Title: Recording of Aircraft Conveyances and Security Documents

Form Numbers: AC Form 8050-98 and AC Form 8050-41

Type of Review: Revision and Renewal of an information collection

Background: The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 24, 2025 (90 FR 26898). Title 49 U. S. C. §44107 provides for establishing and maintaining a system for the recording of security conveyances affecting an interest in U.S. civil aircraft and eligible engines, propellers, and spare parts, and for recording releases of those conveyances. Title 14 of the Code of Federal Regulations, Part 49 establishes procedures for the implementation of 49 U. S. C. §44107. Part 49 describes the information that must be contained in a recordable conveyance. Part 49 also describes the information that must be included in a release, cancellation, discharge or satisfaction of a conveyance.

A security holder submits a security conveyance against aircraft and eligible engines, propellers, and/or spare parts to the Registry for recording. The Registry provides an optional form, AC Form 8050-98, for security holders to use to record their security interest. The security holder may use their own form provided it meets recording requirements. Once the Registry records a security conveyance it sends an AC Form 8050-41, Notice of Recordation – Aircraft Security Conveyance, to the security holder. When the security conveyance is ready for release, the lienholder completes Part II – Release at the bottom of the form and returns it to the Registry as official notification that the debt has been satisfied. The security holder may also use their own form to release the security conveyance.

The AC Form 8050-98, Security Agreement, was moved from OMB collection 2120-0042 – Aircraft Registration since it is not a form required for aircraft registration.

Respondents: 25,216 security conveyances and 18,252 release notifications were filed in FY2024

Frequency: On occasion.

Estimated Average Burden per Response: 45 minutes and 15 minutes

Estimated Total Annual Burden: 23,475 hours
