[Docket No. CP25-233-000]

Magnum Gas Storage, LLC; Notice of Revised Schedule for Environmental Review of the 2025 Amendment Project

This notice identifies the Federal Energy Regulatory Commission staff's revised schedule for the completion of the environmental assessment (EA) for Magnum Gas Storage, LLC's (Magnum) 2025 Amendment Project.¹ The first notice of schedule, issued on June 26, 2025, identified November 13, 2025, as the EA issuance date. However, following a series of staff data requests, Magnum indicated that it will not file a response regarding the project's construction emissions until November 25, 2025. As this information is needed to determine the level of construction-related air quality effects and for the Commission to understand whether a General Conformity Determination is required for the project, staff has revised the schedule for issuance of the EA. The issuance date is also contingent on the quality of information provided by Magnum. The EA will be issued for a 30-day comment period.
