Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with the Clean Air Act, as amended (CAA or the Act), notice is given of a proposed consent decree in *Commonwealth of Kentucky v. U.S. Environmental Protection Agency*, No. 3:24-CV-600-CHB (W.D. Ky.). On October 16, 2024, Plaintiffs the Commonwealth of Kentucky, Energy and Environment Cabinet (KY EEC); Rebecca Goodman, Secretary of the KY EEC; and the Louisville Metro Air Pollution Control District filed a complaint in the United States District Court for the Western District of Kentucky, Louisville Division. Plaintiffs allege that the Environmental Protection Agency (EPA or the Agency) failed to perform certain non-discretionary duties in accordance with the Act to timely approve or deny a request to redesignate the Kentucky portion of the Louisville, Kentucky-Indiana, 2015 8-hour ozone nonattainment area (the Area) to attainment for the 2015 8-hour ozone National Ambient Air Quality Standards (NAAQS or standards). The proposed consent decree would establish deadlines for EPA to approve or deny the request to redesignate.

On September 6, 2022, the Commonwealth of Kentucky submitted a request for EPA to redesignate the Area to attainment for the 2015 8-hour ozone NAAQS and to approve a State Implementation Plan revision containing a maintenance plan for the Area. The proposed consent

decree would establish deadlines for EPA to approve or deny the request to redesignate the Area to attainment for the 2015 8-hour ozone NAAQS.

The proposed consent decree would require the appropriate EPA official to sign a final rule to approve or deny Kentucky's request by no later than December 8, 2025. EPA would be required to provide Plaintiffs with notice and a copy of the final rule within three business days after the official's signature. The proposed consent decree would also require EPA to transmit the final rule to the Office of the Federal Register for review and publication in the *Federal Register* within fifteen business days after the official's signature. Finally, the proposed consent decree would require EPA to provide Plaintiffs with notice of the transmittal of the final rule to the Office of the Federal Register within five business days.

In accordance with section 113(g) of the CAA, for a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.
