This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the *Federal Register* concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collections

1. *Type of Information Collection Request:* Reinstatement without change of a previously approved collection; *Title of Information Collection:* Conditions of Participation for Psychiatric Residential Treatment Facilities' (PRTFs) Use of Restraint & Seclusion; *Use:* We are requesting reinstatement of the previously approved information collection. This collection supports CMS's oversight of the use of involuntary "restraint" and "seclusion" – interventions used to manage patients who pose a danger to themselves or others, in psychiatric residential treatment facilities (PRTFs) that serve individuals under age 21. As authorized under the Social Security Act, the Medicaid program allows federal funding available for state expenditures under an approved State Medicaid plan for inpatient psychiatric services in both hospital and non-hospital settings. Non-hospital settings, defined as PRTFs, serve individuals under age 21 with psychiatric conditions that require physician-directed inpatient care in a residential setting.

The requirements under 42 CFR §483.350 et seq. are used by CMS to monitor compliance in Psychiatric Residential Treatment Facilities (PRTFs). Compliance is assessed by state surveyors through on-site surveys and is used to determine a facility's eligibility for Medicare certification and re-certification. PRTFs are typically surveyed at least once every six years. *Form Number:* CMS-R-306 (OMB control number: 0938-0833); *Frequency:* Occasionally; *Affected Public:* Private sector (Business or other for-profits); *Number of Respondents:* 366; *Total Annual Responses:* 1,376,621; *Total Annual Hours:* 439,623.
