Abstract of information available

Human remains were formerly repatriated from site 14RW305 in Rawlins County, KS, therefore, this record is for 15 associated funerary objects (UBS 1990-22), which includes debitage and ground stone. Human remains and associated funerary objects were given to KSHS in 1912, reportedly from the historic Sappa Creek Massacre site or an adjacent Great Bend aspect

site.

Human remains representing, at least, two individuals were removed from site 14OB306 in Osborne County, KS (UBS 1991-03). The 182 associated funerary objects include shell beads, a metal axe, a hoe blade, shells, a bone knife handle, catlinite pipes, pipe stem, bone spoon handle, fossils, and metal fragments. The remains and objects were removed by the landowner in 1935 after being exposed by flooding.

To our knowledge, no known hazardous substances were used to treat the human remains or associated funerary objects.

Cultural affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

Determinations

The KSHS has determined that:

- The human remains described in this notice represent the physical remains of two individuals of Native American ancestry.
- The 197 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and the Cheyenne and Arapaho Tribes, Oklahoma and the Northern Arapaho Tribe of the Wind River Reservation, Wyoming.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under ADDRESSES. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL REGISTER**]. If competing requests for repatriation are received, the KSHS must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The KSHS is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.
