Abstract of information available

Human remains representing, at least, one individual have been identified. No associated funerary objects are present. The individual was removed from Hughes County, South Dakota, in 1940 by an unknown individual. Traditional knowledge and archaeologists have both acknowledged a long occupation by the Mandan, Hidatsa, and Arikara Nation (Three Affiliated

Tribes) in this geographic location. There is no known presence of any potentially hazardous substances.

Cultural affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains described in this notice.

Determinations

The University of Wisconsin-Madison Department of Anthropology has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- There is a connection between the human remains described in this notice and the Three Affiliated Tribes of the Fort Berthold Reservation, North Dakota.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the authorized representative identified in this notice under ADDRESSES. Requests for repatriation may be submitted by:

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains described in this notice to a requestor may occur on or after [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE **FEDERAL REGISTER**]. If competing requests for repatriation are received, the University of Wisconsin-Madison Department of Anthropology must determine the most appropriate requestor prior to repatriation.
