**SUPPLEMENTARY INFORMATION:**

*Description:* The Trafficking Victims Protection Act of 2000 (TVPA), as amended, authorizes the HHS Secretary to expand benefits and services to victims of severe forms of trafficking in persons in the United States without regard to their immigration status. The TVPA also authorizes HHS to establish and strengthen programs to assist U.S. citizens and lawful permanent residents who have experienced sex trafficking or severe forms of trafficking in persons (22 U.S.C. 7105(f)(1)). Acting under a delegation of authority from the Secretary of HHS, ACF awards cooperative agreements to organizations to assist U.S. citizens and lawful permanent residents who have experienced human trafficking, the DVHT Program. The DVHT Program includes two distinct programs: the Domestic Victims of Human Trafficking Services and Outreach Program (DVHT-SO) and the Victims of Human Trafficking in Native Communities Demonstration Program (VHT-NC). Through the DVHT Program, grant recipients provide comprehensive case management to domestic survivors of human trafficking in traditional case management and Native community settings.

OTIP proposes to continue to collect information to measure grant project performance, provide technical assistance to grant recipients, assess program outcomes, inform program evaluation, respond to congressional inquiries and mandated

reports, and inform policy and program development that is responsive to the needs of victims.

The information collection captures information on participant demographics (e.g., age, sex, type of trafficking experienced, service location) and services provided, along with aggregate information on outreach activities conducted, subrecipients enrolled, and dollars spent per service. Minor nonsubstantive updates have been made to performance indicators under this collection to simplify response options or to bring the collection into alignment with OTIP's grant recipient reporting database, the Anti-Trafficking Information Management System (ATIMS). Certain data element response options that do not pertain to OTIP's domestic victim service programs were removed (e.g., Refugee Cash Assistance, Refugee Medical Assistance, Refugee Social Services) and certain data elements have been simplified for respondent clarity.

*Respondents:* DVHT Program grant recipients and clients of those programs, specifically DVHT-SO and VHT-NC funding recipients.

#### *Annual Burden Estimates*

Based on review of performance data received pertaining to the number of clients served through DVHT programs and funding levels, the total number of respondents for each

form has been lowered. The time to complete each form remains the same.
