**SUPPLEMENTARY INFORMATION:** CBP invites the general public and other Federal agencies to comment on the proposed and/or continuing information collections pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). This process is conducted in accordance with 5 CFR 1320.8. Written comments and suggestions from the public and affected agencies should address one or more of the following four points: (1) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) suggestions to enhance the quality, utility, and clarity of the information to be collected; and (4) suggestions to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The comments that are submitted will be summarized and included in the request for approval. All comments will become a matter of public record.

## **Overview of This Information Collection**

**Title:** Operation Stonegarden Daily Activity Report

**OMB Number:** 1651-0NEW

**Form Number:** N/A

**Current Actions:** New collection of information.

**Type of Review:** New collection of information.

**Affected Public:** Individuals

**Abstract:** Operation Stonegarden provides funding to enhance cooperation and coordination among state, local, tribal, territorial, and federal law enforcement agencies to jointly enhance security along the United States land and water borders. Participation in Operation Stonegarden (OPSG) requires accurate, consistent, and timely reporting on monitoring program performance; determining the level of integration and information sharing; and developing best practices for future operations.

As a requirement, outlined in FEMA's Manual (FM) 207-22-0001 and the Fiscal Year 2023 Homeland Security Grant Program (HSGP), Daily Activity Reports (DAR) are used to submit the ongoing results and outputs from OPSG operations conducted. The information and statistics submitted to CBP included in the DAR will be delineated by OPSG subrecipients.

Subrecipients are approved county law enforcement agencies who receive the OPSG funding from their state governor's office to conduct OPSG duties. The DAR must be submitted to the U.S. Border Patrol (USBP) sector or the participating agency's OPSG

coordinator within 48 hours of the conclusion of each OPSG shift. Subrecipients and Sectors are responsible to ensure that DARs are submitted in the proper format and in a timely manner. DARs are submitted using the CBP Stonegarden Data Management System. Other local, tribal, and territorial law enforcement agencies receiving funding through a subrecipient will submit DARs within 48 hours. Border Patrol Sectors and OPSG subrecipients will implement internal protocols to ensure operational data from subrecipients and DARs are properly collected following the established guidelines.

The information provided in the DAR includes but not limited to officers' names, government vehicle identification including license plates, and all information gathered while doing any vehicle stops. This information would include the name, vehicle description and license plate number of the person that was pulled over. Other information in the DARs includes any narcotic seizures that happened during their patrol while working Operation Stonegarden.

New Changes:

1. Transfer to CBP:

Historically, this collection of information was approved under FEMA's PRA control number 1660-0125, however, this collection has now been transferred to CBP ownership and in that process, CBP has reviewed the form and has made modifications to reduce the time burden. Having respondents submit their information directly to CBP through our electronic system, instead of the previous paper

submissions, will reduce burden on the public and agency because it's easier to pre-fill the information. A new control number will be assigned after OMB approval.
