RIN 0625-XC058

Implementing Certain Tariff-Related Elements of the U.S.-EU Framework on an Agreement on Reciprocal, Fair, and Balanced Trade

AGENCY: International Trade Administration, U.S. Department of Commerce, and the Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: On August 21, 2025, the United States and the European Union announced agreement on a Framework on an Agreement on Reciprocal, Fair, and Balanced Trade (Framework Agreement). On September 5, 2025, President Trump issued Executive Order 14346, Modifying the Scope of Reciprocal Tariffs and Establishing Procedures for Implementing Trade and Security Agreements, finding that it is necessary and appropriate to implement the tariff modifications described in that Framework Agreement. Executive Order 14346 also directed and authorized the Secretary of Commerce and the United States Trade Representative to take the necessary and appropriate steps to implement any current or forthcoming trade and security framework agreements between a foreign trading partner and the United States. This notice amends the Harmonized Tariff Schedule of the United States to implement the elements of the Framework Agreement that adjust tariffs on certain articles that are products of the European Union, including automobiles and automobile parts subject to tariffs under Proclamation 10908, Adjusting Imports of Automobiles and Automobile Parts Into the United States, as amended, and unavailable natural resources (including cork), all aircraft and aircraft parts, and generic pharmaceuticals and their ingredients and chemical precursors.

DATES: This notice is effective [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER]. The Harmonized Tariff Schedule of the United States modifications set out in the Annex II to this notice are effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern daylight time (i) on September 1, 2025, as to the modifications to the reciprocal tariffs and to other tariffs imposed on aircraft and aircraft parts set forth in Annex II (Part B), and (ii) on August 1, 2025, as to the modifications to tariffs imposed under Proclamation 10908, as amended, for automobiles and automobile parts as set forth in Annex II (Part A).

SUPPLEMENTARY INFORMATION:

I. Background

On August 21, 2025, the United States and the European Union (EU) announced that they had agreed on a Framework on an Agreement on Reciprocal, Fair, and Balanced Trade (Framework Agreement) (<https://www.whitehouse.gov/briefings-statements/2025/08/joint-statement-on-a-united-states-european-union-framework-on-an-agreement-on-reciprocal-fair-and-balanced-trade/>). The Framework Agreement represents a concrete demonstration of the United States and EU's commitment to fair, balanced, and mutually beneficial trade and investment. The Framework Agreement reflects acknowledgement by the EU of the concerns of the United States and our joint determination to resolve trade imbalances and unleash the full potential of our combined economic power.

The Framework Agreement provides that the United States will apply only the most-favored nation (MFN) tariff to certain goods of the EU including unavailable natural resources (including cork), all aircraft and aircraft parts, and generic pharmaceuticals and their ingredients and

chemical precursors. The Framework Agreement also provides that the United States will take certain steps to reduce the tariffs on automobiles and automobile parts that are products of the EU when the EU formally introduces the necessary legislative proposal to enact the EU tariff reductions called for by the Framework Agreement.

In Executive Order 14346, President Trump determined that it is necessary and appropriate to take steps contemplated in certain current and forthcoming trade and security framework agreements between a foreign trading partner and the United States and that any modification of tariffs required to implement such framework agreements is necessary and appropriate to deal with the national emergency declared in Executive Order 14257 of April 2, 2025, Regulating Imports with a Reciprocal Tariff to Rectify Trade Practices That Contribute to Large and Persistent Trade Deficits and to reduce or eliminate the threats to national security found in Proclamation 9704 of March 8, 2018, Adjusting Imports of Aluminum Into the United States, as amended; Proclamation 9705 of March 8, 2018, Adjusting Imports of Steel Into the United States, as amended; Proclamation 9888 of May 17, 2019, Adjusting Imports of Automobiles and Automobile Parts Into the United States, as amended; and Proclamation 10962 of July 30, 2025, Adjusting Imports of Copper Into the United States. In Executive Order 14346, President Trump also determined that it is necessary and appropriate to implement the tariff modifications described in the Framework Agreement and that such modifications are necessary and appropriate to deal with the national emergency declared in Executive Order 14257 and to reduce or eliminate the threat to national security found in Proclamation 9888.

Executive Order 14346 also directed and authorized the Secretary of Commerce (Secretary) and the United States Trade Representative (Trade Representative) to determine whether the United States must take any action to implement a framework agreement and whether any condition or conditions to such action have occurred or will occur, and to take the necessary and appropriate actions to implement a framework agreement. It also directed and authorized the Secretary, the Secretary of Homeland Security, and the Trade Representative to take all

necessary action to implement and effectuate that order and any actions taken under section 3 or section 4 of that order to employ all powers granted to the President as may be necessary to do so. That Executive Order also authorized the Secretary and the Trade Representative, in consultation with the Commissioner of U.S. Customs and Border Protection (CBP) and the Chair of the United States International Trade Commission (USITC), to determine whether modifications to the Harmonized Tariff Schedule of the United States (HTSUS) are necessary to effectuate that order and to make such modifications through notice in the *Federal Register*.

Consistent with Executive Order 14346, including the Potential Tariff Adjustments for Aligned Partners (PTAAP) Annex appended thereto, in order to implement certain tariff-related elements of the Framework Agreement, the Secretary and the Trade Representative have determined that products of the European Union contained in the PTAAP Annex and provided in Annex I to this notice shall be exempted from the reciprocal tariff imposed by Executive Order 14257, as amended. Aircraft and aircraft parts shall also be exempted from the tariffs imposed by Proclamation 9704, as amended; Proclamation 9705, as amended; and Proclamation 10962. Accordingly, the HTSUS is modified as provided for in Annex II (Part B) to this notice with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after September 1, 2025.

The Secretary and the Trade Representative have also determined that the EU has formally introduced the necessary legislative proposal to enact the tariff reductions called for by the Framework Agreement. Accordingly, the Secretary and the Trade Representative, in consultation with USITC and CBP, are amending the HTSUS to remove tariffs imposed on automobiles and automobile parts under Proclamation 10908 (Adjusting Imports of Automobiles and Automobile Parts Into the United States), as amended (Proclamation 10908), with respect to products of the EU if the MFN tariff on such articles is 15 percent *ad valorem* or higher; if the MFN tariff on an article subject to Proclamation 10908 is lower than 15 percent *ad valorem*, the tariff imposed under Proclamation 10908 is reduced to result in a combined tariff rate of fifteen

percent *ad valorem* (comprised of the MFN tariff and the reduced tariff imposed under Proclamation 10908). In accordance with the Framework Agreement, the HTSUS is modified as set forth in Annex II (Part A); these tariff reductions are effective for goods entered for consumption, or withdrawn from warehouse for consumption, on or after August 1, 2025.

Executive Order 14346 provides that the Secretary and Trade Representative, in consultation with other officials, are to continue to monitor the conditions underlying the national emergency declared in Executive Order 14257, update the President on the status of these conditions, inform the President of any circumstance that, in their opinion, might indicate the need for further action, and recommend additional action that, in their opinion, will more effectively deal with that emergency. Accordingly, the list of products contained in the Annexes to this notice may be amended.

William Kimmitt,
Under Secretary for International Trade,
United States Department of Commerce.

Jennifer Thornton,
General Counsel,
Office of the United States Trade Representative.

ANNEX I

Note: All products of the European Union that are properly classified in the provisions of the Harmonized Tariff Schedule of the United States (HTSUS) and adhere to the identified scope limitations that are listed in this Annex are exempted from duties imposed by Executive Order 14257, as amended. The product descriptions that are contained in this Annex are provided for informational purposes only, do not supersede the text of the HTSUS, and are not intended to delimit in any way the scope of the action, except as specified below. Only items that are properly classified in the listed provisions of the HTSUS and adhere to the identified scope limitations are eligible to be exempted from the tariff action imposed by Executive Order 14257, as amended. Any questions regarding the scope of particular HTSUS provisions should be referred to U.S. Customs and Border Protection. In the product descriptions, the abbreviation “nesoi” means “not elsewhere specified or included”.

Notes on certain HTSUS provisions for which only a portion of the provision is covered in this Annex, as provided in the “Scope Limitations” column:

- A subheading marked with “**Ex**” is defined and limited by the product description.
- A subheading marked with “**Aircraft**” includes only articles of civil aircraft (all aircraft other than military aircraft); their engines, parts, and components; their other parts, components, and subassemblies; and ground flight simulators and their parts and components, that otherwise meet the criteria of General Note 6 of HTSUS, regardless of whether a product is entered under a provision for which the rate of duty “Free (C)” appears in the “Special” sub-column.
- A subheading marked with “**Pharma**” includes only non-patented articles for use in pharmaceutical applications.
