

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 250312-0036; RTID 0648-XF220]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the Western Aleutian District of the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific ocean perch in the
Western Aleutian district (WAI) of the Bering Sea and Aleutian Islands management area
(BSAI) by vessels participating in the BSAI trawl limited access sector fishery. This
action is necessary to prevent exceeding the 2025 total allowable catch (TAC) of Pacific
ocean perch in the WAI allocated to vessels participating in the BSAI trawl limited
access sector fishery.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), October 31, 2025, through
2400 hours, A.l.t., December 31, 2025.

FOR FURTHER INFORMATION CONTACT: Steve Whitney, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the
BSAI exclusive economic zone according to the Fishery Management Plan (FMP) for
Groundfish of the BSAI prepared and recommended by the North Pacific Fishery
Management Council under authority of the Magnuson-Stevens Fishery Conservation
and Management Act (Magnuson-Stevens Act). Regulations governing fishing by U.S.
vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR
part 679.

The 2025 TAC of Pacific ocean perch in the WAI allocated to vessels participating in the BSAI trawl limited access sector fishery was established as a directed fishing allowance of 205 metric tons by the final 2025 and 2026 harvest specifications for groundfish in the BSAI (90 FR 12640, March 18, 2025).

In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance will be or has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific ocean perch in the WAI by vessels participating in the BSAI trawl limited access sector fishery to prevent exceeding the directed fishing allowance for Pacific ocean perch in the WAI by these vessels. While this closure is effective, the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR part 679, which was issued pursuant to section 304(b) of the Magnuson-Stevens Act, and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment would be impracticable and contrary to the public interest, as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion, and would delay the closure of directed fishing for Pacific ocean perch in the WAI by vessels participating in the BSAI trawl limited access sector fishery. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data regarding Pacific ocean perch catch in the WAI by these vessels only became available as of October 28, 2025.

There is good cause under 5 U.S.C. 553(d)(3) to waive the 30-day delay in the effective date of this action. This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 30, 2025.

Samuel D. Rauch III,

Deputy Assistant Administrator for Regulatory Programs,

National Marine Fisheries Service.
