemented in accordance with the CAT Funding Model as approved by the SEC.

As discussed above, each of the inputs into the calculation of CAT Fee 2025-2 is reasonable and the resulting fee rate for CAT Fee 2025-2 calculated in accordance with the CAT Funding Model is reasonable. Therefore, CAT Fee 2025-2 would not impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Exchange Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁸⁴ and paragraph (f)(2) of Rule 19b-4 thereunder.¹⁸⁵ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments:

¹⁸⁴ 15 U.S.C. 78s(b)(3)(A).

¹⁸⁵ 17 CFR 240.19b-4(f)(2).

- Use the Commission’s internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-FINRA-2025-009 on the subject line.

Paper Comments:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-FINRA-2025-009. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission’s Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of FINRA. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-FINRA-2025-009 and should be submitted on or before [INSERT DATE 21 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁸⁶

Sherry R. Haywood,

Assistant Secretary.
