

**DEPARTMENT OF EDUCATION**

**Free Application for Federal Student Aid (FAFSA®) Information  
to be Verified for the 2026-2027 Award Year**

**AGENCY:** Office of Postsecondary Education, Department of Education.

**ACTION:** Notice.

**SUMMARY:** For each award year, the Secretary publishes in the *Federal Register* a notice announcing the FAFSA information that an institution and an applicant may be required to verify, as well as the acceptable documentation for verifying FAFSA information. This is the notice for the 2026-2027 award year; Assistance Listing Numbers 84.007, 84.033, 84.063, and 84.268.

**FOR FURTHER INFORMATION CONTACT:** Vanessa Gomez. Telephone: (202) 453-6708. Email: [Vanessa.Gomez@ed.gov](mailto:Vanessa.Gomez@ed.gov).

If you are deaf, hard of hearing, or have a speech disability and wish to access telecommunications relay services, please dial 7-1-1.

**SUPPLEMENTARY INFORMATION:** If the Secretary selects an applicant for verification, the applicant's Institutional Student Information Record (ISIR) includes flags that indicate (1) that the applicant has been selected by the Secretary for verification and (2) the verification tracking group in which the applicant has been placed. The verification tracking group indicates which FAFSA

information needs to be verified for the applicant and, if appropriate, for the applicant's parent(s) or spouse. The FAFSA Submission Summary indicates that the applicant's FAFSA information has been selected for verification and directs the applicant to contact the institution for further instructions for completing the verification process.

In accordance with the Fostering Undergraduate Talent by Unlocking Resources for Education (FUTURE) Act, much of the applicant's tax return information, including information from their spouse and/or parents, will come directly from the Internal Revenue Service (IRS) and will not be viewable by the student and other contributors. IRS data that is transferred and used in the Pell Grant eligibility determination and/or Student Aid Index (SAI) calculation cannot be edited and therefore is not subject to any verification procedures. When data is unable to be obtained directly from the IRS, the applicant will have to manually enter the necessary information into the FAFSA form, and that manual entry may be subject to verification.

The following chart lists, for the 2026-2027 award year, the FAFSA information that an institution and an applicant and, if appropriate, the applicant's parent(s) or spouse may be required to verify under 34 CFR 668.56. The chart also lists the acceptable documentation that must, under section 668.57, be provided to an institution for

that information to be verified.

Dependent students are excluded from this requirement.</p> <p><i>Note:</i> The collection of documentation to verify income earned from work is also used to determine if the applicant (and the applicable spouse or parent) was required to file a U.S. income tax return for the 2024 tax year.</p>
Family Size	<p>Since family size is based on the number of individuals listed and claimed on the IRS tax return, if transferred directly from the IRS and used in the Pell Grant eligibility determination and/or SAI calculation, family size does not need to be verified. However, when information is not transferred from the IRS, or if the applicant updated their family size when presented with the opportunity to do so on their FAFSA form, the following documentation is sufficient for verification:</p> <p>A statement signed by the applicant and, if the applicant is a dependent student, by one of the applicant's parents, that lists the name and age of each family member for the 2026-2027 award year and the relationship of that family member to the applicant.</p> <p><i>Note:</i> Verification of family size is not required if--</p> <ul style="list-style-type: none"> <li>• For a dependent student, the family size indicated on the ISIR is two and the parent is single, separated, divorced, or widowed, or the household size indicated on the ISIR is three and the parents are married, remarried or unmarried and living together; or</li> <li>• For an independent student, the family size indicated on the ISIR is one and the applicant is single, separated, divorced, or widowed, or the household size indicated on the ISIR is two and the applicant is married or remarried; or</li> <li>• The applicant manually updated their family size and the number is the same as the family size derived from data transferred directly from the IRS.</li> </ul>
Identity	<p><i>Note:</i> Institutions can no longer require applicants to submit a Statement of Educational Purpose.</p> <p>1) An applicant may appear in person and present acceptable identification<sup>5</sup> to an institutionally authorized individual to verify the applicant's identity. The institution must maintain an annotated copy of the acceptable identification and documentation, that includes –</p> <p>a) The date the identification was presented; and</p>

b) The name of the institutionally authorized individual who reviewed the identification.

2) An applicant may also be verified by an entity that is compliant with the National Institute of Standards and Technology Identity Assurance Level 2 (NIST IAL2), even if the applicant can appear in person - <https://pages.nist.gov/800-63-3-Implementation-Resources/63A/ial2remote/>. The institution must receive documentation directly from the entity confirming that the student's identity was verified under the NIST IAL2 standard and the date of the verification.

3) If an institution determines that an applicant is unable to appear in person, the applicant may:

a) Provide the institution with a copy of an acceptable identification presented to a notary and acknowledged in a signed notary statement; or

b) Appear on a video call with institutional personnel and present the acceptable identification to an institutionally authorized individual. The video call option will require the institution to maintain a copy (electronic or hardcopy) of the identification documentation that includes the date it was presented and the name of the authorized representative that reviewed and approved the documentation. This can be accomplished through a screenshot of the video call that has legible details of the acceptable identification.

4) For a confined or incarcerated individual (as defined in 34 CFR 600.2) enrolled in an eligible prison education program (see 34 CFR Subpart P), the Department will consider their identity to be verified if the individual's identity was verified by an authorized official at the correctional facility where the individual is confined or incarcerated. An institution must retain as documentation a copy of the acceptable identification or paper confirmation (if it is prohibited to make a copy of the individual's identification) that includes --

a) The date the identification was presented or the date the verification took place,

b) The name of the correctional facility official who confirmed the confined or incarcerated individual's identity; and

c) The name of the institutionally authorized individual who performed the verification.

<sup>1</sup>This footnote is applicable whenever an income tax return, the related schedules, or transcript is mentioned in the above chart.

The copy of the 2024 income tax return must include the signature of the tax filer, or one of the filers of a joint income tax return, or the signed, stamped, typed, or printed name and address of the preparer of the income tax return and the preparer's Social Security number, Employer Identification Number, or Preparer Tax Identification Number.

For a tax filer who filed an income tax return other than an IRS form, such as a foreign or Puerto Rican tax form, the institution must use the income information (converted to U.S. dollars) from the lines of that form that correspond most closely to the income information reported on a U.S. income tax return.

An individual who did not retain a copy of his or her 2024 tax account information, and for whom that information cannot be located by the IRS or other relevant tax authority, must submit to the institution—

- a. Copies of all IRS Form W-2s for each source of 2024 employment income or equivalent documents; or
- b. If the individual is self-employed or filed an income tax return with a government of a U.S. territory or commonwealth or a foreign government, a signed statement certifying the amount of AGI and income taxes paid for tax year 2024; and
- c. Documentation from relevant tax authorities other than the IRS that indicates the individual's 2024 tax account information cannot be located; and
- d. A signed statement that indicates that the individual did not retain a copy of his or her 2024 tax account information.

<sup>2</sup>An individual who is required to submit an IRS Form W-2 or an equivalent document but did not maintain a copy should request a duplicate from the employer who issued the original or from the government agency that issued the equivalent document. If the individual is unable to obtain a duplicate W-2 or an equivalent document in a timely manner, the institution may permit that individual to provide a signed statement, in accordance with 34 CFR 668.57(a)(6), that includes--

- a) The amount of income earned from work;
- b) The source of that income; and
- c) The reason why the IRS Form W-2, or an equivalent document, is not available in a timely manner.

<sup>3</sup>For an individual who was called up for active duty or for qualifying National Guard duty during a war or other military operation or national emergency, an institution must accept a statement from the individual certifying that he or she has not filed an income tax return or a request for a filing extension because of that service.

<sup>4</sup>If an individual is unable to obtain verification of non-filing from a relevant tax authority and, based upon the institution's determination, it has no reason to question the student's or family's good-faith effort to obtain the required documentation, the institution may accept a signed statement certifying that the individual attempted to obtain the verification of non-filing from the relevant tax authority and was unable to obtain the required documentation.

<sup>5</sup>An unexpired valid government-issued photo identification is one issued by the U.S. government, any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, a federally recognized American Indian and Alaska Native Tribe, American Samoa, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau.

The individual FAFSA items that an applicant must verify are based upon the Verification Tracking Group to which the applicant is assigned as outlined in the following chart.
