[Docket No. FAA-2025-0269]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Notice of Construction, Alteration and Deactivation of Airports

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection allows users of both federally obligated and non-obligated airports to activate and deactivate landing areas, change traffic patterns, change use types, and realign landing areas. The information to be collected will be used to conduct airport airspace analyses to understand the impact of proposed actions on existing and planned operating procedures, determine potential hazardous effects and objections, and identify any mitigating measures needed to enhance safe air navigation.

DATES: Written comments should be submitted by **[INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0036

Title: Notice of Construction, Alteration and Deactivation of Airports

Form Numbers: 7480-1.

Type of Review: Renewal of an information collection

Background: Title 14 Code of Federal Regulations Part 157, Notice of Construction, Alteration, Activation, and Deactivation of Airports, requires that each person who intends to establish, construct, deactivate, or change the status of an airport, runway, or taxiway notify the FAA of such activity. The FAA uses the information collected to determine the effect the proposed action will have on existing airports and on the safe and efficient use of airspace by aircraft, the effects on the existing structure of airspace or contemplated traffic patterns of neighboring airports, the effects on the projected programs of the FAA, and the effects that existing or proposed manmade objects (on file with the FAA) and natural objects within the affected area will have on the airport proposal. The FAA collects this information via an online reporting tool available on the FAA website or via FAA Form 7480-1.

Respondents: Approximately 552 annually

Frequency: Information is collected on occasion

Estimated Average Burden per Response: 1 hour

Estimated Total Annual Burden: 552 hours

Issued in Washington, DC, on September 16, 2025.

Christopher Criswell,

Manager,

Airport Data and Airspace Branch, Office of Airport Safety and Standards.
