Commerce initiated,³ the first sunset review of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping and countervailable subsidies, and therefore, notified the ITC of the magnitude of the margins of dumping and subsidy rates likely to prevail should the *Orders* be revoked.⁴

On September 9, 2025, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the *Orders*

The merchandise subject to this *Orders* consists of wooden cabinets and vanities that are for permanent installation (including floor mounted, wall mounted, ceiling hung or by attachment of plumbing), and wooden components thereof.
