AGENCY: Office of Refugee Resettlement, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for Public Comments.

SUMMARY: The Office of Refugee Resettlement (ORR), Administration for Children and Families (ACF), U.S. Department of Health and Human Services, seeks Office of Management and Budget (OMB) approval for a 3-year extension to the existing data collection for the ORR-6 Performance Report forms (OMB #0970-0036, expiration December 31, 2025) with minor changes to the instructions. The minor proposed changes remove parts of the instructions that are no longer relevant due to expired program funding and clarify existing instructions.

SUPPLEMENTARY INFORMATION:

Description: The ORR-6 is designed to satisfy the statutory requirements of the Immigration and Nationality Act (INA). Specifically, section 412(a)(7) of INA (8 U.S.C. 1522(a)(7)) requires that the Director monitor refugee resettlement assistance, including collecting data on the services provided and the results achieved. Data elements include output data that measure services provided by programs for school-aged youth, elderly populations, and for overall health promotion. The data collected will inform evidence-based policymaking and program design. The ORR-6 is an OMB-approved form under PRA. ORR proposes to extend OMB approval for the ORR-6 with minor changes to the instructions. ORR staff and ORR funding recipients will benefit from accurate and clear instructions that support current reporting requirements. ACF estimates the proposed changes will not increase response burden.

Respondents: States, Replacement Designees, and the District of Columbia.
