Abstract of information available

A total of four cultural items have been requested for repatriation. The four unassociated funerary items are one lot of pyrite and other stones, one lot of pigment, one possible clay vessel, and one lot of lithics including adzes, blades, celts, flakes, gouges, hammerstones, hoes, knives, mortars, pendants, pestles, plummets, polishing stones, projectile points, scrapers, sinkers, smoothers, weights, and whetstones. These items were removed from multiple burials from at least nine locations in Maine. Many were excavated under the supervision of Warren K.

Moorehead in the first half of the 20th century.

Determinations

The HMA has determined that:

- The four unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.
- There is a connection between the cultural items described in this notice and the Houlton Band of Maliseet Indians; Mi'kmaq Nation (*previously* listed as Aroostook Band of Micmacs); Passamaquoddy Tribe; and the Penobscot Nation.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under ADDRESSES. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL REGISTER**]. If competing requests for repatriation are received, the HMA must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The HMA is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in

this notice and to any other consulting parties.
