SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, FDA has submitted the following proposed collection of information to OMB for review and clearance.

This information collection supports FDA regulations. Section 522 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360l) authorizes FDA to require a manufacturer to conduct postmarket surveillance (PS) of any device that meets the criteria set forth in the statute. The PS regulation establishes procedures that FDA uses to approve and disapprove PS plans. The regulation provides instructions to manufacturers, so they know what information is required in a PS plan submission. FDA reviews PS plan submissions in accordance with 21 CFR 822.15 through 822.19 of the regulation, which describe the grounds for approving or disapproving a PS plan. In addition, the PS regulation provides instructions to manufacturers to submit interim and final reports in accordance with 21 CFR 822.38. To assist respondents with understanding the applicable statutory and regulatory requirements, we also developed the interpretive agency guidance entitled, “Postmarket Surveillance Under Section 522 of the Federal Food, Drug, and Cosmetic Act” (October 2022) (available at <https://www.fda.gov/regulatory-information/search-fda-guidance-documents/postmarket-surveillance-under-section-522-federal-food-drug-and-cosmetic-act>). Respondents to this collection of information are those manufacturers that require PS of their products.

In the Federal Register of June 6, 2025 (90 FR 25318) FDA published a 60-day notice requesting public comment on the proposed collection of information. No comments were received.

FDA estimates the burden of this collection of information as follows:

Table 1.--Estimated Annual Reporting Burden¹

21 CFR Part/Activity	No. of Respondents	No. of Responses per Respondent	Total Annual Responses	Average Burden per Response	Total Hours
§§ 822.9 and 822.10; PS submission	3	1	3	120	360
§ 822.21; Changes to PS plan after approval	8	1	8	40	320
§ 822.28; Changes to PS plan for a device that is no longer marketed	1	1	1	8	8
§ 822.29; Waiver	1	1	1	40	40

Table 1.--Estimated Annual Reporting Burden¹

§ 822.30; Exemption request	1	1	1	40	40
§ 822.38; Periodic reports	35	3	105	40	4,200
Total					4,968

¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

Table 2.--Estimated Annual Recordkeeping Burden¹

21 CFR Part/Activity	No. of Recordkeepers	No. of Records per Recordkeeper	Total Annual Records	Average Burden per Recordkeeping	Total Hours
§ 822.31; Manufacturer records	3	1	3	20	60
§ 822.32; Investigator records	9	1	9	5	45
Total					105

¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

Our estimated burden for the information collection reflects an increase of 1,890 total burden hours and a corresponding increase 45 total annual responses. This increase is based on internal FDA tracking data. The number of respondents varies annually, subject to the number of original plans, plan changes, and interim and final reports (which are dependent on enrollment progress for each study) received by FDA.

Brian Fahey,

Associate Commissioner for Legislation.
