Dated: December 9, 2025.

**Stephanie J. Bost,**

*Alternate OSD Federal Register Liaison Officer,*

*Department of Defense.*

**DEFENSE SECURITY COOPERATION AGENCY**  
2800 Defense Pentagon  
Washington, DC 20301-2800

OCT 11 2024

The Honorable Mike Johnson  
Speaker of the House  
U.S. House of Representatives  
H-209, The Capitol  
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 20-62 concerning the Army's proposed Letter(s) of Offer and Acceptance to the Kingdom of Saudi Arabia for defense articles and services estimated to cost \$655 million. We will issue a news release to notify the public of this proposed sale upon delivery of this letter to your office.

Sincerely,

A handwritten signature in black ink, appearing to read "M.F. Miller", is positioned above the typed name.

Michael F. Miller  
Director

(viii) Date Report Delivered to Congress: **October 11, 2024**

\* as defined in Section 47(6) of the Arms Export Control Act.

## POLICY JUSTIFICATION

### Kingdom of Saudi Arabia – AGM-114R3 Hellfire II Missiles

The Kingdom of Saudi Arabia has requested to buy Two Thousand Five Hundred Three (2,503) AGM-114R3 Hellfire II missiles (3 for lot acceptance testing). Also included are support and test equipment; integration and test support; spare and repair parts; software delivery and support; publications and technical documentation; personnel training and training equipment; U.S. Government and contractor engineering, technical and logistics support services; storage; and other related elements of logistical and program support. The total estimated cost is \$655 million.

This proposed sale will support the foreign policy and national security of the U.S. by helping to improve the security of a friendly country that continues to be an important force for political and economic progress in the Middle East.

The proposed sale will improve Saudi Arabia's capability to meet current and future threats and improve interoperability with systems operated by U.S. Forces and other Gulf countries. Saudi Arabia's continued investment in its defensive capabilities is crucial to protecting its borders, energy infrastructure, and its residents. Saudi Arabia will have no difficulty absorbing these missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be The Lockheed Martin Corporation, Troy, AL. The purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Saudi Arabia. The only additional U.S. military support required would be Technical Assistance Field Team (TAFT) visits during training phases.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Notice of Proposed Issuance of Letter of Offer  
Pursuant to Section 36(b)(1)  
of the Arms Export Control Act

Annex  
Item No. vii

(vii) Sensitivity of Technology:

1. The AGM-114R3 Hellfire II missile is a precision strike, Semi-Active Laser (SAL)-guided missile and is the principal air-to-ground weapon for the Army. The AGM-114R3 Hellfire II missile provides the warfighter with an air-to-ground, point-target precision strike capability to defeat advanced armor and an array of traditional and nontraditional targets.
2. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.
3. If a technologically advanced adversary were to obtain knowledge of the hardware and software elements, the information could be used to develop countermeasures or equivalent systems which might reduce system effectiveness or be used in the development of a system with similar or advanced capabilities.
4. A determination has been made that the Government of Saudi Arabia can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.
5. All defense articles and services listed in this transmittal are authorized for release and export to the Kingdom of Saudi Arabia.
