Human remains were found in the collections of the Iowa and Sac and Fox Mission (Highland Mission). Provenience information states that they were found in the vicinity of the Highland Mission.

The 12 associated funerary objects include flakes, a metal flake, stone and chips, and a cinder. The human remains and objects were uncovered while bulldozing a hilltop for housing.

Human remains representing, at least, one individual have been identified from site 14DP304 in Doniphan County, KS (UBS 2000-16). The two associated funerary objects include debitage. The human remains were found on or near a looted stone mound.

Human remains representing, at least, two individuals have been identified from either Kansas or Nebraska (UBS 2019-02, UBS 1993-07). No associated funerary objects are present. These remains are potentially from the Leary site (14BN1336), however, the exact provenience is uncertain.

To our knowledge, no known hazardous substances were used to treat any of the human remains and associated funerary objects.

Cultural affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

The KSHS has determined that:

- The human remains described in this notice represent the physical remains of six individuals of Native American ancestry.
- The 58 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.

- There is a connection between the human remains and associated funerary objects described in this notice and the Iowa Tribe of Kansas and Nebraska.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL REGISTER**]. If competing requests for repatriation are received, the KSHS must determine the most appropriate requestor prior to repatriation. The KSHS is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.
