

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103491; File No. SR-FINRA-2025-012]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend Rule 6860 of FINRA’s Compliance Rule to be Consistent with the Exemptive Relief Granted by the Commission from Certain Provisions Related to Timestamp Granularity

July 17, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 16, 2025, Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by FINRA. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to amend FINRA Rule 6860 (Time Stamps) of FINRA’s compliance rule (“CAT Compliance Rule”) regarding the National Market System Plan Governing the Consolidated Audit Trail (the “CAT NMS Plan” or “Plan”)³ to be consistent with the exemptive relief granted by the Commission from certain provisions of the CAT NMS Plan related to time stamp granularity (“2025 Timestamp Granularity Exemption”).⁴ Specifically, FINRA proposes to update the expiration date of the exemption in Rule 6860(a)(2) from April 8, 2025 to April 8, 2030.

³ Unless otherwise specified, capitalized terms used in this rule filing are defined as set forth in the CAT Compliance Rule.

⁴ See Securities Exchange Act Rel. No. 102980 (May 2, 2025), 90 FR 19334 (May 7, 2025).

The text of the proposed rule change is available on FINRA's website at <https://www.finra.org> and at the principal office of FINRA.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to amend Rule 6860 of the CAT Compliance Rule to be consistent with the 2025 Timestamp Granularity Exemption. Under the 2025 Timestamp Granularity Exemption, the Commission extended the exemptive relief pursuant to which Industry Members that capture time stamps in increments more granular than nanoseconds must truncate the time stamps after the nanosecond level for submission to CAT, rather than rounding such time stamps up or down, from April 8, 2025 to April 8, 2030. Accordingly, FINRA proposes to update the expiration date of Rule 6860(a)(2) from April 8, 2025 to April 8, 2030.

On February 3, 2020, the Participants filed with the Commission a request for exemptive relief from the requirement in Section 6.8(b) of the CAT NMS Plan to permit each Participant, through its CAT Compliance Rule, to require that, to the extent that its Industry Members utilize time stamps in increments finer than nanoseconds in their order handling or execution systems, such Industry Members utilize such finer increment when reporting CAT Data to the Central

Repository.⁵ On April 8, 2020, the Participants received the requested exemptive relief.⁶ As a condition to this exemption, the Participants, through their CAT Compliance Rules, required Industry Members that capture time stamps in increments more granular than nanoseconds to truncate the time stamps after the nanosecond level for submission to CAT, rather than rounding up or down in such circumstances. The exemption was to remain in effect for five years, until April 8, 2025.

In 2020, FINRA amended paragraph (a)(2) of Rule 6860 to reflect this exemptive relief.⁷ Specifically, FINRA amended Rule 6860(a)(2) to state the following:

Subject to paragraph (b), to the extent that any Industry Member's order handling or execution systems utilize time stamps in increments finer than milliseconds, such Industry Member shall record and report Industry Member Data to the Central Repository with time stamps in such finer increment up to nanoseconds; provided, that Industry Members that capture time stamps in increments more granular than nanoseconds must truncate the time stamps after the nanosecond level for submission to CAT, rather than rounding such time stamps up or down, until April 8, 2025.

The language of Rule 6860(a)(2) has not been changed since that time.

The exemption granted in 2020, however, would no longer be in effect after April 8, 2025, unless the SEC extended the relief. Accordingly, on March 24, 2025, the Participants filed with the Commission a request to extend the existing exemptive relief for another five years, until April 8, 2030.⁸ On May 2, 2025, the Participants received the requested exemptive relief from the Commission (the 2025 Timestamp Granularity Exemption).⁹ As a condition to this exemption, the Participants, through their CAT Compliance Rules, are required to require Industry Members that capture time stamps in increments more granular than nanoseconds to

truncate the time stamps after the nanosecond level for submission to CAT, rather than rounding up or down in such circumstances. The SEC granted the 2025 Timestamp Granularity Exemption for a period of five years, until April 8, 2030.

Accordingly, FINRA proposes to amend its CAT Compliance Rule to reflect the extended period set forth in the 2025 Timestamp Granularity Exemption, replacing the reference to April 8, 2025 with April 8, 2030. Specifically, FINRA proposes to amend paragraph (a)(2) of Rule 6860 to state:

Subject to paragraph (b) of this Rule, to the extent that any Industry Member's order handling or execution systems utilize time stamps in increments finer than milliseconds, such Industry Member shall record and report Industry Member Data to the Central Repository with time stamps in such finer increment up to nanoseconds; provided, that Industry Members that capture time stamps in increments more granular than nanoseconds must truncate the time stamps after the nanosecond level for submission to CAT, rather than rounding such time stamps up or down, until April 8, 2030.¹⁰

FINRA has filed the proposed rule change for immediate effectiveness and has requested that the SEC waive the requirement that the proposed rule change not become operative for 30 days after the date of the filing, so FINRA can implement the proposed rule change immediately.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,¹¹ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest, and Section 15A(b)(9) of the Act,¹² which requires that FINRA rules not impose any burden on competition that is not necessary or appropriate.

FINRA believes that this proposed rule change is consistent with the Act because it is consistent with the exemptive relief that has been in place for five years, is consistent with the

¹⁰ FINRA is also making a technical change by adding "of this Rule" to conform to FINRA Rule format style.

¹² 15 U.S.C. 78o-3(b)(9).

2025 Timestamp Granularity Exemption, and is designed to assist FINRA and Industry Members in meeting regulatory obligations pursuant to the Plan. In approving the Plan, the SEC noted that the Plan “is necessary and appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanism of a national market system, or is otherwise in furtherance of the purposes of the Act.”¹³ To the extent that this proposed rule change implements the Plan, including exemptive relief related thereto, and applies specific requirements to Industry Members, FINRA believes that this proposed rule change furthers the objectives of the Plan, as identified by the SEC, and is therefore consistent with the Exchange Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. FINRA notes that the proposed rule change is consistent with the exemptive relief that has been in place for five years, is consistent with the 2025 Timestamp Granularity Exemption, and is designed to assist FINRA in meeting its regulatory obligations pursuant to the Plan. FINRA also notes that the amendment to the CAT Compliance Rule will apply equally to all Industry Members that trade NMS Securities and OTC Equity Securities. In addition, all national securities exchanges and FINRA are proposing these amendments to their CAT Compliance Rules. Therefore, this filing is not a competitive rule filing, and, therefore, does not impose a burden on competition.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

¹³ See Securities Exchange Act Release No. 79318 (November 15, 2016), 81 FR 84696, 84697 (November 23, 2016).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

FINRA has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6)¹⁵ thereunder. Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁶ and Rule 19b-4(f)(6)¹⁷ thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹⁸ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁹ the Commission may designate a shorter time if such action is consistent with protection of investors and the public interest. FINRA has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because the proposal seeks to amend FINRA's CAT Compliance Rule to reflect the expiration date for exemptive relief relating to timestamp granularity approved by the Commission on May 2, 2025, and the proposal does not introduce any novel regulatory issues. Accordingly, the Commission designates the proposed rule change to be operative upon filing.²⁰

¹⁶ 15 U.S.C. 78s(b)(3)(A).

¹⁷ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires FINRA to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. FINRA has satisfied this requirement.

¹⁹ 17 CFR 240.19b-4(f)(6)(iii).

²⁰ For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments:

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-FINRA-2025-012 on the subject line.

Paper Comments:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-FINRA-2025-012. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>).

Copies of the filing also will be available for inspection and copying at the principal office of FINRA. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection.

All submissions should refer to file number SR-FINRA-2025-012 and should be submitted on or before [INSERT DATE 21 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*].
