Abstract of information available

Human remains representing, at least, five individuals have been identified. The two associated funerary objects are two projectile points. In the 1960s, the Frances Dorrance Chapter of the Society for Pennsylvania Archaeology excavated from the Schacht Site (36LU1) in Luzerne County, Pennsylvania, with assistance from Jacob Gruber, an archaeologist from Temple University, and John Witthoft of the Pennsylvania Historical Museum Commission. The human

remains and funerary objects were acquired by Temple University in 1968. Based on the available information, a relationship of shared group identity can be identified reasonably between the geographical location and the culturally affiliated Indian Tribes. Luzerne County, Pennsylvania, is within the aboriginal and ancestral homeland of the culturally affiliated Indian Tribes. Temple University has no knowledge or record of the presence of any potentially hazardous substances used to treat the human remains or associated funerary objects.

Cultural affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location of the human remains and associated funerary objects described in this notice.

Determinations

Temple University has determined that:

- The human remains described in this notice represent the physical remains of five individuals of Native American ancestry.
- The two objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and the Absentee-Shawnee Tribe of Indians of Oklahoma; Cayuga Nation; Delaware Nation, Oklahoma; Delaware Tribe of Indians; Eastern Shawnee Tribe of Oklahoma; Oneida Indian Nation; Oneida Nation; Onondaga Nation; Saint Regis Mohawk Tribe; Seneca Nation of Indians; Seneca-Cayuga Nation; Shawnee Tribe; Stockbridge Munsee Community, Wisconsin; Tonawanda Band of Seneca; and the Tuscarora Nation.

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL REGISTER**]. If competing requests for repatriation are received, Temple University must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. Temple University is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.
