SUPPLEMENTARY INFORMATION:

I. What information is EPA particularly interested in?

Pursuant to PRA section 3506(c)(2)(A) (44 U.S.C. 3506(c)(2)(A)), EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

II. What information collection activity or ICR does this action apply to?

Title: Asbestos-Containing Materials in Schools and Asbestos Model Accreditation Plans

EPA ICR No.: 1365.13

OMB Control No.: 2070-0091

ICR Status: This ICR is currently approved through May 31, 2026. Under the PRA, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control

numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the ***Federal Register*** when approved, are displayed either by publication in the ***Federal Register*** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This Information Collection Request addresses reporting and recordkeeping requirements found in the Asbestos-Containing Materials in Schools Rule (“AHERA Rule” a.k.a. “Schools Rule”) and the Asbestos Model Accreditation Plan (MAP) Rule.

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Form number(s): None.

Respondents/affected entities: Entities potentially affected by this ICR include elementary and secondary school districts and states and the North American Industrial Classification System (NAICS) codes identified in question 12 of the ICR.

Respondent’s obligation to respond: Mandatory, per 15 U.S.C. 2643, 15 U.S.C. 2601 and 15 U.S.C. 2646.

Estimated number of potential respondents: 129,640.

Frequency of response: On occasion.

Total estimated burden: 2,414,694 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated costs: \$152,203,002. (per year), includes no annualized capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

There is a decrease of 185,985 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This change, which is discussed in more detail in the ICR, reflects a steadily declining number of schools with friable asbestos

containing materials (ACM). This change is an adjustment.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another ***Federal Register*** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Authority: 44 U.S.C. 3501 *et seq.*
