On January 9, 2008, the Commission released the Fourth Report and Order, CC Docket No. 94-129, FCC 07-223, revising its requirements concerning verification of a consumer's intent to switch carriers.

The Fourth Report and Order modified the information collection requirements contained in § 64.1120(c)(3)(iii) of the Commission’s rules to provide for verifications to elicit “confirmation that the person on the call understands that a carrier change, not an upgrade to existing service, bill consolidation, or any other misleading description of the transaction, is being authorized.”
